Barrett Hospital & HealthCare Receives Performance Leadership Award in Patient Perspective

Barrett Hospital & HealthCare announced it has been recognized by The Chartis Center for Rural Health/iVantage Health Analytics and the National Organization of State Office of Rural Health (NOSORH) for overall excellence in patient perspective, reflecting top quartile performance among all rural hospitals in the nation.

The rankings are determined each year using iVantage Health Analytics' Hospital Strength INDEX®, the industry's most comprehensive and objective assessment of rural hospital performance. In partnership with NOSORH, iVantage Health Analytics has developed a data-driven program designed to identify excellence across a broad spectrum of indicators relevant to hospital performance and patient care. The Hospital Strength INDEX captures performance metrics for all rural and Critical Access Hospitals. Leveraging data from public data sources, INDEX aggregates data from more than 50 individual metrics into three major categories and eight pillars to derive a single strength overall rating for each facility.

"As we celebrate the power of rural, it's great to recognize these top performers who are excelling in managing risk, achieving higher quality, securing better outcomes, increasing patient satisfaction, or operating at a lower cost than their peers," said Michael Topchik, National Leader of the Chartis Center for Rural Health. "These leaders serve as a benchmark for other rural facilities as they strive to achieve similar results and provide a blueprint for how to successfully run a hospital and serve their communities amidst today's uncertainty and mounting pressures."

"This recognition and continued feedback from our patients reinforces our main goal of providing excellent healthcare value to our community," says Ken Westman, CEO of Barrett Hospital & HealthCare. "The entire Barrett team provides skilled, compassionate, personalized care, and it shows on every level – in the good health outcomes for our patients, and the tremendously positive feedback we receive from patients, families and the community."

The Leadership Award in Patient Perspective is added to many esteemed recognitions Barrett Hospital & HealthCare has received in 2017. Also in November, Barrett was honored by Press Ganey with an Award for Guardian of Excellence in Patient Experience. Earlier in the year, Barrett was bestowed as one of the Top 100 Critical Access Hospitals in the nation by iVantage Health Analytics and received a Gold Standard of Nursing Award by Hurst Rating and Analytics.

Charges Filed In Butte 'Pit Buck' Poaching Case

Last week, a series of charges were filed against 19-year-old Tanner Maloney of Butte in a case involving the illegal killing of a large mule deer buck known to spend most of its time on the outskirts of the Berkeley Pit.

Montana Fish, Wildlife and Parks' Enforcement received a tip about the case in which a well-known mule deer was shot around the Granite Mountain Speculator Mine Memorial in the late evening of Saturday, Nov. 4.

Charges filed include unlawful possession, hunting within city limits, and hunting without a valid license.

The 5x5 mule deer met scoring criteria for restitution.

"Pit bucks" or "mine bucks" are bucks that have been living in the Berkeley Pit area for years and, if not hunted, they tend to get big and will often come into neighborhoods and become known to the community.

In September of 2016, FWP encountered a similar case in which a large mule deer buck was shot and mortally wounded in Uptown Butte. Kyler Olsen of Butte eventually pled guilty to charges including unlawful possession, shooting with artificial lights and within city limits, shooting from a vehicle, and abandoning a big game animal among other charges.

Butte Sergeant Coy Kline says he's thankful for the help of the community.

"We're lucky to have a watchful public out here that truly values its wildlife. A lot of these cases might go unsolved without this help."

The best way to alert FWP to wildlife crime in Montana is to call 800-TIP-MONT. Callers may remain anonymous.
