COLTON TANNER ROHLF'S MEMORY HONORED BY SCHOLARSHIP AT MONTANA WESTERN.

Montana Western Senior Delaney Hansen is the first recipient of the Colton Tanner Rohlf Memorial Scholarship. This scholarship honors the memory and life of Colton Rohlf, a Montana Western student who touched the lives of so many on campus.

Delaney and Colton were good friends who collaborated on many projects together while they were involved in the Student Senate at Montana Western. Serving as a student senator, Colton was continually looking for ways to make the campus a better place for everyone, and he implemented many new ideas including the creation of a recreation room in the Student Union Building and a campus Folf course.

Colton's love for helping others wasn't limited to Montana Western, as he performed many services in his hometown of Great Falls, Mont. He was an avid supporter and volunteer for the Special Olympics, serving as a Unified Partner and Coach for the Great Falls Hornets, a passion he shared with his mom. He also enjoyed fishing with his dad and volunteered his time in organizations including Walleyes Unlimited (Camp Walleye), the North Middle School Fishing Club, and Youth Dynamics.

According to Dean of Students Nicole Hazelbaker, Colton was truly one-of-a-kind. He worked hard in the student senate to bring forward ideas for activities and intramurals to increase positive student engagement but also made sure that other voices were heard.

"Colton was very well thought of at the University of Montana Western. He has been very missed but his legacy lives on. This is a young man who will not be forgotten," said Hazelbaker.

"I cannot think of a more appropriate choice for the first recipient of this scholarship," said UMW Chancellor Beth Weatherby. "Delaney approaches life the way Colton did, with integrity, enthusiasm, and an innate love of service to others."

His parents, Tim and Heather Rohlf, were touched to be able to award the first scholarship to Delaney.

"It was an honor that Delaney applied for the scholarship

and an honor for us to award it to her," said the Rohlfs.

The scholarship provides Delaney, an Elementary Education major, with additional motivation and enthusiasm to further pursue her education at the University of Montana Western.

"I am looking forward to giving back to this university in the future and can only hope to impact a student in the same way this scholarship, and Colton, have impacted me. I am incredibly thankful for the Rohlfs' generous gift and willingness to support me and my college career. Just as Colton will never, ever be forgotten, neither will their kindness," said Delaney.

According to Delaney, Colton was a leader, an inspiration to those around him, and a passionate student, friend, and son. He gave of himself time and time again, and was able to leave a profound impact on those around him.

"For me, I feel that my purpose is to lead the future leaders of this country to success, to inspire young minds, and to help each student find a love for learning. In fulfilling what I believe my purpose to be, I will carry my memories of Colton. I will strive to give to this world selflessly, to lead by example, to love whole-heartedly, and to search for the joy in each and every day. Colton has a permanent place in my heart and I intend on carrying the memory of him with me as I continue my education and begin my career."

Winter Recreation Abounds in the Beaverhead-Deerlodge National Forest

When the snow flies, it's time to get out the skis or snowshoes and crank up the snowmobile, because southwestern Montana offers a paradise of breath-taking vistas, glorious solitude, and pure challenge.

Downhill skiers will find two ski areas in the Beaverhead-Deerlodge National Forest: Discovery Basin, just west of Anaconda, and Maverick Mountain, northwest of Dillon. Both are independently owned and operated, so contact the ski area for season and rate information.

For cross-country skiers, the Forest offers both untracked powder for you to pioneer and groomed trails for you to follow. At Chief Joseph Pass in the Bitterroot Mountains, 25 miles west of Wisdom on Highway 43, there's a 41-kilometer system of groomed trails. Volunteers from the Bitterroot Cross-Country Ski Club regularly groom the trails through the season. Cross-country skiing in the Pioneer Mountains includes 22 kilometers of tracked trails at Elkhorn Hot Springs, and a five-kilometer marked loop trail at Birch Creek. North of Butte, 14 kilometers of ski trails are available at Moulton Reservoir, groomed and maintained by Mile High Nordic Ski Education Foundation. Near Anaconda and Wise River, on state land, are approximately 30 kilometers of cross-country ski trails on the Mt Haggin Wildlife Management Area, also groomed and maintained by the Mile High Nordic Ski Education Foundation. In the Gravelly Range, 40 miles south of Ennis, cross-country skiing is available at Wade and Cliff Lakes, in association with Wade Lake Cabins.

The Pioneer Mountains offers several snowmobile trails, including the Pioneer National Recreation Snowmobile Trail which runs from Wise River to Elkhorn Hot Springs. A map of all the trails is available at Forest Service offices and online. Grooming is provided by the Beaverhead Sno-Riders, Jackpine Savages, and Big Hole Snowmobile Club. Before beginning your journey, check the transmitting of your beacon at the beacon check near the gate at the Elkhorn Hot Springs turnoff.

Right off of Interstate 15, at either the Elk Park, Bernice, or Basin exits, snowmobilers can find 117 miles of marked and groomed trails in the upper Boulder River, Lowlands, and Cottonwood Creek areas of Jefferson and Deer Lodge Counties. This same set of trails can also be reached from the Deer Lodge exit on I-90. The trails are groomed and maintained by Mining City Trail Riders. Maps of this trail system are available at Forest Service offices and on the AVENZA phone app. During the 2018 season, snowmobile trails in the Spring Emery and Middle Fork

of Cottonwood, east of Deer Lodge, will not be groomed due to timber harvest activities and plowed roads.

Across the Forest, many mountain roads are primarily traveled by snowmobile during the winter. The Forest Service, in conjunction with Jefferson County, officially closes several roads in the mountains north of Butte to road vehicles, ATVs, and trailbikes from December 15 to April 1. The intent there is to preserve the snowpack on the roads for use by snowmobiles. These roads include Lowland Road #442, Boulder River Road #82, Hail Columbia #9485, and American Gulch #674. Visitors are reminded that closures are still in effect even when snow levels are low.

As you make your plans for this winter, remember the Forest Service offers places to stay when you want to get away. You can rent backcountry cabins in the Beaverhead-Deerlodge National Forest, some of which can be reached only by ski or snowmobile. For a complete list of cabins, visit the forest's website at www.fs.usda/bdnf/recreation. All cabins have basic amenities: beds, tables, chairs, and wood stoves. You must usually bring your own drinking water, bedding, towels, and food. Plan ahead, as many cabins get booked quickly for winter weekends. Rental rates are generally between $20 and $40 per night. To make reservations and to find out more information, call 1-877-444-6777 or go to www.recreation.gov.

Pick up a map for the part of the Beaverhead-Deerlodge National Forest that interests you, and to find out which areas and routes are open to snowmobiles. Three maps cover the entire 3.3-million-acre National Forest and are available at local Forest Service offices and merchants, or you can order maps online at www.nationalforeststore.com.

Winters in southwest Montana can be both fun and dangerous. Before heading out to enjoy your favorite recreation activity, check both the local weather forecast and the current avalanche conditions. Be prepared for the worst and be sure both you and your equipment is in top form. Information on winter weather safety can be found at www.nws.noaa.gov/om/winter. Daily updates on avalanche conditions can be found at the Gallatin National Forest (Bozeman) Avalanche Center website at www.mtavalanche.com, or the West Central Montana (Missoula) Avalanche Center website at www.missoulaavalanche.org.

For more information on winter recreation opportunities, contact any of the Beaverhead-Deerlodge offices in Dillon, Butte, Wisdom, Ennis, or Philipsburg.

VIA HAND DELIVERY

RE: Public Breastfeeding

Dear Editor,

I note Ms. Jappe's "Gentlemen and Ladies" editorial which appeared in the *Dillonite Daily* this past Monday, December 11th, and would certainly agree with her that breastfeeding in public continues to be one of those "hot tamale" social issues. While this office does not ordinarily provide legal guidance to the public at large, I believe that it is incumbent to point out that the State of Montana enacted the following legislation back in 1999 during the 56th legislative session:

§50-19-501 M.C.A. Nursing mother and infant protection:

> (1) The Montana legislature finds that breastfeeding a baby is an important and basic act of nurturing that must be protected in the interests of maternal and child health and family values. A mother has a right to breastfeed the mother's child in any location, public or private, where the mother and child are otherwise authorized to be present, irrespective of whether or not the mother's breast is covered during or incidental to the breastfeeding.
>
> (2) A unit of local government may not prohibit breastfeeding in public by local ordinance.
>
> (3) The act of breastfeeding may not be considered:
>
> (a) a nuisance as provided in Title 27, chapter 30;
> (b) indecent exposure as provided for in 45-5-504;
> (c) sexual conduct as defined in 45-5-625; or
> (d) obscenity as provided for in 45-8-201.

While I express no opinion here as to the propriety of whether a statute may indeed confer a right (as opposed to a constitutional amendment's granting of such a right), it is clear that the above statement of law (since 1999) supports new mothers should they decide to breastfeed infants and young children. In fact, my review of Montana's legislative findings behind passage of §50-19-501 M.C.A. reveals the following:

> WHEREAS, there are benefits to the child, the mother, and society by encouraging and enabling mothers to breastfeed their children; and
>
> WHEREAS, an infant who is breast-fed receives protection against infection, illness, and allergies and long-term positive effects on the development, intelligence, and health of breast-fed children have been found; and
>
> WHEREAS, a protective effect against various types of cancer and greater emotional and physical health are found for mothers who breastfeed; and
>
> WHEREAS, breastfeeding promotes sufficient birth spacing, improved vaccine effectiveness, and decreased food and medical expenses, which all have positive societal effects;
>
> WHEREAS, the Montana Supplemental Nutrition Program for Women, Infants, and Children (WIC) promotes breastfeeding education and support; and
>
> WHEREAS, legislation to clarify the right to breastfeed is necessary to promote breastfeeding by mothers and remove any stumbling block from influencing a mother's decision to breastfeed or continue breastfeeding out of fear of reprisal.

I am aware of no Montana cases in the intervening seventeen years which have sought to challenge the above statute. Indeed, in 2007, our Legislature enacted further workplace protections for public agency/government employees who choose to breastfeed at work, the scope of which are beyond the focus of this Letter. Likewise, I am unable to address any issues of moral conscience and/or offensiveness regarding public breastfeeding activities under the statute, save to point out that the act of breastfeeding infants and very small children does not ordinarily continue indefinitely under my basic understanding of human biology.

In conclusion, it is my opinion that Montana's Legislature has spoken clearly as to the public policy supporting breastfeeding for some time. With the absence of court challenges on the subject, I suppose it is left to Montana's citizens to utilize the legislative process to perhaps make any changes the citizenry itself may desire to the law.

Sincerely,

James P. Dolan
