AUTHOR AARON PARRETT TO SPEAK AT DANCES WITH WORDS SERIES

On Dec. 14, 2017, at 7:30 pm, author Aaron Parrett will visit the University of Montana Western for a reading as part of the "Dances with Words" series. Each performance in the series takes place at The Cup, Montana Western's coffeehouse located below the library on campus.

"Dances with Words" is produced by English Professor Alan Weltzien. The series, free and open to the public, provides the community with a unique opportunity to listen to writers reading their own works, including Montana Western student writers.

Aaron Parrett's presentation for the evening is titled "Maple & Lead: The Making of a Letterpress Book."

An English professor at the University of Providence (located in Great Falls, Mont.), Parrett runs Territorial Press where he practices the art of letterpress, printing poetry, literature, and cards with handset type.

Born in Butte, Mont., Parrett has published several books about his home state including "Montana: Then and Now," "Literary Butte," and "Montana Americana Music."

His expertise in the region led to him being a guest on "Anthony Bourdain's Parts Unknown" when the television show made its way to Butte.

Parrett's talk will focus on the intricate process of creating books by hand.

According to Territorial Press, the obsession started when "Aaron Parrett hit a midlife crisis and bought his hot-rod: A vintage, C&P treadle press. But it didn't end there. It was merely the gateway."

For more information, please contact Alan Weltzien by email at alan.weltzien@umwestern.edu or call 406-683-7431.

Author Aaron Parrett will speak at the upcoming "Dances with Words" event at the University of Montana Western on Dec. 14.

Although Christmas tree fires are not common, when they do occur, they are more likely to be serious. Carefully decorating your home can help make your holidays safer.

Picking the tree

Choose a tree with fresh, green needles that do not fall off when touched.

Placing the tree

Before placing the tree in the stand, cut 2" from the base of the trunk. Make sure the tree is at least three feet away from any heat source, like fireplaces, radiators, candles, heat vents or lights. Make sure the tree is not blocking an exit. Add water to the tree stand. Be sure to add water daily.

Lighting the tree

Use lights that have the label of an independent testing laboratory. Some lights are only for indoor or outdoor use. Replace any string of lights with worn or broken cords or loose bulb connections. Read manufacturer's instructions for number of light strands to connect. Never use lit candles to decorate the tree. Always turn off Christmas tree lights before leaving home or going to bed.

After Christmas

Get rid of the tree after Christmas. Dried-out trees are a fire danger and should not be left in the home or garage, or placed outside against the home. Bring outdoor electrical lights inside after the holidays to prevent hazards and make them last longer.
