Lucy Ann Lienesch, AKA Lucyann Lienesche, 88

Lucy Ann Alexander Lienesch passed away peacefully in Dillon, Montana on May 28, 2017. She was born on March 25, 1929, in Los Angeles, California to Charles Lienesch and Lucy Axtell Lienesch, both of Montana pioneer families. Her great grandfather, George D. Thomas of Illinois, saw Montana while on military duty, and in 1865 moved with his wife, Lucy Alexander Thomas, to old Gallatin City in the Three Forks vicinity about 1865. The Thomas cabin is under repair and will be erected again at Headwaters State Park at Three Forks. In 1866 George's widowed brother William and 8 year-old nephew Charles were on the way from Illinois to Three Forks to join George and Lucy when they were killed by Indians along with their driver and another man. The Thomas Massacre graves are marked by a monument halfway between Big Timber and Greycliff.

Lucyann attended schools in Santa Monica and the Bay Area, studied piano at the San Francisco conservatory, and earned a BA at the University of California at Berkeley. When she was 20, her mother died, which was the triggering event for the schizophrenia from which she suffered almost her entire adult life.

Lucyann went on to study for several years at the Juilliard School in New York City. While there, she taught kindergarten for a year, but was unable to continue due to her illness. The Presser Foundation, a philanthropic organization which assists musicians and music educators, provided her with monthly support for many years, and her frugality enabled her to spend a year hitch hiking around Europe. She was especially pleased to be able to locate and visit some distant Lienesch cousins in Germany and Holland. She eventually began spelling her name Lucyann Lienesche as a nod to her German/Dutch heritage.

After living in Maine, New Mexico and Springhill, Montana, where her parents and grandparents had lived, she moved to Dillon about 15 years ago because she had the opportunity to buy a house she could afford. She taught piano for several years at the University of Montana Western.

Lucyann's later years saw a decline in her ability to care for herself, and she moved to Kindred Nursing and Rehab, where she enjoyed the friends and companionship she found there. She was preceded in death by her parents, her brothers Jim and John, and her niece Rachel.

She is survived by her niece Susan Lienesch, nephew Hans Lienesch of Kenmore, Washington, cousins Scott and Mike Pierce of the San Joaquin Valley, and Joan Axtell Renahan of Santa Barbara, CA. She will be remembered for her independent spirit and strong opinions, her honesty, her love of animal and children, her devotion to music, her concern for justice, and her bravery and resourcefulness in facing difficult circumstances.

Her family is particularly grateful for her supportive

The new book "Flyfisher's Guide to Southwest Montana's Mountain Lakes" is a comprehensive guidebook that covers over 250 highland lakes including the Gallatin Range, Madison Range, Gravelly Range, Tobacco Roots, Pioneer Mountains and Beaverhead Mountains. Community Vacation Bible School begins Monday, June 19, running through Friday, June 23 daily from 9am-12pm. Ages 4 through 5th Grade (completed) are welcome to join Bible teaching, songs, games, themed snacks, crafts, and time with friends.

Registration fee is \$25 per student or \$60 per family and can be completed the morning of June 19th at the front entry of Our Savior's Lutheran at 715 E. Bannack Street in Dillon beginning at 8:30am. Please dress for the weather (we will spend time outdoors) and write names in everything!

At "Mighty Fortress" VBS kids learn that God is their refuge and strength. Friends may fail them, they may not ace their test or make the team, but God promises to be their rock and their salvation! Community VBS would not be possible without the tireless work of our volunteers and supporting churches: Grace Bible Church, Vineyard Christian Fellowship, Dillon Assembly of God, Our Savior's Lutheran Church, First Presbyterian Church, and First United Methodist Church.

We are excited to welcome the "Jeremiah" Team from the Association Free Lutheran Bible School in Plymouth, MN. These dedicated students spend their summer traveling throughout the United States leading VBS and we are so thankful for their help!

Questions can be directed to Sarah Harrison at 834-3420 or Our Savior's Lutheran Church at 683-5374.

Camping in Bear Country

The Beaverhead-Deerlodge National Forest has finally thawed after a long winter, and we're all ready to revel in the summer months ahead. However, grizzly and black bears are also taking advantage of the warm weather and will be catching up on feeding through late fall. While you're out recreating in the forest this year, always be bear aware!

The Beaverhead-Deerlodge NF has a food storage ordinance requiring proper storage of all attractants. As more and more people are living and recreating in bear habitat and allowing bears to gain access to human food, there will be a higher rate of unwanted bear encounters. Once bears are food conditioned they are often removed from the ecosystem due to negative human-bear interactions (human safety). The only way to prevent this is to keep all attractive items with a smell away from the reach of bears.

To store attractants away from bears: 1) put in a hard-sided vehicles with windows and doors shut and locked; 2) store in a certified bear-resistant container; 3) hang in a tree 10 feet above the ground and four feet from supporting structures. Remember, regular coolers are not bear-resistant! Attractants include food, refuse, sealed cans and bottles, alcoholic beverages, hygiene products, pet food, fish parts, and chainsaw bar oil. Where possible, camp 100 yards from attractant storage and cooking areas.

When hiking in the woods, your best defense is bear spray. Give a charging bear a two second burst when it is 40 feet away to create a cloud of spray between you and the bear. If the bear penetrates the cloud and continues coming towards you, spray the bear again. Be prepared to play dead if attacked by a grizzly bear or to fight back in a predatory encounter (when a bear is following you or approaching unsurprised and unprovoked) with either bear species. Your bear spray should always be easily reached, either in a hip or shoulder holster. When you buy a can of bear spray, make sure is clearly marked for use against bears, not humans, and replace it when it has exceeded its expiration date.

Bear spray has proven extremely effective at preventing injury in 98% of encounters. Statistics show that people who use firearms against bears show the same rates of injury or death as if they had not used their gun at all. Remember that you can expect to see black bears and grizzly bears anywhere on the Beaverhead-Deerlodge National Forest.

For information about local regulations or about bears, go to the Beaverhead-Deerlodge National Forest website at www.fs.usda.gov/bdnf, or stop by a local Forest Service office.
