The Dillon Police Department received a report of a break in on 6-28-2017, at the La Fiesta Mexicana Taco Bus. After reviewing surveillance footage and with help from the community the Dillon Police Department believe they have identified a suspect, and a warrant is being obtained to apprehend the suspect. The suspect stole an undisclosed amount of money from a donation jar for young Scott Chagua who was diagnosed with Leukemia. The Dillon City Police Officers would personally like to donate $200.00 to the Chagua family to help recover the funds this unscrupulous thief stole. All City Police Officers would like to thank the public for their assistance with this case.

NEW CANISTER SITE

The new canister site is finished and is open during regular dump hours! If you are taking a load of household trash to the landfill, please follow the signs and use the canisters. We would like to keep the public and our operators safe by keeping people out of the pit whenever possible. If you are dumping yard debris, please continue toward the pit and put it in the yard waste pile. There are also marked canisters for electronics and metal recycling at the new site, please sort your trash accordingly. As always, if you have any questions please call the Solid Waste office at 683-3753.

Thanks,
Beaverhead County Solid Waste

BLM Focus Groups to Discuss recreation in Granite, Missoula, Powell Counties

The Bureau of Land Management (BLM) wants to hear the public's opinions on what they think is great about the great outdoors. The BLM Missoula Field Office will hold a series of focus groups, engaging the public in a conversation about recreation management on BLM-administered public lands in Granite, Missoula, and Powell counties. The focus groups—scheduled for July 14 and 15 in Seeley Lake, Greenough and Missoula—will be hosted by Colorado Mesa University's Natural Resource Center and the BLM Missoula Field Office.

"The idea behind the focus groups is to open dialogue between BLM land managers and the public on recreation issues, to provide information for future planning efforts and project assessments, and to gather data needed to better understand the public's desired outcomes for recreation management in the three-county area," said Joe Ashor, Missoula Field Office manager. "We welcome and value diverse views from all members of the public. We strongly believe partnerships and inclusion are vital to managing sustainable, working public lands."

The sessions are part of data collection associated with the Missoula Field Office's Resource Management Plan revision and are being conducted by Colorado Mesa University to help BLM better respond to the public's desires and expectations for how recreation is managed on public lands in this region.

This research seeks to engage residents, business owners, local leaders, recreational user groups and visitors that either participate in recreational activities in this region, or have a stake in the quality of the experience of those that do. A focus group is a form of research in which a group of people is asked about their perceptions, opinions, preferences, and attitudes towards, in this case,

Range Monitoring Workshop

Presented by Montana State University Extension Service

In conjunction with Wisdom Ranger District, Natural Resources Conservation Service, and Beaverhead Conservation District.

When: Wednesday July 19th. 10 AM

Where: Meet at Jackson Hot Springs 9:30 AM or Dillon FS Office at 8:30 AM.

-Monitoring location Upper Big Hole- Saginaw area.

What: Dan Lucas from the MSU Extension Service will discuss how, when, where, and why to monitor grazing for both short term and long term assessment.

Why: Permittee and landowner monitoring is becoming more important as multiple use stakeholders take a closer look at land use. This monitoring is becoming a vital component that is helping to allow continued responsible grazing on public and private lands .

HERE IS A LIST OF ALL THE DEVELOPED NATIONS OF THE WORLD THAT OFFER BIRTHRIGHT CITIZENSHIP TO THE NEWBORN BABIES OF TOURISTS AND 'ILLEGAL' ALIENS:

1. United States. That's right, ONLY ONE. Every other modern developed nation in the world has gotten rid of birthright citizenship policies. Yet, most of U.S. news media and politicians the last two weeks have ridiculed the comments by some other politicians that it is time for the U.S. to put an end to birthright citizenship for tourists and 'illegal aliens.'

- NO OTHER COUNTRIES (ZERO-NONE-ZILCH) folks, the U.S. 'Stands alone.' There used to be all kinds of developed countries that gave away their citizenship as freely as we do in the U.S. but one by one they all have recognized the folly, recklessness, lunacy, stupidity of that policy.

- SOME MODERN COUNTRIES THAT RECENTLY ENDED THEIR BIRTHRIGHT CITIZENSHIP POLICY: Canada was the last non-U.S. Holdout. Illegal aliens stopped getting citizenship for their newborn babies in 2009. Australia's birthright citizenship requirements are much more stringent than those of H.R. 1868 and took effect in 2007.

- New Zealand repealed in 2006.

- Ireland repealed in 2005.

- France repealed in 1993.

- India repealed in 1987.

- United Kingdom repealed in 1983.

- Potugal repealed in 1981.

We are giving away our culture, and economic and fiscal strength because our borders are not secure and we bestow citizenship irresponsibly.
