Dillon Man Pens Novel

R.J. (Rob) Harrison has written his first novel, "A Shooting in Bannack: An Eavesdropper Story." Harrison, a 1964 graduate of BCHS has always been a lover of words and history. He graduated from MSU in 1969 with a degree in architecture, putting his creative writing career on hold. Recently retired, he and his wife, Cynthia find themselves reacquainting themselves with Rob's beloved Pioneer Mountains. Growing up in Dillon he surrounded by the cattle ranch culture which gave him a lazy country voice and friendly skepticism.

"A Shooting in Bannack" is a history mystery with dash of the paranormal and a healthy helping of sexy romance. He deftly weaves local Vigilante history into a contemporary story. The story of a couple embarking on the next part of their journey together as they navigate a move and adjust to life after retirement. As they deal with the newness of their situation they are faced with old reservations and uncertainty of how they fit together in this stage of living. There is history and mystery and romance. Mixed in with confusion and treasure hunting and modern day violence with the violent ghosts of the past standing near by.

The telling of stories has always been part of mountain life, so it's natural the stories R.J. writes are imaginative, adventurous, romantic, humorous, mysterious and sometimes magical. This book begs to be read and can be purchased at Bannack State Park, Beaverhead County Museum and The Bookstore.

Try and Try Again

By: MJ

If at first you don't succeed, try and try again. Getting the blessing of the zoning board when a person is remodeling, improving or enhancing their property within the city limits of Dillon, has proven to be a difficult and time consuming task for many.

EXAMPLE: There was an application submitted for an extension of an existing fence. (1) The person that extended the fence was not aware of having to file for a permit. (2) The fence was extend because there was issues concerning the safety of a daughter. The committee rejected the fence on several counts. They did not try to work with the permittee to find a solution and it appeared that the safety of the child was not a concern of the committee. After rejecting the permit the committee told them they had the option of paying more money for another permit and plead their case in front of the Board of Adjustments. Some of the same members are on both boards. They do not have the money for another permit. Where does this leave them? Protecting their child or not, pay the fines that the committee wants to impose via the document, sell their house and move out of town...?

NOTE The intent of the zoning Ordinance is (1) to protect the public health, safety and general welfare of the residents of the City...

It appears to me the zoning committee views the zoning document as if it is set in stone, allows no give and take and no way to compromise or seek out solutions to problems. Question: Why do the good men and women waste their time attending meetings? The Director of Operations can read and follow the document.

PARKING: At the time many of the business buildings

were built in Dillon parking was done on the streets. Of course as time changed, population grows and more & more different size vehicles come to town it requires changes. It takes years of long term planning to accommodate the changes that are needed to move a community forward. Rome was not built in a day. There are always different circumstances, problems and challenges that come up to be resolved.

EXAMPLE: The restaurant on Atlantic Street located in the building that was known as the "Bull Pen" is having many problems with city regulations. Zoning board ruled the signs were out of compliance, does not have adequate parking, ingress and egress is dangerous, change of use without permit, and drive-through window is a foot ± out of compliance. **Question;** Will this owner be able to remedy all these problems thus getting the blessings of zoning board or will he have to go out of business?

We need committees to work with the people finding solutions that are in the best interest of the community. Let's not condemn those brave people who accept the challenges and risks it takes to establish a business, employ people, and make a living allowing them to have money to spend in the community.

QUESTION: Is there not a solution to solving some of these problems so people can move forward. Do we need to take a look at the document and ask the question; does this help the economy in Dillon or does it hurt the economy? Does this document require a hard look from the council (the group of people that make the final decisions)?

Strong People

#25 Montana Western Hits the Ground Running in Season Opener

Taking the field for the first time in 2016, # 25 Montana Western (1-0, 0-0) put in a dominating performance Saturday night in Miles City. Smothering defense and an unstoppable running game helped contribute to the 29-13 victory over Dickinson State University (0-1, 0-0).

The first half of the game was a feeling out process for both teams. DSU scored first with a Kaler Ray 27-yard touchdown pass to Jamion Lindsey late in the first quarter. Dalton Reid would miss the extra point, giving the Bluehawks a 6-0 lead.

The Dawgs got on the board halfway through the second quarter when Sam Rutherford (Great Falls, Mont./Centerville HS) capped off a 7 play drive that took 7:02 off the clock with a 4-yard rush. Seth Mason's (Hamilton, Mont./Hamilton HS) extra point gave UMW a 7-6 lead that they would not relinquish for the remainder of the game.

An explosion of offense in the second half helped pad the Bulldog lead. Two Rutherford rushing touchdowns increased the lead to 20-6. Austin Urlacher (Pasco, Wash./Chiawanna HS) found also found pay dirt, as his fourth quarter touchdown gave the Bulldogs a 26-6 lead.

Connor Greth (Minden, Nev./Douglas HS) would end the Montana Western scoring for the night with a 22-yard field goal attempt to put the score at 29-6. A late Karsten Mack Jr. rushing touchdown for DSU late in the fourth quarter put the score at its final total of 29-13. UMW ran 91 total plays for 463 yards, compared to DSU's 51 for 218.

Head Coach Ryan Nourse was excited about coming away with the W. "It's great to get the first one under our belt with a win. We're headed into week two ready to work on improving." Rutherford rushed for 169 yards to lead the Bulldogs backfield. With tonight's performance, he now holds the all-time rushing record at Montana Western. Urlacher added 71 yards, as Montana Western out rushed the Bluehawks 247-49.

JD Ferris (Dillon, Mont./Beaverhead County HS) went 18-35 passing on the night, good for 216 yards. Beau Brekke (Salmon, Idaho/Salmon HS) lead Bulldog receivers with 6 catches, totaling 67 yards. The Bluehawks Kaler Ray went 13-22, for a total of 124 yards and 1 interception. Austin Brown rushed for 70 yards on 5

attempts for DSU, with a long of 40 yards.

On the defensive side of the ball TJ Benson (Libby, Mont./Libby HS) led the Bulldogs with 8 total tackles. Dustin Pickens (Clancy, Mont./Helena HS) had 2 tackles for a loss, including a half sack. Dickinson's Rob Nalewaja lead all players with 16 total tackles, 1.5 for a loss.

Nourse recognized that there was room for improvement, but was overall satisfied with his team's performance. "Pleased with the win and the effort. I felt like we didn't execute as well as we could have in the Redzone." He continued by talking about the line performance of the Bulldogs. "Our defense stepped up and dominated the second half, along with the performance of the offensive line in the run game."

Special teams were highlighted by Devyn Christian's (Meridian, Idaho/Rocky Mountain HS) 37-yard punt return. Punter George Sherwood (Kalispell, Mont./Flathead HS) also had a solid night, registering 2 punts for 71 yards. DSU's Seth Moerkerke tallied 8 punts for 276 yards, including 2 within the 20-yard line.

The Dawgs will now head home for a week of practices before hitting the road again. They will take on the College of Idaho next Saturday, September 3, at 1pm. Full recap, as well as a live stream, can be found on umwbulldogs.com

ABOUT TOWN

Dillon's local downtown derelict (in-training) returned from
a weekend gathering in Livingston where he attended the reunion
gathering of the Park County High School Class of 1961. Of the
class of 137, 48 were in attendance and 34 have passed on.

Skip did a crowd rendition of the Memorial Tribute "Ancestor
Song" as the group formed a circle and held hands around the table
with the 1961 yearbook graduation photos of those passed on. These
reunions used to be every 10 years, but in 2011, on the 50th reunion,
it was decided to go to 5 years.

Now it is decided to go every 2 years.

EXTENT OF YELLOWSTONE PARASITE

Montana Fish, Wildlife and Parks has received results from
additional testing performed last week on fish samples collected
as part of the effort to better understand the distribution of the
parasite in the Yellowstone River and its tributaries.

From the upper Yellowstone, tests were performed on 30 trout
collected at spring creeks close to the area experiencing the highest
level of Whitefish mortality. Two Brown Trout from Nelson's
Spring Creek tested positive for the presence of the parasite,
while all other fish (13 Rainbow Trout and 15 Brown Trout) tested
negative. It is important to make clear that there was no evidence
of disease detected (presence was that of parasitic infection only)
at any of these locations and no mortality documented. All the
samples tested were healthy and alive when collected.

Tests were also performed on Whitefish samples collected
at the mouth of the Boulder River, at Holmgren Ranch Fishing
Access Site near Columbus, and at Laurel where 11 Whitefish
tested positive. FWP fish health specialists note that fewer dead
fish and less disease have been observed recently, but crews are
continuing to perform surveys.

FWP continues to evaluate these results and will keep the
public informed as to any decision related to reopening sections
of river to recreational uses.
