City Hall Committee 9/15/16

By: MJ

Present: Committee members, Straugh, Hand and Mass.
A productive meeting with extensive discussions was held.

Employee Salary increases and more competitive.
Tabled. Mayor explained that unless more money is generated for the city daily operations, services would probably have to be cut to raise salaries. Committee voiced a concern about creating more income thus making the money available for wage increases. Committee member Hand asked if there were any wages being paid city employees that was glaringly out of whack with other towns of comparable size. The mayor responded with a resounding NO for the majority of employees.

Discussions continued on using the enterprise funds for extra monies along with franchise fees. If an enterprise fund is used then the people may see an increase in their assessments. *Since I-105 (a tax freeze) went into effect, enterprise funds have become government's way of collecting more money.*

Future increases or decreases would be in the power of the council. **Question:** Is this an added tax done under cover such as hidden taxes on food items? **Example:** If the water enterprise accounts collected \$20.00 more from each user (1,750± customers) the city would collect \$35,000± a year.

Enterprise fund – what is it: An enterprise fund establishes a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods or services. The water & sewer fund in Dillon are enterprise funds operated by the city.

Franchise Fees: A franchise fee is a fee that a person pays to operate a franchise branch of a larger company and enjoy the profits therefrom. **Example** of business in Dillon that pays franchise fee is Bresnan. Bresnan uses the city streets and alleys for their business. Several other businesses were discussed as possibly being able to collect franchise fees from.

Library employees: Committee member Mass asked about library employees' salary. Mayor Klakken explained that the library receives \$96,000± a year from taxes. County gives library 45± dollars also. The library board has all power to spend the money the way they see fit. *Mayor went onto explain that of the 1.2 million tax dollars the city receives from taxes approximately \$700,000± goes into the police fund.*

Memorial Day Parade. Denied. City was asked to sponsor the parade. A discussion of pros and cons preceded and the committee determined that the city should not sponsor the parade.

Audio System for the council chambers: Tabled. Councilman Hand presented some ideas of possible audio systems. Hand is to continue looking into systems and prices

for a later discussion by the committee.

Organizations Using City Hall: Tabled. This was tabled until Mayor Klakken drafts an agreement that would make users responsible, accountable and a possible deposit or user's fee. There have been some instances where the restrooms have been left with urine spread around along with feces/excrement.

Building Code: Tabled for more information: Mr. Later and Mr. Hollifield (building inspector) made a presentation to committee on why they felt building codes were needed in Dillon. It was suggested that builder code fees could be a self-supporting entity by passing the charge onto the people. Hollifield suggested charging a 1 to 2 percent that would be based on the cost of house. Straugh thinks the city needs to look into the possibility of a building code but would like to get more information from appraisers... He would like to see figures on how many houses have been built in Dillon over the past year or two and what kind of income Dillon getting from them.

BOAT RAMP AT VARNEY BRIDGE FAS TO CLOSE TEMPORARILY

Montana Fish, Wildlife and Parks is alerting the public to the temporary closure of the boat ramp at Varney Bridge Fishing Access Site south of Ennis on the Madison River for construction. The closure will go into effect Wednesday, Sept. 21 and remain in place until about Oct. 12 when it is estimated the project will be completed.

The boat ramp at Varney Bridge FAS is being replaced because it is deteriorating, making it unsafe for use. The culvert at the site will also be replaced in this timeframe in order to increase drainage and prevent what has become frequent flooding of the site. The culvert replacement may impact parking for a day at the site.

It is necessary for the department to complete this project before a possible freeze in later months affecting the installation of the new concrete ramp.

FWP LIFTS RESTRICTIONS ON ANOTHER SECTION OF THE BIG HOLE

Effective immediately, Montana Fish, Wildlife and Parks is lifting the fishing closure on the Big Hole River from Montana Fish Wildlife and Parks' Maiden Rock Fishing Access Site to Notch Bottom Fishing Access Site.

With improved flows, this reach has met the criteria for reopening set by the Big Hole Watershed Drought Management Plan.

However, two reaches of the Big Hole remain closed to all fishing:

- Big Hole River from Saginaw Bridge on Skinner Meadows Road to the confluence of the North Fork Big Hole River and Big Hole River;
- Big Hole River from Notch Bottom FAS to confluence with the Beaverhead River.

Also in Region 3, the Yellowstone River remains under emergency closure from Pine Creek FAS to Emigrant FAS.
