Hazel McGraw

Hazel McGraw 90 passed November 23,2016 at Barrett Hospital surrounded by family.

Hazel was born June 6,1926 to Howard and Verna Dubois in Windham.

The family later relocated to Missoula.

Hazel also spent several years in Alaska, which she simply adored and spoke of frequently throughout the years.

Upon finally settling in Missoula she went to work for St. Pats Hospital where she later retired from.

Sometime after her retirement she Joined her sister, niece and great nieces in Dillon.

Aunt Hazel was a private person that many who met her saw her as prim, proper and poised, and she was however there was a side of her that her family knew, the fun loving Aunty that loved the out doors, her flowers, Fishing and camping.

Many giggling games of cards with her family. Wonderfully warm Holiday dinners and an all around loving and generous person.

Hazel is survived by her Great nieces Jamie, Kristen, Heather and Jarrah as well as her great nephews Jay and Moises.

She was preceded in death by her sister, Thelma Garrett, Niece Gail Garrett, Niece Glenna Garrett.

Per Hazel's request and the fact that she was a fairly private person who wanted "no fuss made on her behalf" there will be no services.

Hazel will be laid to rest at Sunset Memorial Cemetery In Missoula with her parents, Sister, and Great Great Nieces.

Instead of cards or flowers the family requests that you make a donation in honor of Hazel's generous spirit to your Local Church, ASPCA, or Cancer Society.

Aunty Hazel you will be forever missed but Greatly Loved.

Montana Western hosts annual holiday celebration dinner

Montana Joins Lawsuit Challenging Federal Methane Rule

Montana Attorney General Tim Fox joined Wyoming Attorney General Peter Michael in filing a lawsuit in federal court Friday, challenging a newly finalized rule by the U.S. Bureau of Land Management that creates duplicative regulation of methane gas venting and flaring on federal land.

The rule, titled the "Methane Waste Prevention Rule," is promulgated under the Federal Land Policy & Management Act (FLPMA), the Federal Oil & Gas Royalty Management Act (FOGRMA) & the Mineral Leasing Act (MLA),& attempts to classify flared, vented & leaked methane gas produced from oil & natural gas extraction as a "waste" product, regulated by BLM.

"The bottom line is, BLM has exceeded its legal authority with this rule, and is yet another example of the Obama administration pushing the envelope to see how much they can get away with before leaving office," said Attorney General Tim Fox. "Even if BLM had the authority to adopt this rule, it would have negligible environmental benefit, as it does little more than duplicate existing state standards for methane venting and flaring, while adding additional cost to industry by creating even more compliance requirements."

The states are requesting that the court declare the rule to be legally invalid, & to enjoin its application to oil & gas operations.

Here's the Dillon Middle School news for the week of December 5th through the 9th.

The lunch menu for the week is as follows: On Monday we will enjoy a corn dog served with mac and cheese. On Tuesday a ham and cheese sandwich will be served with trimmings, and on Wednesday, we will have a chicken patty on a school made bun. Thursday, we will enjoy pizza with a cheesy pinwheel served with sauce.

There will be no school this Friday, December 9th. School will resume Monday, December 12th. Parents, midterms are coming home this Thursday, December 8th with your child. If you have any questions, please feel free to contact the Middle School office.

This week, girls' cross training will be kick boxing. Both seventh and eighth grade will be together on Tuesday and Thursday. There will be no cross training Monday nor Friday.

Last week, boys' basketball hosted Butte East. 7B pulled off a win, while 7A narrowly lost. For the 8th grade teams, the 8A pulled off a substantial win, while the B team narrowly lost. What an exciting night of basketball.

Boys' basketball will finish up their season this week. The teams will travel to Butte East tomorrow, Tuesday, December 6th. The bus leaves at 2:00 pm. 7B plays at 3:30, 7A at 4:30, 8B at 5:30 and 8A at 6:30. Then, on Thursday, December 8th, the A teams will host Butte Central in the new gym. 7A will play at 4:00 pm, followed by 8A at 5:00 pm.

Ladies, it's not too early to begin thinking about your basketball season. Practice will start Tuesday, January 3rd, which is our first day back to school after our Christmas vacation. If you are interested in playing, please make sure you have your physicals, concussion packet read and signed, and parent permission form signed and turned in. Remember that you need a new permission form for each sport that you participate in.

The Middle School food drive is in its second week. Last week, the class who brought the most food in per person got to play dodgeball. And today, Monday, the class that brought the most units of food per student last Friday, will get to enjoy donuts today during 8th period.

This week, the class that brings the most food on Wednesday will get to enjoy a popcorn party on Thursday. Don't miss out on this opportunity to help others in our community.

Emergency restrictions approved in effort to contain invasive mussel spread

The Montana Mussel Response team today announced immediate temporary emergency restrictions on the launch or removal of all boats, docks, and other structures for Tiber and Canyon Ferry reservoirs.

Matt Wolcott, Incident Commander for the State's Mussel Incident Response Team, said the restrictions are necessary to prevent the potential spread of invasive aquatic mussels from the two reservoirs to other uncontaminated water bodies in Montana and elsewhere.

The restrictions were approved this afternoon by the directors of the Montana Department of Natural Resources and Conservation (DNRC) and Montana Department of Fish, Wildlife & Parks (FWP).

"This closure prohibits the launch or removal of any boat, dock, or other structure that could potentially transport mussels," said Wolcott. "The closure will remain in effect until ice-up on the reservoirs."

Wolcott said the Response Team, which includes officials from DNRC and FWP, will reassess whether to extend the closure following ice breakup in spring.

The larvae of aquatic invasive mussels were confirmed last month in water samples from Tiber Reservoir. Ongoing sampling and testing found "suspect" samples from Canyon Ferry Reservoir, the Milk River downstream of Nelson Reservoir, and the Missouri River upstream from Townsend. Wolcott said additional samples from those water bodies are being expedited and analyzed to provide definitive results. Water samples from more than 200 water bodies in Montana are currently being analyzed.

Governor Steve Bullock on Monday signed an executive order declaring a statewide natural resource emergency for all Montana waters due to the discovery of invasive mussels. The DNRC, FWP, and Montana Invasive Species Advisory Council have formed a rapid response effort, including a unified Mussel Incident Response Team and a Joint Information Center.
