He was also a founder of the Bitterroot Valley Dusters car club in Hamilton MT.

Art is survived by his wife Patricia, and their children David Blade (Valerie), and Cynthia Davis (Aubrey) all of Helena. Testing confirms CWD in mule deer buck from south central Montana

A second test on a tissue sample from a buck harvested in hunting district 510, south of Billings, has come back positive for chronic wasting disease.

This buck was harvested Oct. 22 about 10 miles southeast of Bridger. Initial testing received by Montana Fish, Wildlife and Parks last week showed the animal was suspect for CWD. A second sample from the buck was sent to Colorado State University for follow up testing.

"These were the results we expected," said Barb Beck, FWP Region 5 supervisor and CWD incident command team lead. "Fortunately, we have a well-thought out response plan that will guide our steps moving forward."

The first test of a sample from a second buck was reported back as suspect on Tuesday. This buck was harvested on Nov. 5 about 3 miles south of Belfry, also in HD 510. A second sample from the animal is currently undergoing confirmation testing. Those results are expected next week.

In response to these detections, FWP director Martha Williams established an incident command team on Nov. 7. The team is comprised of FWP staff and representatives from the Montana Department of Health and Human Services, Montana Department of Livestock, Montana Department of Environmental Quality, and Crow Nation.

The incident command team is implementing a response outlined in FWP's CWD Response Plan, which is currently out for public comment. The plan calls for establishing an initial response area for the purposes of a Special CWD Hunt. This hunt, should it occur, would need to be approved by the Montana Fish and Wildlife Commission and would be held after the general hunting season. The goal of the hunt would be to harvest enough mule deer to establish disease prevalence and distribution.

For Hunters

Though there is no evidence CWD is transmissible to humans, it is recommended to never eat meat from animals that appear to be sick or are known to be CWD positive. The Centers for Disease Control and Prevention recommends hunters who have harvested a deer, elk, or moose from a known CWD-infected area have the animal tested prior to consuming it. If hunters harvest an animal that appears to be sick, the best thing to do is contact FWP and have the animal sampled.

Some simple precautions should be taken when field dressing deer, elk or moose:

· Wear rubber gloves and eye protection when field dressing.
· Minimize the handling of brain and spinal tissues.

· Wash hands and instruments thoroughly after field dressing is completed.
· Avoid consuming brain, spinal cord, eyes, spleen, tonsils and lymph nodes of harvested animals. (Normal field dressing coupled with boning out of a carcass will essentially remove these parts.)

Montanans need to remember that Montana law prohibits the import of heads and spinal columns of deer, elk or moose harvested in states or provinces that have CWD in wild or captive populations.

Out of state hunters should check their state's carcass transport restrictions since Montana is now a CWD-positive state. Hunters should also dispose of carcass waste in a Class 2 landfill. A class 2 landfill accepts all solid waste, except regulated hazardous waste. Most major landfills in Montana are class 2. However, if you have any questions, contact city or county public works director. Disposing of carcass waste on the landscape is considered littering and it may facilitate the spread of CWD.

Additionally, hunters who are concerned about whether the deer, elk or moose they harvest is infected with CWD should have the animal tested. If the animal was harvested in the priority surveillance area, the sampling can be done at one of the check stations operated in Big Timber, Billings, Columbus, Laurel, or Lavina on Saturdays and Sundays during the general season or at the FWP Region 3 office in Bozeman or the Region 5 office in Billings. If the animal is harvested outside the priority surveillance area, hunters can follow the directions on the web at fwp.mt.gov/CWD to take and submit their own samples for testing.

Background

The area where the suspect and positive samples were discovered is part of the FWP priority CWD surveillance area. FWP staff are collecting samples from hunter-harvested deer in south central Montana hunting districts. Most samples are collected at check stations and hunters receive a card with a sample number used to check test results. FWP is encouraging hunters who harvest deer within the priority CWD surveillance area, and especially hunting districts 502 and 510, to submit their animals for testing. If this is not done at a check station, hunters can call or come to the FWP Region 5 office on Lake Elmo Drive in Billings at 406-247-2940 from 8-5 weekdays.

CWD is a progressive, fatal disease affecting the central nervous system of mule deer, whitetailed deer, elk and moose. It is a slow-moving disease. However, left unmanaged, it could result in long-term population declines within affected herds.

For more information, look online at fwp.mt.gov/CWD.

7:00 p.m. @ the DNRC Office Building
at 840 North Montana Street

Beaver Head Hunters

The meeting of the Beaver Head Hunters Genealogical Society will be Tuesday, November 21, at 7:00 pm in the museum research room. This month, after our brief business meeting, we will be discussing "Skeletons in the Closet". We will take turns sharing a story about some skeleton in our own family tree. If you can't find a skeleton in your tree, we still would like to hear an ancestor's story, so come prepared. As always, the public is invited.

Requirements of Clearing Sidewalks

With winter rapidly approaching and snow in the air The City of Dillon would like to remind all homeowners and businesses about the requirements of clearing sidewalks.

The City of Dillon Ordinance 12.40.040 requires that all sidewalks in the Central Business District be freed from the night's accumulation of snow before 10:00 a.m. of the same day.

All other areas of the city must be kept clean of snow and not be allowed to remain on the sidewalks for a period longer than 12 hours.

Any person convicted of violating the provisions of this title shall be guilty of a misdemeanor and shall pay a fine of not less than twenty-five dollars and not more than one hundred dollars.

If you have any questions please contact Todd Hazelbaker, Director of Operations, at 683-4245.

Biblical Truth...God's order for the best possible family unit

----We believe the following: (1) the Bible was given by the inspiration of God as stated in 2 Timothy 3:16-17; (2) all statements made in this and any ensuing articles will be based on what the Bible says; (3) the Bible only is the reliable source of spiritual & doctrinal truth; (4) all beliefs in conflict with Biblical teachings are false.---

The scriptures are clear regarding each individual's position within the family unit. We previously referred to scriptures stating that the husband is to be the head (leader) in the family and the wife is to willingly submit to that leadership.

The following scriptures refer to the responsibility of children within the family unit:

Ephesians 6:1-3 we read, "Children, obey your parents in the Lord: for this is right. Honor your father and mother; (which is the first commandment with promise;) That it may be well with you, and you may live long on the earth."

Colossians 3:20 states, "Children, obey you parents in all things: for this is well pleasing to the Lord."

Only one thing children are instructed to do in these scriptures is obey!

In reviewing the formula for the most productive and enjoyable home we see three simple aspects: (1) The husband as the head is to love his wife as Christ loved His church; (2) the wife is to submit to the loving leadership of the husband and support him; (3) the children are to obey and honor their parents.

In "The Christian Home & Family" Dr. Robert Ashcraft makes the following statement regarding four things that a married man and woman ought to be: (1) Lovers; (2) Best friends & pals; (3) Partners; (4) Christians in conduct as outlined in the Bible.

There are many aspects to the Home and Family that can't possibly be covered in the brief articles we present on a weekly basis. The scriptures presented in in the past five weeks are for the purpose of providing God's foundation upon which a family can build and enjoy having that family in the manner God intends.

Suggestions for both husbands and wives designed to strengthen the marriage relationship are available by request at following phone number.

IT'S A MATTER OF PUBLIC RECORD

THE BIBLE SAYS

LUKE 12:2, FOR THERE IS NOTHING COVERED, THAT SHALL NOT BE REVEALED; NEITHER HID, THAT SHALL NOT BE KNOWN.

NUMBERS 32:23, BE SURE YOUR SIN WILL FIND YOU OUT.

THERE ARE MANY LIARS AND GOSSIPERS.

THERE ARE MANY WHO SLANDER PEOPLE

WHO DOES THESE KINDS OF THINGS?

THOSE WHO DO THE WORK OF THE DEVIL.

THE BIBLE SAYS...

PROVERBS 6:16-19 THERE ARE SIX THINGS THAT THE LORD HATES, SEVEN THAT ARE AN ABOMINATION TO HIM: HAUGHTY EYES, A LYING TONGUE, AND HANDS THAT SHED INNOCENT BLOOD, A HEART THAT DEVISES WICKED PLANS, FEET THAT MAKE HASTE TO RUN TO EVIL, A FALSE WITNESS WHO BREATHES OUT LIES, AND ONE WHO SOWS DISCORD AMONG BROTHERS.

PROVERBS 16:28 A DISHONEST MAN SPREADS STRIFE, AND A WHISPERER SEPARATES CLOSE FRIENDS.

LIES HAVE BEEN DISCOVERED. SLANDERERS HAVE BEEN EXPOSED

ARE YOU ONE OF THEM?
