LEGISLATIVE REPORT FOR MONDAY, MARCH 20, 2017 BY REPRESENTATIVE TOM WELCH

The 2017 Montana Legislative session is moving along quickly with 57 Legislative days in the books. Although still early, it appears quite possible that the 65th Legislature can fully wrap up our work in less than the 90 working days allotted.

Last Thursday and Friday, the full House of Representatives heard House Bill 2 (HB 2), the State funding Bill for the next biennium ending June 30, 2019. HB 2 had been put together in recent weeks thru the efforts of the Joint Appropriations Committee and both the House and Senate members. HB 2 is broken into 5 parts encompassing 1) the Legislative Branch, 2) Health and Human Services, 3) Natural Resources and Transportation, 4) Judicial, Law Enforcement, and Justice, and lastly, 5) Education. More specifically, three agencies consume over 70% of the State's budget with these being Health and Human Services, Corrections and Education.

Nearly 30 floor amendments were proposed to HB 2 as

originally presented by the Appropriations Committee with only 2 of these-both being technical amendments—ultimately being accepted by the full House. Following hours of discussion and debate, a $10.2 billion HB 2 was approved late Thursday on second reading by a 59-41 vote. Following third reading on Friday morning, HB 2 was again approved and sent to the Senate for their review and approval.

HB 2 is not now perfect but it is a solid foundation from which to work. The House was faced with a budget crisis when we arrived in January and as such prioritized spending across all areas of our new budget. This meant prioritizing spending on those who need it most and demanding results while also looking at areas of Montana government bloat where we could trim to make agencies more efficient. Over the remaining days of the Legislature, needed changes will made to this Budget that best utilize the financial resources we expect to have available and leaves the State on solid financial footing.

What you can next expect for HB 2 is as follows: The Senate will review and amend the Bill in some areas, approve it as amended and return it to the House for approval. The House will reject some or all of the Senate amendments which will then send HB 2 to a select Conference Committee made up of a handful of Representatives and Senators who will hammer out the remaining details and return HB 2 with final amendments to both Legislative chambers for further review and approval.

In coming days, the House of Representatives will turn our attention to Bills dealing with topics such as Infrastructure, at least two different sales tax proposals, a fuel tax increase, local option taxes, increasing so called 'sin' taxes on liquors and wines as well as tobacco products all in addition to deciding what if anything to do with Daylight Savings Time.

I have heard from a great many of you on a wide variety of subjects—I appreciate your insights and thoughts. I can best be reached via email at mt.gov.leg or via phone at 406 444 4800.

Have a terrific week and be safe!

Yellowstone Ecosystem Subcommittee Invites Public to attend Spring Meeting in Jackson, Wyoming on March 29 & 30

The Yellowstone Ecosystem Subcommittee (YES) of the Interagency Grizzly Bear Committee (IGBC) will hold its spring meeting in Jackson, Wyoming on March 29 and 30, 2017 and invites the public to attend.

The meeting will take place at the Snow King Resort in Jackson, Wyoming. The meeting starts at 1:00 p.m. on Wed., March 29, and ends at 5:15 p.m. Proceedings will resume at 8:00 a.m. on Thurs., March 30, and conclude by noon. The public is welcome to attend all sessions and time for public comments is scheduled at the end of each day.

The Yellowstone ecosystem grizzly bear recovery area includes all of Yellowstone & Grand Teton National Parks, as well as portions of northwest Wyoming, eastern Idaho, and southwest Montana. The intermountain West has always been home to bears. Even in those times and places where humans worked to eliminate grizzly bears, black bears were generally allowed to exist. Today, grizzly bears with the help of man have made incredible strides towards recovery. This means that as both species of bears go about their routines to survive, an ever expanding human presence means that the opportunity for an encounter with a bear is possible. This closeness to wildness is why many people choose to live, work, and visit the region.

Individuals with special needs can contact Gregg Losinski at glosinski@idfg.idaho.gov or through the Idaho Relay Service at 1-800-377-3529 (TDD). A copy of the meeting agenda is available at the YES portion of the Interagency Grizzly Bear Committee website at http://igbconline.org/wp-content/ uploads/2017/02/170329_YES_Agenda.pdf
