LOCAL STUDENT QUALIFIES TO COMPETE AT WORLD'S LARGEST JUNIOR HIGH RODEO

Kassidy Broere an 8th grade student from Dell, MT has earned a position on the Montana state National Junior High rodeo team and will be traveling with fellow teammates to Lebanon, Tennessee, June 18-24 to compete at the 13th annual National Junior High Finals Rodeo (NJHFR) in the Goat tying & ribbon roping competitions.

Featuring roughly 1,000 contestants from 43 states, five Canadian provinces and Australia, the NJHFR is the world's largest junior high rodeo. In addition to competing for more than \$80,000 in prizes, NJHFR contestants will also be vying for more than \$200,000 in college scholarships and the chance to, be named a National Junior High Finals Rodeo World Champion. To earn this title, contestants must finish in the top 20 - based on their combined times/scores in the first two rounds - to advance to Saturday evening's final round. World champions will then be determined based on their three-round combined times/scores.

Again, this year, the Saturday championship performance will be televised nationally as a part of the Cinch High School Rodeo Tour telecast series on RFD-TV.

Letter to the Editor

Liberal Indoctrination in our Learning Institutions

It has been said that children are our future, and right now the vast majority of our children are being "indoctrinated" in our learning institutions (Middle/High Schools and Universities). These so called learning institutions are rapidly being turned into indoctrination centers for liberal ideas. A whole host of politicians, "education officials", as well as teachers/professors are constantly injecting as much liberal propaganda as they possibly can into their classroom instructions. Instead of learning how to think, our children are continually being told what to think. The mandated Common Core being taught is nothing more than propaganda indoctrination on a massive scale. This is why more children are being home schooled, or attending private schools, thus avoiding leftist liberals with their "dummy down" propaganda agenda. Remember Horace Mann? He is considered the founder of the modern school system, who eliminated logic and rhetoric from the curriculum with express purpose of leading our young students to a "state-dependent mindset" rather than a God-centric perspective. Is there any wonder the moral compass of our country is continuing to rapidly decline? Studies show the best school system that saves the tax payers billions are the private schools and home schooling, as well as having one of the highest achievement levels compared to any public school liberal academia.

Overall perspective: The issue in today's education is indeed a compliant mindset and negative impression of competition and success. Review the Timms Report and see where the US compares to other nations of the world in education. Liberal indoctrination takes far less effort and learning than critical thinking and gives an intellectually compliant product. After the next generation the US will live in an academic cesspool while China, Japan, Germany (just to name a few) will leave the US academic sewage to be the model of how to fail. Sadly, the socialist liberal progressive, politically correct liberal idiot-logical indoctrination camps that masquerade as public schools inculcating our youth instead of instructing them on what they need to know to be productive and responsible citizens. Lincoln once stated that America could never be destroyed from outside. He said, "If we falter and lose our freedoms, it will be because we destroyed ourselves." Liberals have taken advantage of the apathy and complacency of American citizens and are working to insure that we never recover the skills, knowledge or wisdom that made this country what it once was!

the Culpepper & Merriweather Circus family and includes a walking tour of the circus grounds. Learn interesting facts about their performers, the history of the show and the different species of animals in their Circus Family. In this presentation we will also address topics such as hygiene, grooming and the veterinary care all of their animals receive. It is presented in a way everyone, young and old can learn many interesting facts about the Culpepper & Merriweather Circus Family. This is a special part of Circus Day that should not be missed!

On circus day, our performers bring the magic of the circus to life in each 90-minute performance. This year's lineup includes an All-Star group of performers and entertainers that include: Miss Simone and her breath taking single trapeze, Miss Paulina's proud "Big & Little" prancing ponies, The Arlise Troupe on their wild and crazy unicycles, Natalie's American Eskimo Escapades, Miss Georgia displaying flexibility to the extreme and for the first time, the Wheel of Destiny & Tight Rope by The Perez Family.

But, lets not forget our favorite performing Jungle Cats, Soloman, Delilah & Francis, presented by Mr. Trey Key, that will certainly have you on the edge of your seats! All accompanied by original music composed by the talented, Matt Margucci from Los Angeles, California. Their performers are sure to amaze, delight and entertain the audience members of all ages beyond your wildest imagination. The costumes alone are certainly of Las Vegas quality.

For more information visit their FaceBook page with videos, photos and comments from past sponsors and patrons. For a direct link you can go to www.cmcircus.com and click on the FaceBook link.
