Sex Offender Registration Compliance

On 10/26/2016, the Beaverhead County Sheriff's Office, United States Marshal Service, Montana Department of Corrections and the Montana Department of Justice, conducted a multi-jurisdictional operation to insure that registered sex offenders located in Beaverhead County were in compliance with the law.

Offenders living in the Dillon, Grant and Lima communities were checked and their registration information verified. Offender's locations were physically checked and all were found to be in local compliance; with one being brought into compliance at the state level with an Address Verification Letter. In all, eleven registered offenders were checked.

The Beaverhead County Sheriff's Office is tasked with maintaining the registry of violent and sexual offenders that reside within the county.

The purpose of this operation was to insure the community remains safe by the proactive efforts of Law Enforcement.

You may also find more information about this subject online at the Montana Department of Justice website under the SVOR section.

Beaver Head Hunters Genealogical Society

The November meeting of the Beaver Head Hunters Genealogical Society will be Tuesday the 8th at 7:00 pm in the museum research room. This is election day, so remember to vote before you come. After the brief business meeting we will have two reports from the Montana State Genealogy Conference held in Missoula in September. These state conferences always have professional genealogists speak, so come hear some of the advice they give for researching our ancestors. Also, we will have a report on the Library of Dust. As always, the public is invited.

Paper Tigers.

The Beaverhead County ACE Task Force invites you to join us tonight, November 1 for the screening of a documentary entitled Paper Tigers. "Paper Tigers captures the pain, the danger, the beauty, and the hopes of struggling teens- and the teachers armed with new science and fresh approaches that are changing their lives for the better." This event is free of charge and will take place in the Lewis and Clark Room on Campus from 6:30pm-8:30pm. The event is geared toward educators but the community is welcome to attend.

Letter to the Editor

Next Sunday November 6th is that harebrained day. No not election that is Tuesday, the 8th. It is the day Daylight Saving time ends. I have no idea where it will go and after it gets where it is going what will happen. But I do know fooling with time causes lots of problems.

Hillary Clinton lost all her emails because of Daylight Saving Time. I know they are not lost just somewhere killing time until they are found.

It is why Donald Trump acts out of sorts all the time. He has"Time Fever" and "Time Lapse" He is in his own time zone all the time.

Daylight Saving Time is a plot to destroy civilization and it is working. Daylight Saving Time is a device to fool us, control us, confuse us and make us want to cry and swear.

Daylight Saving Time has to be connected to all of the political ads, because the political ads have the same effect.

Daylight Saving Time was invented by a man, no woman in her right mind would invent this silly scheme. The cuckoo clock was invented to honor the man who instigated Daylight Saving Time.

So don't worry on Monday November the 7th if you feel miserable, If you feel confused, if you feel like you have time craziness. You will and you do! Time will tell!

The Fairest Tax of All

In response to the University of Montana, Western student body president Delaney Hansen's call for returning Montana's public universities to public funding, I say, "Good call," Ms. Hansen. It's about time we make college education affordable again.

I suggest the Montana Associated Students (MAS) push for a state sales tax to pay for funding our public universities.

Montana is only one of five states that does not have a sales tax. A state sales tax is indeed the fairest tax of all. Some will label it regressive and claim it will hurt the poor.....Nonsense. In the past, a proposed sales tax had bipartisan support, and still does, notwithstanding, the anti-sales tax babble of the Bullocks and Gianfortes. The Montana Chamber of Commerce and many progressive Democrats with likeminded Republicans have endorsed a state sales tax to pay for this public commitment to higher education.

I say, "Go for it students!" A 4% sales tax with reasonable exemptions will more than cover half the cost of funding our public universities. It's the right thing to do. Just do it.

MIKE MOSOLF
Recipient of an affordable college education 1959-1964

Letter to the Editor

With Election 2016 only days away, I implore you to cast your ballot. Whether you are voting by mail or at the polls on election day, please exercise your most valuable, but basic right as an American.

All across Montana, mail in ballots are being returned at a slower pace than other election years, please don't be part of this reckless trend. If you haven't taken time to return your ballot, please take a minute and get it in today.

Even though I don't personally have a contested race this election, I can assure you that all candidates up and down the ballot will appreciate your efforts.

Please stand up and be counted, and if you're not registered to vote, you still have time. Complacency simply has no place in our Republic, and as I've said many times, the political process and our system of government only works when you get involved.

Thanks in advance for stepping up.

2016 Love in a shoe box!

It's time again to get the shoe boxes out and make a difference this year for a child! This is part of a national effort to help children across the country and around the world. Anyone can help: groups, individuals, families, schools, or churches.

All you need to do is:

1. Put together a shoe box to send to a child, or
2. Make a Donation – every donation helps. Shipping costs $7 per box. You can make checks payable to Samaritan's Purse/Shoe box and drop off at Mary's house or donate online and track your shoe box! Donations are tax deductible. For online donations go to: http://www.samaritanspurse.org/what-we-do/operation-christmas-child/ and click on "support."

If you would like to be part of this amazing program and have questions or would like more information, contact Mary Bearden. Mary will be delivering boxes to Bozeman November 13th, 2016. Last minute drop off ok.

Shoebox details: NOTHING liquid, NO chocolate, No was toys or guns. Simple rules, but please read....

3. Include $7 Donation: Please donate $7 or more for each shoebox you prepare to help cover shipping and other project costs. You can give online by using our "Follow Your Box Donation" option, or you can write a check to Samaritan's Purse (note "OCC" on memo line) and place it in an envelope on top of the gift items inside your box. If you or your family are preparing more than one shoebox, please make one combined donation. Maybe you just want to donate. Checks should be made out to "Samaritan's Purse/shoe box." You can drop your check off to Mary or donate online.
4. Drop Off: Place a rubber band around the box. If you are in the Dillon area, you can drop it off to Mary or give them a call to make arrangements for pick up. Mary's home address is 526 N. Walnut (on the way to Safeway!). Let's work together to brighten a child's life!

An Investment We Need in Montana's Future:

Lawmakers Should Pitch in Half the Cost for Montana's Public Universities

This legislative session, let's make a commitment to the future of Montana families and students by committing enough public funding to cover at least *half* the cost of public universities in Montana. Our state currently pitches in about 39% of the cost of education for the Montana University System (MUS), an amount that pales in comparison to the national average of 54% that states across the country contribute to public higher education. Now more than ever, we need representatives and the Montana Legislature as a whole, to step up our investment in higher education and return Montana's public universities to primarily-public funding.

While the Montana Legislature made huge strides lifting our state share of funding for higher ed from its low in 2012, there is much more progress to be made. Declining to fund even half the cost of our public colleges and universities is a disservice to Montana students and families, who are left with a choice of higher tuition & fees or lower quality, a disservice to our public institutions that are forced to focus on enrollment over excellence, and a disservice to the very prospect of long-term economic prosperity in our state. A study by the MT Bureau of Business and Economic Research found every state dollar spent on higher education has a direct economic impact of three dollars generated in state tax revenue. Money invested in our University System is an investment in both the short and long-term success of our state. Now is the time to make a clear and strong investment in our state's future with the state investment it takes to keep public education public.

Over 75% of students in our University System are Montana residents, and over 80% will be living and working in Montana within a year of graduation. Young Montanans considering college should never face a set of in-state options that are stymied by our state's commitment, and the future of Montana's workforce needs more. As Montanans who returned to our state's universities during the Great Recession return to the workforce retrained and re-equipped, the Montana University System has been forced to grapple with what and where to cut. When Montana's Universities can only count on 39% of funding from the state, any swing in enrollment has an outsized impact on our University System across the board and leaves our public colleges and universities unjustifiably vulnerable to inevitable swings in enrollment.

The University of Montana Western is currently experiencing a time of drastic growth. In order to maximize our university's potential, we must maintain our students' expectations as well as attract and retain qualified faculty. Unmet student concerns of safety and accessibility are immensely important, yet resolvable with more state funding. Our legislators have done a lot in the last two legislative sessions to lift our state's share in public universities back up from a painfully low 32% in 2012. This work to bring public education back from the brink is important and appreciated, but it isn't complete. Our state's students need the sort of stability that only the public commitment of years past can provide. In a year with low revenues, it's more important than ever that our state prioritizes the sort of smart, long-term investments in areas like public higher ed that expand opportunity and strengthen our economy. We implore our legislators to help bring back a state commitment that ensures the quality of higher ed in Montana and keeps our universities affordable enough for the average Montanan.

In 2000, the state of Montana funded 49% of the cost of our University System. In 1992, 72%. Today, restoring our state share to at least *half* the cost of higher ed sends a strong, much-needed message about what it means to be a *public* University, about our commitment to tomorrow's students, and about our commitment to investments that are proven to work. With revenues down, the question of adequately funding higher ed in Montana is a question not just of commitment, but of priorities. We know that the current state contribution to public universities is woefully below the national average, that a dollar toward higher ed equals three dollars toward Montana's economy, and that failing to invest elevates enrollment at the cost of quality. We know that we can do better, and we call upon our local legislators to push for public funding for public universities this spring with a commitment to fund at least 50% of the Montana University System's budget when it comes up in House Bill 2 and the General Fund Appropriations Act.
