Kay Skradski (Hanninen)

Kay left us unexpectedly on Wednesday, January 25, 2017. We all believe that she was ready to join our Dad, Mike, in heaven. Our parents were married for 48 years and they were always an inspiration to us that "true love" exists in this day and age. Their relationship gave us a goal to try and achieve in our personal lives, to aspire to have a partner that we could be with for the rest of our lives. "Love is patient, Love is kind" truly represents our Mom.

Kay was born in Ely, Minnesota on October 12, 1947 to Mildred and Wilbur Hanninen. Kay was the oldest of three girls, the "big sister" to Linda Lesar and Sandy Okstad. Their family was 100% Finnish, growing up they lived a life that embodied the Finnish traditions: the culture, food, and language of their ancestry. This was very important to her and her family and carried over to future generations.

Kay went to school in Ely, Minnesota, and met our father while working at the local movie theater where they fell in love and eventually got married on July 15, 1967. Kay and Mike had three children; Jodi, Shana and Jamie and raised them first in Silver Bay, Minnesota and later then moved to Dillon, Montana. Raising children was their whole world and Kay was the quintessential Mom who always had fresh baked cookies waiting for her kids after school. She made sure we had a tasty meal for supper and we spent every night eating together as a family, because that was very important to her. We all remember different activities she enjoyed during our childhood. Cheering at our baseball, softball and basketball games, cross country skiing, sewing beautiful quilts, finding agates and picking blueberries on Lake Superior, and spending time at the cabin on Burntside Lake. She was a great cook, and she loved trying new recipes. Her cooking and baking led her to a job at Western Montana College as a baker. It was a hard job, but she loved it and all the people who worked there. After Kay retired, she was faced with the challenge of taking care of her husband with Parkinson's disease. She was our father's tireless caregiver for many years. This is an accomplishment that is very admirable because it was not easy. No matter how hard things were, she never complained, as years went by it became more and more difficult. Her only shortfall was never asking for help. She was a strong, tough, selfless, giving person to him and everyone else in her world.

Kay was the glue that held our family together through great times as well as all the struggles. She loved all her

grandchildren unconditionally. She enjoyed going to her grandchildren's special events in their lives whether it was sporting events, school programs, music recitals, and of course all the holidays and birthdays. She started the tradition of gingerbread cookies for Christmas and she baked us all cookies on the day she left us.

Our mother welcomed everyone into her home no matter where she lived, she made it "Home", the comforting feeling you get when you are in the presence of loved ones.

Kay is preceded in death by her parents and her husband, Michael Joseph Skradski.

She is survived by her children, Jodi Skradski Decker (Robert Decker), Shana Skradski (Andreas Scherer), and James Skradski (Wendy Allen). Her sisters, Linda Lesar and Sandra Okstad and many Hanninen relatives. Finally eight very special grandchildren: Justin, Jaymee, Nathan, Nariah, Quinton, Maya, Damon and Jaxton.

In lieu of flowers, the family requests donations to Barrett Home Health and Hospice, Dillon Little League, or The Michael J. Fox Foundation for Parkinson's Research. Thank you to all the caregivers involved in taking care of our mother.

There will be a graveside service on Saturday, February 4th at 11 in the morning at the Dillon Cemetery with a reception to follow at the Buffalo for anyone that would like to attend. Please contact Jodi Skradski at 660-0488 for any questions.

Legislative Update
Monday, January 30, 2017

Rep. Tom Welch House District 72

Greetings from the State Capital in Helena, Montana as we begin Legislative Day 21 of the 65th Montana Legislative session. The pace of activities has quickened with the Legislature now in full swing and Bills coming out faster and faster. A number of Bills have been heard with 100's more headed for Committee hearings. It is truly a citizen's Legislature as not only have I have received phone calls and emails from many of you but I have also spoken with a number of area residents who have come to Helena and attended various Hearings to let their views be known. Do not hesitate to let me know when you are going to be around the Legislature as I would be happy to meet with you should it work out.

Revenue or lack thereof continues to dominate the session as we work to prioritize Montana's needs and realistically fund them. We work to strengthen jobs and the economy, protect individual rights and freedoms, support essential infrastructure projects, put students and parents first, safeguard healthcare options, and guard Montana's outdoor heritage.

Committees I sit on heard Bills in recent days on the reporting of elder abuse, treatment plans for those dealing with mental illness, the paddlefish, block management fees, plans for an angel investor/venture capitalist capital tax credit, authorizing Anesthetists Assistants, and an effort to offer a tax exemption to certain Veteran organization used or leased properties just to mention a few..

Two of the many issues impacting southwest Montana on which you will be hearing much more about as the session moves forward are the funding for the long approved Veteran's Home in Butte and plans to pro-actively address the invasive species situation.

Do not forget that you can contact me or any other Legislator at any time by visiting leg.mt.gov or by calling 406-444-4800. Again, I am honored to serve you and welcome your continued input.

Thanks and I will try to provide another update next week.

Rep. Tom Welch

Letter to the Editor

MIX OF RESIDENTIAL AND BUSINESS ZONES

The City of Dillon has presently shifted residential zones into a mix of residential and business through accessory building usage. Not many years ago, the city disallowed changing garages into dwellings. Hopefully we can be alert to avoid overflow and other problems when instituting this new zoning action, or entirely reconsider accessory usage. The City has configured a way to sanction business in all residential zones, but residents have had little input in this action. Neighbors are to be stuck with a business in a next door garage sanctioned by the City, but they had initially bought and maintained their home in a supposed residential zone. There are only partial conditions and no conditional time limits, planned surveillance or enforcements presently in place regarding this accessory building usage. This is especially troublesome in combination with a traditional city-wide lack of enforcement. The accessory building home business zoning policies will be insurmountable and ongoing.

This appears to be a new burden that you, the residents, are now in a position of having another issue to deal with that you didn't want or ask for, and that you have no comfort that your City government will consider your concerns regarding zoning protection and predictability. The bottom line for you is whether you are now in a residential or a mixed neighborhood. Neighbors may find themselves in an awkward position of reporting their neighbors in order to maintain acceptable neighborhood atmosphere and the City cannot or will not respond.

The already existing residential home businesses avoid breakdown of residential and prideful neighborhoods because they are in the dwelling and therefore out of sight. Interior home businesses are not of issue here. Home businesses in the home are an asset and easily enforceable and are not a problem for the visual impact of a residential neighborhood. A home business in a separate accessory is a whole different matter raising issues such as garages open to the street view and present issues around weak nuisance ordinances.

The disadvantages of this new zoning provision outweigh advantages at present. Are you to kiss your peaceful small town residential investment and living environment good-by or can you please help to clear up a precedent about to happen Wednesday Feb 1 at 6:30 regarding the 502 South Idaho St hydraulic hose manufacture hearing at City Hall.

Attorney General Fox Encourages Montanans to Assess Their Data Security National Data Privacy Day January 28

Attorney General Tim Fox encourages Montanans to assess their data security with the release of a new public service announcement promoting Data Privacy Day, celebrated annually by the National Cyber Security Alliance on January 28. This year's theme is 'Respecting Privacy, Safeguarding Data, and Enabling Trust.'

"Identity theft can and does happen to people from all different backgrounds," said Attorney General Tim Fox. "Con artists target senior citizens, business owners, and everyday users of technology with equal malice. Fortunately, consumers are gaining awareness of many of the tricks scammers use to steal personal information thanks in part to observations like Data Privacy Day, which has taken place since 2008."

In the new PSA, Attorney General Fox urges consumers to take a few simple steps to make sure their personal information stays personal by utilizing both the newest safeguarding measures, and some tried-and-true best practices.

Top tips include:

- Know who you're dealing with – ID thieves can pose as anyone online or over the phone. If you have doubts about the legitimacy of the person on the other end of the line, end the conversation and contact the organization in a way you trust, like calling them at the phone number listed on your billing statement, or on their website.
- Login approvals, or two-step verification – Keep your accounts from getting hacked by entering a short code sent to your cell phone the first time you log in from a new device or web browsers.
- Take advantage of privacy settings – Businesses, websites, and apps often have different levels of account privacy and security you can choose from. Learn what your choices are, and employ the setting you feel comfortable with.
