Dillon Concert Association

The Dillon Concert Association will present period-instrument ensemble Watermark on Friday, June 23, 2017, at 7:30 p.m. in the Beier Auditorium at the University of Montana Western in Dillon, Montana. This concert is made possible by the funding support of a Great Harvest Bake Day. Peter Ferretti, son of Great Harvest Company CEO Mike Ferretti, is a member of this high-quality group of instrumentalist studying in the Juilliard School's Historical Performance Program.

Founded in the spring of 2016, Watermark's primary goal is to perform music from the seventeenth through nineteenth centuries on instruments from that period. Instruments have undergone radical development since that time and differ greatly from those Baroque-era composers knew. Watermark, however, will perform on instruments for which the music written—using violin, viola and cellos with gut strings instead of steel and keyboard and plucked instruments such as the harpsichord and theorbo—in order to present a concert atmosphere close to what earlier audiences would have enjoyed. Watermark's vibrant 2016-2017 season of concerts are reconstructed from the Austrian court of Nikolaus Esterhazy II, the Roman Accademia Delgi Arcadia, and 17th century Venice. This ensemble has appeared in performances in many of the world's greatest concert halls.

For Friday's full-length concert at UM Western, admission is \$15 for adults, \$10 for college students, and \$6 for younger students. For information please call Chris Kloker at 865-0076.

During their stay in Dillon, Watermark musicians will also give "mini concerts" at 2:00 p.m. at the Legacy Assisted Living on Wednesday (June 21) and Kindred/Parkview Acres Care and Rehabilitation Center on Thursday. The group will present music for the annual Barrett Hospital Foundation Donor Appreciation celebration Thursday evening at the Depot Theater at 5:30 p.m. on which foundation Mike Feretti serves.

Poster Art Contest

The Southwest Montana Arts Council would like to congratulate Olivette Copple for winning this year's Dinner in the Park poster art contest.

Olivette, a student at Parkview Elementary, submitted a pencil drawing of a bird covered in musical notes flying over a quote by Pablo Picasso: "Everything you can imagine is real." Local graphic artist Christy Stauffenberg, who has been designing SMAC's posters since 2013, enhanced the image digitally to incorporate it into the poster. Olivette has been an actor with Missoula Children's Theatre for the last several years as well as an attendee at many of SMAC's other events. For her efforts, Olivette won a Showstoppers Season family pass and a framed poster.

Look for the Dinner in the Park posters around Dillon. Stickers with the image will be available at all Dinner in the Park events.

Wants

By: MJ

Humans are creatures of habits. Habits continue to exist because of how we think. Many of our habits are nothing more than 'wants'. 'Wants' have a pattern of thought that functions like a rut in the road that consistently keeps pulling them in.

It seems our world is moving more to 'wants' and less to responsibility and accountability. I want to be right, I want to play golf, I want to shop, I want a new toy, I want a new car, I want higher wages, I want more time off, I want you to be silent/go away, I want, I want, I want... Many of us have a job and family responsibilities that we must be accountable to. **Question:** do we let our 'wants' overpower our responsibilities at the expense of someone else?

'Wants' are only a symbol of our desires. Do we truly want to use our energy to pursue our 'wants' or put that energy into pursuing successes? Do we truly want money so much, or are we attempting to escape the basically insecure nature of life? Do we truly enjoy the pleasure of food so much, or are we in search of comfort for our emotions? Are 'wants' the results of trying to hide deeper, more vulnerable and painful feelings?

'Wants' that are out of control may lead to anger, aggression, character assassination... *When our 'wants' control a situation we lose respect, consideration and stop listening to another's beliefs and ideas.*

There are people who use violence to pursue their 'wants'. Others may use the socially accepted way by using 'character assassination' to achieve their 'wants'. *To what end does either of these actions help us personally live a better life? Character-Assassination is the slandering of a person usually with the intention of destroying public confidence in that person.*

NOTE: As I get older, it is easier to be positive. I don't question myself anymore because I have earned the right to be wrong.

Share the Trail Workshop June 22

A Share the Trail workshop sponsored by the Butte Ranger District, Mile High Back Country Horsemen, and Highland Cycling Club will be held Thursday June 22 at 6:30 p.m. at the Maud S Canyon trailhead in Butte. The workshop will demonstrate how to meet and greet various types of trail users safely and with the least impact based on the "Stay on the Right Trail" program. Horses and mountain bikes will be available and on site for people to practice techniques that will help ensure trail encounters are friendly and safe.

The numbers of people using local trails including the Continental Divide National Scenic Trail and Thompson Park has been increasing over the years. This workshop will show trail users a variety of techniques about how to be aware of potential encounters with other types of trail users especially when it comes to encounters on blind corners and steep hillsides.

Use along the continental divide trail provides for mountain bikes as long as it does not significantly impact the purpose for which the trail was constructed; which was for hikers and horseback riders. To ensure opportunities continue for all trail users it is important that everyone understand how to share the trails in a responsible way.

For more information about the workshop contact the Butte Ranger District at (406) 494-2147.

**Crystal Park Temporarily Closed
June 26 - 30 for Renovations**

The Dillon Ranger District will be temporarily closing Crystal Park from June 26 through 30 in order to conduct rehabilitation of the area and install a crystal washing station.

During this time heavy equipment will be blading spoil piles and filling hazardous open pits that have accumulated over time and use. "We appreciate everyone's understanding and patience while the work occurs," said Dillon District Ranger Scot Shuler. "Our plan is to make Crystal Park a safer and more productive site for crystal hunters."

Crystal Park will reopen to the public on Saturday, July 1. For more information contact the Dillon Ranger District at (406) 683-3900.

Public Field Tour Scheduled to Discuss Project in the Boulder River area

The Beaverhead-Deerlodge National Forest is hosting a public field tour on Friday June 30 to discuss the Red Rocks Forest Health project being developed by the Butte-Jefferson Ranger District in the Boulder River area. Those interested in participating in the field tour should meet at the I-15 Bernice exit (Exit #151) on the north side of the interstate at 8:45 a.m. The field trip will conclude around 1 p.m.

The Red Rocks project occurs in an insect and disease area designated under the Healthy Forest Restoration Act (HFRA). Objectives of this project include reducing the risk or extent of, or increasing resilience to, insect and disease infestations and mitigating hazardous fuels. Watershed and habitat improvement opportunities are currently being explored and will also be discussed during the collaborative process used to develop this project. The objectives of this meeting are to provide interested individuals information regarding preliminary treatment opportunities and to seek feedback.

For more information about the project, contact Tera Little, Project Team Leader, at teralittle@fs.fed.us or (406) 758-5357. Information about the project will be posted online at: <https://www.fs.usda.gov/projects/bdnf/landmanagement/projects> (scroll down and click on Red Rocks Forest Health).

Thank You!
