Beaverhead-Deerlodge NF Reminds OHV Riders Helmets are Required for Children

Beaverhead-Deerlodge NF officials are reminding parents and guardians of children riding on off-highway vehicles (OHV's) that helmets are required. The Forest requires children under the age of 18 to wear helmets while riding or operating off highway vehicles (OHV's), motorcycles, Utility Terrain Vehicles (UTV's). "We want our visitors to have a great outdoor experience while recreating on the Forest, but we also want them to be safe," said Forest Supervisor Melany Glossa.

Helmets must meet standards established by the Department of Transportation (DOT) and properly fit the child. More information about DOT approved helmets can be found on-line at www.dot.gov. Adults are also encouraged to wear helmets while riding.

The order provides consistency with current State of Montana laws regarding the use of approved helmets for minors on roadways and expands that requirement to include roads, trails and lands within the Beaverhead-Deerlodge NF. For more information about State requirements go on-line to www.mt.gov.

Additionally, the ATV Safety Institute recommends that riders younger than 16 be supervised by an adult, and to ride an ATV that is right for their age. For more information about riding ATVs safely go online to: www.atvsafety.org.

Parents and responsible adults of minors may be subject to fines of $100 or more. For more information contact your local Beaverhead-Deerlodge NF office, or go online to www.fs.usda.gov/bdnf.

A Community Conversation About Mental Health Services for Children and Families

May 31st, 2017
Dillon Middle School Library 5:30 – 6:45 pm

What is the Child-Center Community Based Mental Health Initiative?

Mental Health America of Montana (MHA of MT) and Bozeman Health are working together to develop a more community based, child-centered, trauma-informed mental health delivery system.

The key theme of the proposed work is to address how best to serve the mental health needs of our children and families in the Greater Gallatin community.

Step one of this project is to convene key community stakeholders to participate in a "community conversation" through Focus Group meetings.

The Focus Group for Beaverhead County will take place on May 31st, 5:30-6:45 at the Dillon Middle School Library. It will be led by Dan Aune, the Executive Director of the Mental Health Association of Montana, with an emphasis on the following Talking Points:

- Identify current services and gaps
- Identify readily available data on children's psycho/social needs or development in our community
- Understand current road blocks from a child & family perspective
- Understand current road blocks from a first responder perspective
- Understand current road blocks from a provider perspective

Please plan to attend. Your input is urgently needed. However, if you are unable to attend you may still contribute to the conversation by taking a short five-question survey at https://www.surveymonkey.com/r/WZQ5LHW

Sponsored by: Beaverhead County Mental Health Local Advisory Council, Altacare, and the Yellowstone Boys and Girls Ranch.

Department of Labor & Industry to Host Prevailing Wage Listening Session

Prevailing Wage and District Dispatch Criteria Focus of Public Outreach

On Wednesday, May 24, the Montana Department of Labor & Industry (MTDLI) will host a live and online listening session for attendees to learn more about prevailing wage law as it applies to district dispatch criteria and Montana's business community.

Introduced during the 2017 Montana Legislature, SB 308 sponsored by Senator Eric Moore (SD 19, Miles City) would have revised laws related to prevailing wage and district dispatch criteria. While the bill did not pass, SB 308 would have required the Department to designate sufficient dispatch cities to provide a dispatch city no more than 100 miles from the each county seat.

The Department will host the listening session on Wed. from 1 PM to 5 PM at the Employment Relations Division to further discuss the concerns and potential solutions of this issue. The meeting will also be available online. Following the session, the Department will pursue any necessary rule changes.

For more information, please contact Eric Strauss, at estrauss@mt.gov or (406) 444-1574.

Camping Season Begins Memorial Day Weekend on the Beaverhead-Deerlodge NF

Memorial Day weekend marks the kickoff for outdoor summer recreation and camping season. The Beaverhead-Deerlodge covers over 3.3 million acres in seven counties of Southwest Montana and offers an abundance of recreational opportunities for people to enjoy. Even though Memorial Day Weekend arrives early this year, visitors will find campgrounds, trails, and cabins open and available.

Things to know before you go!

Be prepared for changing weather conditions and bring potable drinking water for dispersed camping and hiking activity. Contact your local Forest Service office to find current status of camping opportunities and trail/road conditions. Spring weather can be very unsettled.

Stay away from soft and muddy roads, as this is unsafe and can damage the roadbed, leading to expensive repairs. Driving around snow drifts is not permissible because of the damage it causes to vegetation and soil. If you get stuck, help may not be available due to limited cell phone coverage when out of all the residential areas. When driving in the outdoors, visitors are encouraged to notify the Forest Service of any flooding conditions, plugged culverts, downed trees or road damage so that repairs can be made or trees removed.

Many trails may not be open at higher elevations due to mud, snow, or downed trees. Stay on the trail and do not create new trails to get around hazards. Expect many trails to be impassable from fallen trees. The Forest Service will have minimal ability to clear trees this year due to decreased budgets and the lack of seasonal trail crews.

Be careful with fire and to never to leave a campfire unattended, and make sure your coals are cool to the touch before you leave. Conditions are drying out quickly and everyone needs to be fire safe. Fireworks on National Forest system lands are not permissible.

Look up, look down and all around when recreating in the forest due to the potential for trees to fall. Here are a couple of handy tips: Be aware of your surroundings and avoid dense patches of dead trees. Trees can fall without warning; place tents and park vehicles in areas where they will not be hit if a tree falls; Stay out

of the forest when there are strong winds that could blow down trees. If you are already in the forest when winds kick up, head to a clearing out of reach of any potential falling trees.

Forest-wide, there are special rules for storing of food and refuse at your campsite to avoid bear encounters. All food and refuse, including liquids other than water, must either be stored in a vehicle, an approved container, or hung 10 feet off the ground and four feet out from any tree or support pole. Free bear-resistant containers are available for loan at the Forest Service offices.

Aquatic invasive species (AIS), including diseases, are easily spread from one water body to the other. Anglers, boaters, construction workers, pond owners, gardeners, seaplane pilots, field workers-virtually anyone who works or plays in or around water can unknowingly transport these pests on their boats and equipment or allow them to spread via improper management practices. It takes only one mistake to potentially infest a new water body. To protect Montana's waters and native aquatic species, please follow the rules and guidelines of "Clean, Drain and Dry." For more information go online to: http://musselresponse.mt.gov

The Beaverhead-Deerlodge NF offers 25 backcountry cabins for rent. You'll need to bring food and bedding, but most cabins come with firewood, beds, and utensils. To rent a cabin, call toll free, 1-877-444-6777 or go online to http://www.recreation.gov/. Prior to going to your cabin contact the local Ranger District Office during office hours to determine current conditions and access issues.

Remember, too, that cross-country driving by motorcycles, all-terrain vehicles, pickups and other "motorized, wheeled vehicles" is prohibited in the National Forests of Montana. Vehicles must stay on existing roads and trails. In some places, vehicles can travel only on specially designated routes. The Forest Service has a brochure explaining the travel rules as well as travel maps to help travelers know which routes they may travel. Also children are required to wear helmets when riding these vehicles.

For more information contact your local Forest Service office or go online to www.fs.usda.gov/bdnf.
