Poindexter Cemetery

By: MJ

February 13, 2017 cemetery committee met and discussed the Poindexter Cemetery. Present: Chairman Hand, Councilman Garry city personnel.

Poindexter Cemetery: Mayor Klakken provided update. He located the company used by Virginia City to locate remains in Boot Hill Cemetery. There are two (2) teams with one (1) dog per team that locate remains. Cost for their service would be $3,800±. Mayor submitted a grant application to the Mt. Historical Society to assist with costs. The city plans to use ground penetrating radar first to locate possible grave sites, then use dogs to confirm presence of remains. If remains are located they will be disinterred and moved to the Mountain View Cemetery. The entire cost of project would be $5,600±.

Grand penetrating radar requires the ground to be dry or frozen to work effectively. Cadaver dogs need the ground to be dry and not frozen. It was discussed that the work should be scheduled for April or May, allowing the ground to thaw, dry out and before Hills start irrigating.

Mayor Klakken is also working on a draft for limited easement to cross Hill's property. City Attorney Dolan suggested a temporary license agreement. Also it was discussed by Councilman Garry that if the City owns property perhaps there could be a well drilled for the city.

The ownership of property was also discussed in detail and still not resolved. This has been discuss

The committee tabled until the next cemetery meeting.

JUST A THOUGHT

I think I have an alternative solution helping rectify the nations failing Health care fiasco.

Rather than approaching the problem from the insurance side of the issue, I think that regulating the hospital, medical clinics and pharmacies pricing practices would eliminate the argument of over-priced insurance.

I realize that President trumps idea of "for every new regulation, 2 regs. are to be eliminated", which is good. By doing so, I think the high costs of insurance could be reduced significantly.

I also know that it would be a hard-sell in congress and the Senate. I think it merits some thoughtful consideration and would appreciate some feedback. Thank you.

Respectfully

Pile Burning Begins Near Butte

Fire officials from the Butte-Jefferson Ranger District will soon begin prescribed fire activity which may result in visible smoke over the next couple weeks.

Firefighters will be burning piles in the Roosevelt Drive and Limekiln areas in the Highlands. Additional pile burning will occur near Lowlands north of Butte. In the Boulder River area near Champion Pass slash piles will be burned.

Fire crews will burn under prescribed conditions and monitor these burns after ignition to ensure they stay within prescribed boundaries.

Travelers and residents in these areas may see smoke from these burns; however, little impact from the smoke is expected. For information, contact the Butte-Jefferson Ranger District at (406) 494-2147.

Federal Reserve (Who is it?)

By: MJ

The Federal Reserve is a central bank that many economists refer to as the "The Biggest Robbery ever enacted on the American People". *Did you know the Federal Reserve is not part of the federal government, has no reserves yet it controls the money supply of the United States.*

In 1907 the U.S. was in a recession. The Secretary of Treasury offered to give loans to any institutions that were solvent using government funds to help prevent an economic disaster. The Congress then formed a National Monetary Commission to review banking policies. The committee was chaired by Senator Aldrich with representative from J.P. Morgan Co., a professor from Harvard economics, National City Bank president, and several other bankers and economic scholars in 1910 attended a secret conference in Jekyll Island in 1910. This conference enabled the development of a plan that eventually became the Federal Reserve Banking System. *The Federal Reserve System is the name given to the twelve (12) central banks regulating America's bank industry and it insures that depositors will not lose their money if there is mismanagement involved.*

In 1913 While Congress was home for Christmas the Federal Reserve Act was signed into law by Pres. Woodrow Wilson giving unlimited power to a few wealthy banking institutions in America. *The Federal Reserve has the power to issue currency, manipulate interest rates and run secret bail outs and do not have to be transparent.*

Remember the bail outs in 2008-2009 when Ben Bernanke refused to disclose which institutions received billion of taxpayers' dollars or give out any details. The elite banking institutions took millions of dollars of risk and when they lost their bets they threatened politicians to use tax payers dollars to bail them out or else America would face armageddon type of scenario.

The laws that apply to America do not apply to the Federal Reserve organization. The Federal Reserve is very good at hiding the fact that they are not part of the government.

A NOTICE TO SAFEWAY AND CUSTOMERS

A few weeks ago, on a Friday afternoon, I went to Safeway to do my shopping as usual. After my transaction was completed and the cashier accepted my personal check, another store employee stepped up to the register and began questioning me with concerns about having enough money in my account to pay for my groceries. She stated "you should call your bank to see if there was enough money in my account prior to coming in to shop for groceries at Safeway."

Needless to say, I was shocked, as were all of the other people that heard her accusation. I knew my account was fine, she had just accepted my check with no indication that there was anything wrong with it, and I also knew I did not owe that Safeway employee an explanation. This entire situation appeared to be an intent to embarrass or humiliate me, which remains very confusing to me, because I have no history of problems with my account.

Being quite upset at that point, I opted to leave the store and contact the Safeway Managers later. During a phone conversation, I was offered their sincerest apologies and a $20 gift certificate, which I absolutely declined. I wanted a meeting with the Safeway managers and the employee. At that meeting, my husband and I informed the Managers that since I was confronted so publicly and unprofessionally, we wanted a public apology to be put in the Dillonite Daily within 2 weeks. That apology never appeared in the paper, we never received a call or notice of any kind from Safeway Management regarding any effort on their part to "do the right thing" in this situation. We have also learned that we are not the only Safeway customers who have been publicly approached in this same way. What is happening at Safeway?

We are extremely disappointed in the lack of responsibility Safeway took regarding this situation. All they had to do – all we wanted them to do was the right thing – be accountable. We are no longer Safeway customers, even after almost 20 years. We also know that this will not make or break that corporation, but we had believed Safeway Management folks were our friends and neighbors in this small town – We are obviously wrong. We also came to realize this behavior speaks to all of us about the lack of respect our local Safeway has for their customers.

- **Updates on water project activities in NW Montana**
- **WATER RIGHTS**
- **Private Property Rights**

ELAINE WILLMAN, MPA

Elaine Devary Willman, MPA, is a specialist in the field of federal Indian policy, a constant researcher, speaker, activist, and author of two books: (2005) ***Going to Pieces...the dismantling of the United States of America***, and (2016) ***Slumbering Thunder...a primer for confronting the spread of federal Indian policy and tribalism overwhelming America.*** Ms. Willman attended two years of law school, has a Master's in Public Administration (MPA) and 96 credits toward a doctoral degree in federal policy. She is of strong Cherokee ancestry; her spouse is Shoshone and a direct descendant of Sacajawea. Ms. Willman has lived for 25 years on three Indian reservations (Yakama (WA), Oneida (WI), and the Flathead Indian Reservation (MT). Nearly 40 years of her professional career as community/economic development director, land use planning, and administrative services for local governments provides her a keen sense of governmental balance, required mutual respect, and necessary separations of jurisdictional authority on Indian reservations located in host towns, counties and states.
