Virginia Theresa Scalzone

August 27, 1919 to April 19, 2017

Virginia "Big Mom" Scalzone was born August 27, 1919 in Philadelphia, PA to Italian immigrants. She was the oldest of nine kids and went to work to help support the family when she was 14 during the years of the Great Depression. With the start of WW II, Virginia worked at the Philadelphia Navy Yard building airplanes - Virginia was a "Rosie the Riveter"! It was there that she

met Tony, her husband of 57 years. Together they had four boys: Tee (Virginia), Paul & Carla (Maine), Tim & Joan (New Mexico), and Ken & Edna (Dillon). Her children were the love of her life and she told everyone about them and how wonderful they are - (all true!) Virginia loved to care for her family - cooking great meals and making sure everyone had enough to eat. She loved being Italian, loved to cook, eat, serve, work, take Sunday drives, sing, & laugh; her ability to laugh and make light of most situations are what made her a friend to so many. She had an incredibly positive attitude and always looked on the bright side of life.

She lived in South Philly, where her first three children were born, until 1955 after which the family moved to Levittown, PA. Her last child was born there & they lived in Levittown until 1968 when they moved to the Washington DC suburbs of Wheaton, Maryland. Virginia resided there until moving in March 2011, just over six years ago, to Dillon, MT where she lived at the Renaissance Assisted Living on Center Street. Dillon, MT soon became home for Virginia and she loved her neighborhood. Most people that met Virginia remembered her strong voice & infectious laughter - many described her as colorful. Virginia was only 4 feet 11 inches tall at full height but she was well over 6 feet in spirit and energy. She left most with fond memories for over 97 years.

Virginia believed in God and was sure she was going to heaven. She praised the Lord regularly for all his creations from the mountains of Montana to her favorite fruit - strawberries! She loved all kinds of fruits and vegetables, ice cream, spaghetti & meatballs, and candy. She also said she loved people.

Some of Virginia's favorite sayings:

- If you live long enough you're going to get old.
- Why is it that candy is so &%%\$# good?
- You can see better when your eyes are open.
- You can't see this from the road (while we were driving).
- God bless God.

Virginia was a great mom, grand-mom, and friend to many; she loved her kids and grandkids above all else. She will be missed by all.

Thanks go out to all the caregivers at SWMT Community Health, Barrett Hospital, Hospice/Home Health, and especially to everyone at the Renaissance Assisted Living on Center Street! Also, thanks to the Dillon community volunteers that visit and do services for the folks at the assisted living homes.

No services will be held locally and in lieu of flowers please donate to your favorite charity.

EWASTE

Don't wait for Earth Day to get rid of your ewaste! Take it to the landfill and put it in the big container down in the pit. There is one for ewaste and one for scrap metal. In Dillon however, we lost the buyer for TVs and Monitors, so they have to be landfilled. Cords, cables, power sources, recyclable batteries, computers, keyboards, mice etc. can go in the ewaste container. The other is for scrap metal like washers, dryers, wrecked bicycles, etc. There is no ewaste collection at the Earth Day Celebration this year. For Earth Day Festival information, go to <https://dillonearthday.blogspot.com/p/home.html>.

Spay/Neuter Clinic

The next scheduled Spay/Neuter Clinic at the Beaverhead Animal Shelter in Dillon is scheduled for Friday, May 12. There are still a few openings for this clinic. Call 406-683-8119 to schedule your pet. Male cats, \$20, female cats, \$40, male or female dogs, \$40. You bring your pet to the Shelter the morning of the Clinic, and pick it up that same day. They will call you when your pet is ready to leave.

They have a commitment from a vet to be at the Shelter the second Friday of each month to do these procedures, so once the May clinic is full, they will begin scheduling for June. The Shelter does not make any money on these clinics, they provide the facility to the vet, and the charge is for the veterinary service. It is important to keep our pet population under control, and having your pet spayed/neutered is the only way to do that.

Council Meeting combined with Hearing on Off-Street Parking

By: MJ

There was a hearing held on the "Ordinance to Temporarily Suspend the Off-Street Parking Requirements in the Central Business District or C-3 Zone. After the hearing closed the council held their regular meeting.

What Happened in the end: The Original Ordinance was passed with suspension of "enforcement" on existing businesses and addition of the word "commercial" to line #2

Both of the meetings were intense! Attending the meeting were interested downtown business personnel. They were a ray of sunshine and refreshing treat. Actual business owner's brought to the table facts and hands-on knowledge of the parking issues downtown. They expressed facts on the parking issues downtown from their experiences and having a business in the area. This type of information has been lacking. The Bookstore, 3-D, Branding Iron Barbecue, Sweetwater Coffee, Womack's Printing Place and Dillon Bar were downtown businesses represented at the meeting.

Note: Up until last night the people from the public that were being heard from at the city meetings were those who do not own businesses today in downtown area, who do not rely on that business to pay their bills, are retired, appear to pick and choose who may or may not comply with the law, want to protect their own residents at the expense of someone else and much more.

Microphones: The city requires a person speaking in the public to use a microphone that enables the city to capture a clear recording of the meetings. **NOTE:** As I watched the action there were a few members of the public that continually used the mic to repeat their ideology. **NOTE:** This took up a lot of people's precious time an inhibited productive forward movement.

Motions: There were several motions made and reconsidered by council members during the four (4±) hour session. 1) **Councilman McIsaac** made a motion that there would be "no new development" in the downtown area during the six (6) month Off-Street Parking moratorium period. **Questions** were asked by the members in the audience what "development" meant. Motion was cancelled via another motion. **Councilman Straugh** made several motions that were overturned in some method. It appeared that some of the motions might have been done using the tactic of "wordsmithing." **Note:** A person that wordsmiths is a person who works with words and may or may not be

using words to confuse the issue. Councilman Nye made motion to go back to the original Ordinance and pass it.

What Happened in the End: The Original Ordinance was passed with suspension of "enforcement" on existing businesses and addition of the word "commercial" to line #2.

It is my opinion that Dillon does not have a parking problem they have a unity problem. That has been obvious in the council and zoning committee meetings.

Working together will solve problems. It feeds our personal ego to stand on our own platforms however that probably will not get the problems solved nor will it move the community forward in a productive way. Time to get off the personal platforms and start working together with respect for all involved and the community.
