"Montana Towns: Then, Now, Tomorrow"

with Humanities Montana Conversation Speaker Hal

Stearns Aug. 12 @ 2 PM @ Bannack State Park

Montana is a state of extremes, from high mountains to great plains. Half the population lives in just five communities and another third lives in just 10 others. After the big ones, the remaining 134 incorporated towns are often unique, often overlooked, and all small, yet personify so much of the Big Sky. These small towns were built around gold, coal and oil, timber, cows and sheep, early trails, roads and rails. But time brings change.

This is a great chance to hear a great Montana historian tell the story of boom to bust towns like Bannack and many more across the state. If you want more information please call us at (406)-834-3413 or email us at bannack@smtel.com. We hope to see you out here for a great day on the trail.

**Dillon Veterans' Transportation
 System Needs You!**

All veterans who have VA approved medical appointments are eligible to have free rides. If your appointment is at Fort Harrison you will also receive a free lunch. And, if you have a caregiver who you would like to have there during your appointment to help listen to the instructions and help you follow up with your prescription medications and procedures, the caregiver is free to come along. You will both receive a free meal if your appointment is at Fort Harrison. No cost rides, meal at Fort Harrison, significant other can ride along, what is not to like? You earned these rides when you raised your right hand and took the oath to 'Support and defend' this nation, by the way!

So why am I writing? The problem is we have been given a new to us (2013) all-wheel drive van and it needs to be used.

We drive veterans from Twin Bridges, Whitehall, Sheridan and Ennis so we reach out to vets beyond Dillon and Beaverhead County. Medical appointment not at Fort Harrison but VA approved? We have driven vets to Missoula, Anaconda, Butte, Bozeman, and Billings in the last five years in addition to trips to Fort Harrison. You call. We haul!

Please call at 660-1294 to arrange a ride and give the system your support. We need you to take a ride to keep the program going. You may also call 406-447-7760 to start your arrangements.

I am a veteran who is very fortunate in that I can drive myself and my wife can drive me as well. I hope you are, too. In fact, I hope you don't need VA medical appointments at all. But, if you do, please arrange to ride to an appointment once a year so the van will still be in Dillon when you need it!

I have been a driver and coordinator for Dillon's DAV van program since we revived the ride program in June 2012. We operate the van as volunteers. The DAV pays all fuel, oil changes, tires, and repair costs. All we need are riders to make the system work. Call 660-1294 to arrange a ride and show your support for the veteran who needs a ride now and yourself when you need a ride and can no longer drive. By the way, if you can still drive, are healthy, and have time to help, you could support the program by becoming a driver. Call 660-1294 to talk about becoming a volunteer driver. Veterans need your support!

1st Annual Big Sky Behavioral Health Summit

On September 6-7, 2017, the Beaverhead County Mental Health Local Advisory Council (LAC) in cooperation with the Madison County LAC will be hosting the 1st Annual Big Sky Behavioral Health Summit. The focus of this year's summit will be trauma informed care and will include some of Montana's most distinguished presenters on the topic. The summit will be two full days of presentation including a panel discussion with all presenters at the end of day 1.

Trauma informed care is a community based approach to childcare that involves a broad understanding of the impact of toxic stress and trauma on the brains of children. It is believed that such an approach can help to more effectively treat and avoid severe mental health issues, lower school suspensions, enhance resilience, avoid future medical issues, and reduce the rates of suicide and criminal behavior.

Perhaps the highlight of the event will be the keynote address to be delivered by Jessi Close. Ms. Close is a nationally renowned mental health advocate, prominent speaker, and critically acclaimed author of the book *Resilience: Two Sisters and a Story of Mental Illness*. Ms. Close is also the sister of six-time Academy Award nominated actress Glenn Close. Ms. Close's address is a candid, poignant, and sometimes humorous account of her recovery from mental illness and addiction.

In addition to Jessie Close, presentations and workshops will be delivered by: Billings Clinic Department of Psychiatry Chairman - Dr. Eric Arzubi, Rimrock Foundation Director of Learning and Supervision - Malcolm Horn, Recovery Center Missoula Director - Dr. Daniel Nauts, and Office of Public Instruction Statewide School Mental Health Coordinator - Erin Butts. Each of these presenters will share their expertise and perspective on trauma informed care. Summit programming will resonate with a broad range of professionals, including mental health providers, addiction care providers, primary care providers, all medical staff, law enforcement officials, and public service/elected officials. All are welcome and we encourage community members to attend who would like to become more trauma informed and enhance their insight regarding mental health issues.

Also included in the summit will be a viewing of the award winning movie Resilience. This movie is an inspirational and informative account of a movement to use cutting-edge science and therapy to better understand and treat the impact of, otherwise catastrophic, stress and trauma on children. According to Matt Fagerholm of ROGEREBERT.COM, Resilience is, "An engrossing study of how adverse childhood experiences (ACEs) can be linked to destructive behavior and medical diseases."

The cost of the two day summit is \$125 and 13.25 CEUs will be available at no extra cost. One undergraduate EDU credit will also be available through the Montana Western School of outreach at an additional cost of \$115. Registration and payment for the single credit will take place on site the morning of day one check-in. Summit registration and information, including the summit schedule, can be found at: <https://bvhdlaac.eventbrite.com>. If you choose to register, simply click on tickets then follow the very simple registration instructions - a credit or debit card will be required. The registration deadline for this event is August 31st.

Montana Motor Vehicle Division Integrates Technology for Improved Customer Service

MTDOJ One of the First Government

Agencies to Use This Technology in U.S.

The Montana Department of Justice announced today that its Motor Vehicle Division (MVD) has launched a new chat-based automated system for its website visitors with the goal of improving and simplifying customer service.

"The Montana Department of Justice is one of the first government agencies in the United States to utilize this particular technology," said Attorney General Tim Fox. "The new system assists customers in navigating our Motor Vehicle Division's webpages, stepping them through complicated processes and services while offering a new way for Montanans to submit questions and comments directly to employees who can answer them, making the most of everyone's valuable time."

Similar to texting on a cell phone, the Bot Enhanced Navigation (BEN) system is completely mobile responsive and does not require users to download an app to use it. BEN is available 24/7 on MVD's website to help customers whenever it's convenient for them. Another system, the Customer Assistance Management Interface, or CAMI, will change the way MVD interacts with its customers.

Sarah Garcia, Motor Vehicle Division Administrator, said, "Implementing this new system is part of our commitment to use innovative technologies to develop smart solutions for the way we deliver services to our customers. By focusing on our pledge to responsibly use taxpayer funds, the technology itself cost us less than \$700 for lifetime access. If we were to have outsourced this work, MVD would have spent tens of thousands of dollars for this type of implementation, along with a monthly users fee."

The new customer assistance system filters customer questions, comments, and complaints and will give citizens a chance to rate and give feedback on the Montana Department of Justice's website and on MVD's customer service.

To access MVD services on the web, visit: <https://dojmt.gov/driving/>.

The public is invited to a community meeting tonight, Monday, August 7 at 7:00 pm at the Georgetown Lake Fire Station #1, 100 Fire Lane, off of Southern Cross Rd. Fire personnel from the Meyers Fire incident management team and the Georgetown Fire Chief will be presenting information about current fire updates and potential future outlooks.

The Meyers fire, located 25 miles southwest of Philipsburg, Montana showed some increased activity on Sunday afternoon. Stable conditions combined with drift smoke reduced the fire behavior in the morning while afternoon clearing allowed an increased level of activity. Smoke will persist from other fires in the region as well as Canada.

This fire will be a long duration fire and will grow larger over time. Residents of the East Fork Reservoir and Georgetown areas can expect to see fire vehicles and equipment over the next few days. While the Meyers fire is not posing an imminent danger to those areas, the incident management team and local fire staff are developing a longer term contingency plan to protect those communities. All incident management actions reflect a commitment to safety for the public, firefighters and aviation operations.

Firefighters continue constructing and strengthening indirect contingency lines in the northern and eastern flanks of the fire and crews are successfully removing excess fuels from lines. These efforts, utilizing existing roads and natural barriers, present the most effective and safest option for stopping the fire growth when and if it moves toward them.

Evacuations: The Granite County Sheriff issued evacuation notices for the FROG POND BASIN, COPPER CREEK CAMPGROUND areas, and the MOOSE LAKE area. These areas are closed for public health and safety due to wildfire.

Fire Restrictions/Closures: The current Fire Danger level across the forest is Very High. Granite County has implemented Stage II Fire restrictions for private lands within Granite County. An Emergency Closure Order, dated August 3, 2017, is now in place. An emergency Closure Order, dated Aug. 3, 2017, is in place for Copper Creek road #80 closed at the junction with Moose Lake road #5106. The Copper Creek Campground is closed. The Ross Fork road #70 remains open to local traffic only.
