Presentation on Montana's Rural Schoolhouses

The old one room schoolhouse is still a part of Montana's landscape and there remain people in Beaverhead County who remember their education in a schoolhouse that was heated by wood and where the outhouse was out back. The Beaverhead Museum and the Montana Preservation Alliance will be sponsoring a presentation on Beaverhead County's rural schools by Christine Brown on May 4th at the Old Depot Theater at 7:00 PM. The presentation is open to the public at no charge.

Brown is the Outreach and Education Director of the Montana Preservation Alliance, an organization that seeks to promote the preservation of Montana's historic and cultural places. She is the coauthor of the award winning book, Hand Raised: The Barns of Montana along with Chere Jiusto. A resident of Helena, she earned her BA in English from DePaul University in 1995, but fell in love with historic architecture while helping her parents fix up the family's 1920s Craftsman Bungalow. This led to a job at Frank Lloyd Wright's Robie House in Chicago and then a Master's degree in historic preservation from Ball State University. The Montana Preservation Alliance was recently designated the 2017 Award for

Advocacy winner from the Vernacular Architecture Forum for its work to save Montana's rural schoolhouses.

Butte Forest Service Office Remodel

The Butte Forest Service office located on 1820 Meadowlark Lane is undergoing office remodeling that has resulted in closing the front doors and relocating the front entrance to the east portion of the building. Signs on the front door and along the east walkway point to the new entrance.

This temporary arrangement will last through May but will not affect the office hours of 8 a.m. to 4:30 p.m. (Mon. through Fri.) nor disrupt any incoming calls or walk-in visitors. We will still be selling firewood permits, maps and passes. Firewood permits may also be purchased at Bob Ward's and Ace Hardware.

STRONG PEOPLE PROGRAM

New Session Begins May 1

The program will help participants look and feel better while increasing strength, bone density, and balance. Since 2010, when the program began locally as Strong Women, participants have reported improvement in all of these areas. It is a good program for people of all ages and activity levels.

Participants use ankle weights and dumbbells (all provided) in exercises done slowly, beginning with minimal weight and increasing the weight very gradually as the exercise repetitions seem easily completed.

The program is not for profit and leaders volunteer their time. A minimal fee of $20 per month is charged so equipment can be purchased and rent paid to the Elks Lodge. New participants are encouraged to try the program for two or more meetings before making any payments. If they choose to continue the program, the fees are charged at that time.

Currently the program is being run two days per week (Monday and Thursday) in sessions eight to 12 weeks long, after which participants have the opportunity to continue a maintenance program (no fee charged) until the next session begins. A new session begins Monday, May 1, 2017, from 10:00 until 11:15 at the Dillon Elks Lodge, 27 E. Center St. All former and new participants (including men) are encouraged to attend. Wear comfortable clothing and closed toe footwear.

For further information contact Jeannette Pittman at 660-2777 (call or text) or Lois Volkening at 925-3774 (call or text).

Zoning Committee Saga

By MJ

The saga continues with a group of concerned citizens struggling on the zoning committee to make a zoning document fit the needs of the city, property owners, salaried/retired persons on fixed incomes and businesses continues.

A member of the audience, who supports the existing zoning document, told the committee that the purpose of a zoning document was for planning of the future. He had stated this numerous times and would like to know where the study is that indicates what the future of Dillon would require. **QUESTION:** I am asking this gentleman where the blueprint containing facts and figures that supports the need for the existing document is. This report would be a valuable piece of information that the zoning committee could use to make decisions for the community. **NOTE:** I have not seen a document where these figures or facts are quantified. Following are a few facts.

What is Median Income: Median income is the amount that divides the income distribution into two equal groups, half having income above that amount, and half having income below that amount. Mean income (average) is the amount obtained by dividing the total aggregate income of a group by the number of units in that group. Following are a few figures defining Dillon. Keep in mind there are many ways of spinning figures to fit what you want to represent.

Estimated median Dillon household income in 2015: $40,672± **(it was $26,389± in 2000)** State of Montana median income was $49,509±. Income by population percent; approximate wages in Dillon under ($15k is 19.9%), ($15-25k is 4.1%), ($25-35k is 14.7%). ($35 to 50k is 13.3%), ($50-75k is 10.5%)...
Estimated per capita income in 2015: $21,192± **(it was** $16,432± in 2000)
Population in 2014: 4,223± (97% urban, 3% rural). Population change since 2000: +12.6%±
Median gross rent in 2015: $683±
Cost of living in Dillon is 6%± lower than the Montana average
Cost of living in Dillon is 8%± lower than the national average
Cost of housing in Dillon is 22%± lower than the national average
Cost of retail goods and services in Dillon are equal to the average for Montana and 3%± lower than the rest of the country.

Questions: What does the future of Dillon look like according to the zoning committee? Is the committee working to move the community forward or are they stopping all forward movement? Are we going to continue with meetings that just muddy the waters? Would taking opinions and emotions off the table and require facts and figures be presented help the committee to make enriched decisions? Are we just going to move forward by destroying people to get what we personally want? Are people tapping into and playing the political game in order to get what they want?

Your mind is a garden. Your thoughts are seeds. You can grow weeds – you can grow flowers. You decide what you want your city to grow by attending a city meeting; seeing and hearing for yourself what your representative is growing. ***REMEMBER:*** *The council is body that says how your tax dollars will be spent and makes the rules and regulations that are imposed on you as a citizens of the community. Example: Towing vehicles & trailers.*

Walk-in clinic

The BHH Walk-in clinic is one of Dillon's best values, available to provide convenient, quality care without an appointment Monday through Friday 7:30 AM to 4:00 PM. The clinic is located in the lower level of the Professional Services Building and offers on-site x-rays and blood draws as an additional convenience. The caring and dedicated family medicine doctors and providers who staff the clinic can expertly diagnose and treat conditions for all members of the family – babies through seniors. The clinic also offers immunizations and sports physicals.

The BHH Walk-In Clinic accepts all major insurance health plans, including Medicare. The Walk-in clinic is a convenient, cost effective alternative to the emergency room, with lower insurance co-pays.

Because the Walk-in clinic is part of the BHH family of services, patients can be assured that providers have access to their medical records, making the care safer and more effective for each individual. Although the Walk-in clinic doesn't take the place of that important relationship with your primary care provider, the BHH Walk-in clinic is a great value for those times when you need safe, quality, personal care without an appointment at a reasonable cost. 10,000+ satisfied patients over the past 3 years are a testament to this value.

For questions about the BHH Walk-in clinic please call 683-1113. CAUTION: The walk-in clinic is not intended to be a substitute for an emergency room. For potentially life-threatening emergencies (problems breathing, chest pain, sudden onset of pain, sudden change in mental status, etc.) dial 911 or go to the nearest emergency room.

Dillon Tree Board Plans Arbor Day Events

The Dillon Tree Board is planning several tree planting, tree maintenance and educational events to celebrate Arbor Day.

On Friday, April 28th at 12:00 p.m., the city will receive a Tree City USA award and materials from the Montana Department of Natural Resources and Conservation (DNRC). Following that the Tree Board members, Lions Club members, city employees, and volunteers will plant a Japanese Tree Lilac at the Beaverhead County Museum. The new tree will be caged and mulched. The Tree Board will also plant three new Ponderosa Pine trees in the Depot Park.

On Friday morning, Tree Board members will give presentations on "The Value of Trees" to 4th graders and middle school students. The Tree Board will help the Girl Scouts plant a new tree at the Methodist Church at 3:00 pm. A $750 Arbor Day grant was received from the DNRC to pay for the trees and festivities.

PROCLAMATION

WHEREAS, in 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees; and

WHEREAS, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska; and

WHEREAS, Arbor Day is now observed throughout the nation and the world on the last Friday in April; and

WHEREAS, trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce life-giving oxygen, and provide habitat for wildlife; and

WHEREAS, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires, and countless other wood products; and

WHEREAS, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community.

NOW THEREFORE, I, Michael L. Klakken, Mayor of the City of Dillon, in the State of Montana, do hereby proclaim April 28, 2017 as local

Arbor Day

in Dillon, Montana and I urge all citizens to celebrate Arbor Day and to plant trees in acceptable locations to beautify the City of Dillon. Also, come to Beaverhead County Museum at 12:00 PM on April 28 to celebrate with the City of Dillon Tree Board as they plant a Japanese Lilac tree.

Do You Know the Truth...The earth and all of creation will be destroyed

----We believe the following: (1) the Bible was given by the inspiration of God as stated in 2 Timothy 3:16-17; (2) all statements made in this and any ensuing articles will be based on what the Bible says; (3) the Bible only is the reliable source of spiritual & doctrinal truth; (4) all beliefs in conflict with Biblical teachings are false.---

There has been much talk in the past several decades about the possibility of mankind destroying the earth. Most of that talk has neither Biblical nor scientific basis.

There is no doubt in my mind that this earth, along with the entire creation, will be destroyed. The Biblical record reveals, however, that this destruction will *NOT* be the result of the actions of man.

The following scriptures were written to those who had believed in the Lord Jesus Christ and had become the children of God. The purpose was to put them at ease about the future both here & now as well as in eternity.

The Apostle Peter wrote these words in 2 Peter 3:10, "But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with a fervent heat, the earth also and the works that are therein shall be burned up." The terms used by Peter indicate that the entire universe and everything associated with it will be dissolved by a tremendous heat. Note that man contributes nothing to this final destruction.

To those who have received eternal life by faith in Christ and repentance toward God Peter says, "Nevertheless we, according to his promise, look for new heavens and a new earth, wherein dwells righteousness," 1 Peter 3:13.

Conclusion: These things will not take place until after the resurrection of the saved. A study of the scriptures reveals that this destruction is at least 1000 years in the future. Sadly, those who have not accepted Christ as their Savior will never experience that new heaven and earth where all evil is gone and only righteousness exists. (Read Revelation 21:4-8)
