Council Meeting Sept 21, 2016

By: MJ

Present: Mayor Councilpersons, Straugh, Hand Hodge, Nye Shafer, McIsaac, Mass and Garry.

Public in Attendance: Eight (8±) members of the public attended the meeting that were interested in the "Open Container" ruling. There was one (1±) hour discussing the ruling. The council listened carefully to what people had to say. They responded to public via questions to help them have a better understanding.

FACEBOOK: *Is facebook the social media or outlet for people to pray on other people's feelings? Is facebook a way of expressing personal fears and passions without making one on one eye contact and being held accountable for what they are posting?* Broadcasting information this way puts a burden on the backs of the people that are responsible and accountable for the final decisions that represents the majority.

There is always conflict with humans and it is hard to find the middle ground where all sides of issues are recognized. For this reason it is important that when you share information you share all the facts and not just your feelings. The: "Open Container" issues that was put out on face book, appeared to be lacking facts and full of personal emotions.

NOTE: It is the perception of many that when an item is on the council's agenda that is the first time it has ever been discussed. NOT TRUE. The issues starts out as a topic of discussion in a committee meeting and frequently remain on the committee's agenda for several meetings while the committee gathers information. The committee then makes a recommendation to the council. Depending on what the issues are there may be public hearings held. This all takes weeks and maybe months.

The best time for the public to participate with an issue that they feel strong about is at the committee level. The governing fathers welcome the public and want to hear from them. Last night's meeting demonstrated that the council and

other officials are willing to listen and participate.

Abolish the "Open Container" ruling: The council voted to repeal the "Open Container" ruling. Councilpersons Maas, Straugh and McIsaac voted "nay". Majority voted "I". This issue has been a hot topic and discussed by committees and others many times. People that are in the trenches of protecting people via laws, rules and regulations and in charge of enforcing the ruling brought their facts to the council.

Local Media Resources: The local media has been providing information for several months during the discussions and information gathering process on the open container ruling by the committee members. It appears public members may not be reading or listening to local media and getting all there information from facebook. Often face book does not give you the detailed information you would get from the local news prints and local radio. Good, bad or indifferent – you decide.

Public Discussion: Much of the public's discussion at the council meeting was about the effects of alcohol on the brain. One public member gave facts and quoted statute that dealt with alcohol use. Other concerns were about children, garbage, public calm and peace... Another member stated he has a home by a bar and also has land by the interstate. He said that he picks up far more McDonalds trash and pop cans then he ever has garbage from alcohol users.

Chief Craft assured the public that there are many state and federal laws in place that deal with alcohol use. He asked the public to please call the police when there is a disturbance in your neighborhood.

Ms. Duffy, the city cab owner ask if it would be possible to have a designated pick up zone for the taxi. She explained that the street closures made it difficult for her and her customers to connect.

Beavers football

The Dillon Beavers win again on the road against Hamilton 55 to 20.

Much of the game was a track meet especially the forth quarter.

The Beavers had their way in the first half and led 34-0 at the break.

The Dillon boys forced the clock to keep running in the third quarter twice. The bench came in for some time and Hamilton was able to come up with some offense of their own and made a couple touchdowns.

Quarterback Troy Andersen carried the ball a few times for 88 yards. He was 25 of 28 attempts passing for an good game. The Beavers offense ended with a total of 23 first downs.

Gabe Hupp caught nine passes for 92 yards and a couple scores and RJ Fitzgerald also had a couple scoring plays and 88 yards on the ground. Brent Tezack received another 99 yards for the Beavers. The team finished with 222 yards rushing and another 273 yards in the air.

The undefeated Beavers will meet the undefeated Columbia Falls Wild Cats on Friday night for what is always an exciting game.

The Beaverhead Trails Coalition

The Beaverhead Trails Coalition would like to invite the public to help us celebrate the closing of our next phase of land on the high trails. This next piece of land will connect the trails from the "M" to the "B". Our celebration will begin on Saturday, October 1 at 3 pm. We will meet for a hike at the trailhead. Then we will go to the Beaverhead Brewing Company at 5:30 for the celebration with music by Bill Dwyer and Dave Walker, food and fun. All are welcome."
