Attorney General Fox Encourages Montanans to Participate in National Prescription Drug Take-Back Day 23 Collection Sites Set to Participate on Saturday

On Saturday, October 28 from 10 a.m. to 2 p.m., the Montana Department of Justice, local law enforcement agencies, tribal law enforcement agencies, and the Drug Enforcement Administration (DEA) will give the public its fourteenth opportunity in seven years to prevent pill abuse and theft by ridding their homes of unused prescription drugs.

Montanans are invited to bring their unwanted prescription pills and patches for free, anonymous, no-questions-asked disposal at one of 24 participating collection sites across the state.

"In the previous Take-Back events held in April, over 4,300 pounds of prescription drugs were safely disposed of at 25 collection sites across Montana. While those numbers indicate great participation, I know we can do even better this Saturday," said Attorney General Tim Fox. "Our state is in the midst of a substance abuse epidemic, and prevention efforts are vital. Prescription drugs that sit in home medicine cabinets are highly susceptible to abuse, misuse, and diversion. I encourage all Montanans to proactively dispose of their unused and expired prescription drugs at a Take-Back Day location on October 28 or at a permanent drug take-back box near them."

The following items cannot be accepted at the Take-Back events: Illegal drugs, chemotherapy drugs, needles, sharps, mercury (thermometers), oxygen containers, pressurized canisters, and radioactive substances.

Cities hosting Take-Back events include Big Timber, Billings, Bozeman, Browning, Crow Agency, Cut Bank, Dillon, Gardiner, Glendive, Great Falls, Helena, Lame Deer, Lincoln, Miles City, Missoula, Poplar, Roundup, Stevensville, Superior, and Whitefish. To view the details of each event, visit www.dea.gov. This site will be continuously updated with new take-back locations.

Montanans who cannot make it to a Take-Back Day event, or who do not live in one of the cities hosting a Take-Back event, can dispose of their unwanted medications by visiting one of over 50 permanent drug drop box locations across the state. The complete list of permanent drug drop box locations in Montana is available at www.resolvemontana.org.

The National Prescription Drug Take-Back event addresses a vital public safety and public health issue. Nationwide, a total of 900,386 pounds, or 450 tons, were brought to 5,498 collection sites on April 29, 2017. Overall, in its 13 previous Take Back events, the DEA and its partners have taken in over 8.1 million pounds—more than 4,050 tons—of pills.

Studies show that many abused prescription drugs are obtained from family and friends, including from the home medicine cabinet. In addition, many Americans do not know how to properly dispose of their unused medicine, often flushing them down the toilet or throwing them away; both potential safety and health hazards.

To learn more about substance abuse in Montana, visit the Montana Department of Justice's Substance Use in Montana Report.

THE UNIVERSITY OF MONTANA WESTERN GLASS STUDIO ANNOUNCES OPEN HOUSE

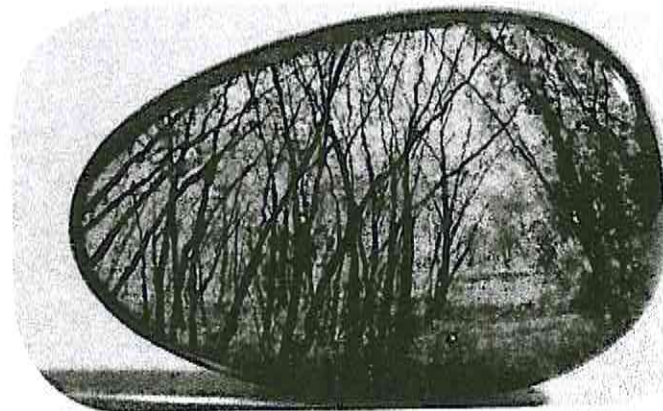

The University of Montana Western's Glass Studio has scheduled an Open House for Tuesday, Nov. 7, 2017 from 4-7 p.m. This event will be co-hosted by the University of Montana Western's Alumni and Friends.

Associate Professor Michael Hengler will provide an introduction to the studio's facilities, which are used by students during their course work in many facets of glass working including: hot shop, torch working, fusing, casting and cold working. Students in glass courses learn to work with glass, both towards technical mastery and as a material adept at articulating conceptually-driven artwork.

Honored guest artist, Miriam Di Fiore, will be present at the Open House to share her methods of creating unique works of art with glass. Originally from Argentina and currently living in Italy, she has become a master of her craft, having traveled the world teaching classes and exhibiting in galleries. Her art can be found in several museums and permanent collections and features her unique glass layering technique to create a three-dimensional effect in the scenes she creates, often representing nature and forests. Montana Western students will work directly with the artist in residence as she shares her expertise during the week of the Open House.

The event is free and open to the public, and complimentary refreshments and hors d'oeuvres will be served. The Glass Studio is located in the Emerick Art Studio across the street from the South end of Main Hall.

For more information, please contact Roxanne Engellant by email at roxanne.engellant@umwestern.edu, or call 406-683-7305.

Is your propane cylinder **SAFE?**

Propane cylinders must be periodically requalified to be safe for use*. Do not use cylinders that have not been requalified because you risk property damage, severe injuries, or death.

To see if your cylinder is okay to use, look for these markings:

A Manufacturing Date:
Cylinders must be requalified within 12 years of manufacture (in this illustration by May 2017).

B Requalification Date:
If the cylinder is older than 12 years, look for a "requalification date".

Type of Inspection: Cylinder must be requalified within 9 years

V123456 0714 E

Requalifier: Month/Year marked

*This illustration indicates a visual inspection and must be requalified within 5 years or by July 2018

Other possible requalification markings:

7#14
 No alphabetic separation date means the cylinder must be requalified within 12 years (by July 2026 in this example)

7#14S
 "S" means the cylinder must be requalified within 7 years (by July 2021 in this example)

7#14E
 "E" means the cylinder must be requalified within 9 years (by July 2019 in this example)

U.S. Department of Transportation
 Pipeline and Hazardous Materials Safety Administration

*A list of U.S. DOT approved requalifiers and their ID number (PRR) is available on the PHMSA website:
<https://portal.phmsa.dot.gov/requalifier>
 For more information, contact the Hazmat Info Center:
 1-800-487-4822

Rocky Mountain Supply is happy to offer propane cylinder requalification **FREE** of charge. Please make sure your propane cylinders are empty and plan a little extra time for the inspection process. We are unable to fill cylinders that are out of date until they have been requalified.
