Ronald A. Benson

Ronald A. Benson, 74, died September 16, 2017, in Dillon, Montana, after a battle with cancer. Ronald was born in Dillon on December 26, 1942, to Arnold G. and Cora (Anderson) Benson.

A 1961 graduate of Beaverhead County High School, Ron served as President of the Future Farmers of America, the Student Body President, and during graduation was presented the coveted Alumni Cup. Ron attended Montana State University where he continued active involvement finally serving as a 2nd State Vice President in Future Farmers of America. Ron earned the American Farmer Award in 1964. Ron graduated from Montana State University in 1966. Ron also served in the Montana National Guard. On January 1, 1967, Ron bought the Benson Ranch east of Dillon. In April of the same year, he married his high school sweetheart, Marilyn Miller. The couple settled into ranching and farming and raised four daughters over the next 5 decades. Ron cared deeply for the land and his livestock. He fought the spread of evasive weeds knowing the impact on the native grasses and vegetation. Ron studied and tended to his cattle raising beef that was both hormone and anti-biotic free. Together, Ron and Marilyn, established the Beaverhead County Angel Fund which provides essential educational materials to the students in need of Beaverhead County. He strongly supported the work of the Weed Board, 4-H, and the Dillon Volunteer Fire Department.

Ron was preceded in death by a brother, Bobby, a son, Billy, and his parents.

In addition to his wife of 50 years, Marilyn, Ron is survived by his daughters Kim (Dan) Christiansen, Kami (Tony) Luigs, Cindy (Victor) Delgado, and Kristi (Matt) Davis and 5 grandchildren: Kate Christiansen, Susan Christiansen, David Luigs, Matthew Luigs and Luke Davis.

Visitation will be on Friday, September 22, 2017 from 7:00-8:30 p.m. The Memorial Service will be Saturday, September 23, 2017, at 10:00 a.m. Both will be at Brundage Funeral Home.

A reception will follow the Memorial Service on Saturday at the Beaverhead Golf Club.

For those who wish to honor Ron's memory, please send your donations to the Dillon Volunteer Fire Department in lieu of flowers.

BEAVERHEAD COUNTY HIGH SCHOOL EVACUATED OTHER SCHOOLS LOCKED DOWN

Parents were called and informed before noon yesterday that the Beaverhead County High School was evacuated and could be pick up and the elementary and middle schools were in lockdown due to an unspecified threat. All sports practices, games, after school activities had been canceled for the day.

According to Dillon Chief of Police Don Guiberson, a student reported that a pair of students had guns on them in school at approximately 11 a.m. Deeming the incident a "credible threat" school officials evacuated the high school. Guiberson said a pair of revolvers were found in the students' backpacks after a search.

The two juvenile students were detained and could face possible charges of criminal endangerment. No one was injured in the incident, according to Guiberson.

As per standard protocol, The Montana Highway Patrol and investigators from Helena continue to investigate the incident. Dillon Chief of Police Don Guiberson will follow up with a report at a later time.

Colstrip to Receive Minimum of $10 Million for Community Impact As Result of Rate Case Settlement

Settlement Must be Approved by Washington Utility Commission

Through a settlement agreement filed Friday with the Washington Utilities and Transportation Commission, the town of Colstrip would receive a minimum of $10 million dollars to mitigate economic impact from the closure of two electricity generating units owned by the Washington utility, Puget Sound Energy. The settlement is part of an electricity rate case filed in January by Puget Sound Energy, a part owner of all four units at the Colstrip facility.

Speaking to the settlement, Montana Attorney General Tim Fox said, "In representing the state's interests in this rate case, my office has made clear through negotiations with PSE our expectation that the utility fulfill its responsibilities to the state of Montana. This settlement is a good start, and we urge the Washington UTC to approve it as agreed upon by the parties."

In July, Attorney General Fox met in Helena with executives from Puget Sound Energy to urge the utility to create a community transition fund for closing Colstrip Units 1 and 2; to prepare to cover the full cleanup costs for Units 1, 2, 3 and 4; as well continue to operate Units 3 and 4 for several decades if the units are well-maintained and provide value to their customers. This settlement is the result of that meeting, as well as negotiations through the formal filing process with the other parties to this proceeding.

The settlement agreement consists of five primary

elements that allowed the state of Montana to sign on. These include:

1) The settlement in no way establishes a proposed or suggested shutdown or "end of useful life" date for Colstrip Units 3 & 4.

2) The acknowledgement by PSE that they are liable under state and federal law for decommissioning and remediation of the Colstrip facility. PSE has set aside an initial reserve fund of approximately $395 million for clean-up costs, a responsible action on behalf of the utility to prepare for whatever requirements the state of Montana determines PSE is liable for under state and federal law. PSE acknowledges that the amount of $395 million is a "place holder" amount that could change once the state of Montana determines the company's final liability.

3) The acknowledgment by all parties to the settlement that the state of Montana has the sole jurisdictional authority to determine PSE's liability for decommissioning and remediation requirements of the Colstrip Facility, in a Montana forum.

4) The initial investment of $10 million by PSE in a "community transition fund" for the town of Colstrip, Montana, and the acknowledgment by all parties that this fund is a minimum amount, and is not capped by agreeing to the terms of this settlement. If approved by the Commission, Attorney General Fox will work to help organize the stakeholder group that will develop the plan outlining how this fund will be used.

5) The acknowledgement by all parties that this settlement in no way releases PSE from their legal and financial obligations to the state of Montana as established by current or future federal and Montana law. Also, that the settlement in no way limits the state of Montana's jurisdictional authority.

The settlement must be approved by the Washington Utilities and Transportation Commission. A hearing to present the settlement before the commission is tentatively scheduled for September 27.

"I have been sleeping so much better than for years!"

"I'm so grateful to be able to be in this HIP program! My health is drastically improving! I have been on blood pressure medication for 10+ years, as well as medication for GERD, and now my doctors feel the medication is unnecessary."

"There is no other program out there that offers what HIP does for the cost = counseling, education, exercise and labs! Each of those things would cost hundreds of dollars separately!"

"Amazing program. Period."

"My A1C went from 9.7 to 6.1. I can live with that."
