Zoning Hearing - Mr. Terry Clark

By: MJ

Mr. Clark lives at 502 So Idaho Street and is seeking a
permit to have a small home based business at his residence.
Mr. Clark introduced himself as a veteran, married with
five children and was seeking to start a small business.
He explained to the zoning committee and present public
members that he would be assembling hydraulic hoses by
crimping/pressing metal attachments to the ends of the hoses.
There would be no impact from traffic to the neighborhood.
The traffic would be generated via UPS, delivery truck out
of Billings and sometimes people dropping off merchandise.
Mr. Clark explained that he is working toward having a store
front in another commercial location later on.

Committeeman Mooney asked Clark how many times a
UPS truck would be stopping at his house. *Mr. Clark explained
that only when supplies were being dropped.*

Committeeman asked Mr. Clark about the hours and how
many days a week he would be operating business. *Mr. Clark
explained he was attending school in Butte five days a week
however his wife is home and would be accepting merchandise
dropped off or picked up. Note: This business is a specialized
business and deals with specific people that would make
arrangements ahead of time for Mr. Clark's service.*

Chairman McIsaac noted he had received both proponent
and opponent letters.

Public Questions at the hearing:

1 How much noise would be generated by the business?
*Clark's Reply: a table saw would make more noise than
the crimping machine he uses.*

2 A member of public stated that the neighborhood was
a historical neighborhood and people did not want to see
the characteristics changed. She went onto say that what

Mr. Clark was doing would change the characteristics. Storage of materials outside the buildings would be offensive. She noted a tractor on the property that was not in character with the neighborhood. Several others in the audience concurred with this statement. *Mr. Clark replied: There would be no materials stored outside. The rocks people are seeing now are rocks he removed from a rock planter that was in his yard and they will be taken off property. The tractor will not be remaining at the residence. He has been using it to help with landscaping. He went onto say he worked at being a good neighbor and had made repairs to the alley making it easier for a neighbor to get in and out of her residence.*

3 Question by public member: *What modifications have you made to the floor and walls of the garage?* Mr. Clark indicated that he had done maintenance work that was needed for business purposes.

4 A member of public asked about the size of the pipe used. Mr. Clark reiterated and continued to explain in detail what the business involved and required. He explained he is only putting metal ends on the hoses and not manufacturing them

This neighborhood was strongly portrayed by public members at the hearing as a historic neighborhood. Yes, it is true there are many older historic homes representing years gone by, in the area. Fact: It has not been defined as a historical neighborhood by the city. There are always two side to every coin. I did not hear from anyone that they had been to Mr. Clark's operation and gathered first hand facts on just what he was doing.

NOTE: Small home based businesses started in a bedroom or garage are the way many businesses begin. **Example:** home computers, google, internet, e-bay, search engines, Amazon.com...

National Education Week

The week of November 14-18 is National Education Week. It is a time for all of us to recognize the invaluable work of our public educational system. We all know that education is the key to our future. A good public education is not only a right but a responsibility if we are to have informed productive citizens.

The stated purpose for National Education Week is to create: "An educational week ... observed in all communities annually for the purpose of informing the public of the accomplishments and needs of the public schools and to secure the cooperation and support of the public in meeting those needs."

The success of our public school system is a joint effort that is composed of teachers, staff, substitute teachers, para-educators, bus drivers, food service workers, maintenance staff and all other ESPs who meet the needs of the whole student. It is also our local legislators who work for and support school funding for public education. And it is parents, grandparents and other interested citizens who give of their time and money to help students have the best possible learning experience.

So during this week we all need to take a moment to remember and thank all these individuals for the role they play in helping to educate our future. I urge you to visit your local schools this week and observe firsthand our public school system at work. I am sure you will agree that our future looks bright.

Nelson Mandela said: "Education is the most powerful weapon which you can use to change the world". Our public schools are that change agent. Support them because your future depends on them.

Hunter Thomson Carries Bulldogs Past Rocky Mountain College

Junior running back Hunter Thomsen (Great Falls, Mont.) sparked Montana Western's offense, running for 196 yards on 28 carries and four touchdowns in a 26-10 victory over the Batlin' Bears of Rocky Mountain College.

The Bulldogs (7-4, 6-4) were carried to victory by Hunter Thomsen's 196 yards and four rushing touchdowns. After being held scoreless in the first half the Bulldogs woke up and jumped on Thomson's back. Thomson carried the ball 28 times for 7.0 yards per carry average. He had touchdown runs of 12, four, one, and 49 yards.

Trailing three nothing at half the Bulldogs put together a seven play 42 yard drive culminating in Thomson 12 yard touchdown. The ensuing kickoff was returned 95 yards for a touchdown by Sam Sparks after a penalty flag was waived off.

The Bulldogs defense played an amazing game hold Rocky Mountain College to only 125 total yards of offense and limiting the Bear rushing attack to only 29 yards. Senior linebacker TJ Benson (Libby, Mont.) had seven tackles and a forced fumble, junior linebacker Michael Bennett (Seattle, Wash.) had seven tackles, and freshman linebacker Jason Ferris (Dillon, Mont.) had five tackles and a fumble recovery.

The Bulldogs end their season on a three game winning streak and finish third in the Frontier Conference.

Animal Shelter News

Some times "change" is a good thing. The Animal Shelter
Thrift Store has been advertising that they will be open/set up for
Christmas beginning Tuesday, November 15. Those who frequent
the Thrift Store have appreciated the "bag day" event so it has
been decided that "bag day" will be extended one more week,
through Saturday, November 19. Everything you can fit into one
(provided) bag - \$3. Some items have been excluded. After the
19th, the volunteers will start to stock the shelves with Christmas
items. The residents of Dillon and Beaverhead County have been
so generous with their donations, that there are LOTS of Christmas
and non-Christmas items available at the Store.

Also, on Saturday, November 19, the ladies known as the
Beaverhead Animal Shelter (BAS) Kennel Club will have a table
of their wonderful hand crafted quilts, table runners, pot holders,
children's tote bags, etc, on sale at the Holiday Bazaar at the White
PowerSports building, 9-3. They will have both Christmas and
non-Christmas items for sale.
