Beaverhead Outdoors Assoc.

The B.O.A. is holding its monthly meeting Thursday, Nov. 9, 2017 at 7:00 pm at the Beaverhead Search & Rescue Building. Everybody is welcome to attend.

McFadden's Ice Cream Parlor and Bakery

Are you already tired of winter? Stop by the Beaverhead County Museum and view our new display featuring McFadden's Ice Cream Parlor and Bakery. It is sure to remind you of those warm days when a soda in a real soda glass, not cardboard, was just the thing. The picture of McFadden's bakery cart will bring back the scent of baked bread, fresh out of the oven. The bakery wagon was horse-drawn and went up and down the streets of Dillon, announced by a bell and the great smell of yeast bread.

This display is the beginning of a monthly effort on the part of the museum to bring to light some of our interesting artifacts that are in storage. The area set aside for these displays is in the main room of the museum, so visitors can stop by over lunch hour, view the artifacts and still make it back to work on time. Of course, those who would like to look at the wonderful displays housed throughout our campus can do so for a nominal fee of \$2 for seniors, \$3 for adults and a family rate of \$6. Children are free if age 11 or under and we even have a treasure hunt booklet for them to enjoy. The Beaverhead County Museum is dedicated to preserving the history of the county for all to enjoy.

Regional Forester Announces Honor Awards

Leanne Marten, Regional Forester for the US Forest Service's Northern Region, announced the recipients of the 2017 Regional Forester Honor Awards.

The annual awards program recognizes significant contributions to the agency's mission to sustain the health, diversity and productivity of the nation's forests and grasslands to meet the needs of present and future generations. The award categories align with the four, outcome-oriented goals in the Forest Service's Strategic Plan: sustain our nation's forests and grasslands, deliver benefits to the public, apply knowledge globally, and excel as a high-performing agency. Additionally, awards are presented for volunteerism and service as well as the Forest or Grassland Unit Safety Award.

The awards will be presented during a ceremony on November 15 in Missoula, MT.

The award recipients are:

Letter to the Editor

Who still prays? I moved to Dillon back in 1990 from Albuquerque, NM. It was there that I attended a church that had 25-30 laymen meet for prayer very early every Saturday morning, year around. While I lived in Boise, ID for a short time back in the early 90's there were 30-35 pastors from nearly every church met every Wednesday noon for one hour for prayer. Why not Dillon?? The only thing that is going to save this Nation, forgive me ladies, is men on their knees in prayer. I challenge you to meet with me at noon every Wednesday, during the Lunch Bunch, to pray for the youth of this county and Nation.

**CWD sample comes back suspect, second
sample submitted**

A chronic wasting disease sample collected by
Montana Fish, Wildlife and Parks in late October from
a hunter-killed deer was found to be suspect for chronic
wasting disease.

The sample was collected from a mule deer buck
harvested in hunting district 510 south of Billings. The
animal was killed in an area with a mixture of private
and public land 10 miles southeast of Bridger. A second
sample collected from the animal is being sent to the
lab at Colorado State University for further testing, with
results expected next week. If the result is positive, it
will mark the first time CWD has appeared in wild deer,
elk or moose in Montana.

FWP has notified the hunter who submitted the
suspect sample and landowners in the area where the
deer was harvested. Though typically it takes one
sample test to determine whether an animal is positive
for CWD, that wasn't the case here. Though the sample
is considered suspect at this point, it is very rare that a
suspect sample isn't ultimately found positive. Therefore,
FWP is moving forward as if the deer will ultimately be
determined positive for CWD.

"We've suspected it wasn't a matter of if, but when
CWD would show up in Montana," said Ken McDonald,
FWP wildlife division administrator. "Fortunately, we've
done a lot of work to prepare for this, and are hopeful the
prevalence will be low as we work toward managing the
disease."

A decorative arrangement of stars in various sizes and orientations surrounding the word 'Congratulations!'. The stars are scattered around the word, with some appearing to trail off from the end of the word. The word 'Congratulations!' is written in a large, elegant, cursive script. A horizontal line underlines the word, with a small flourish at the end. The entire design is enclosed within a double-line border.

Congratulations!
