Ann C. Kennedy

Early in the morning on Saturday, December 16, 2017 a wonderful and loving wife, mother, grandmother, and great-grandmother passed away at Parkview Acres nursing home in Dillon, Montana.

Ann was born to Mary Catherine and Kimbal Kidwell on May 7, 1939 in St Louis and graduated from Maplewood-Richmond Heights HS in 1957. Unknown to here (but not him) she met her future husband on a camping trip in Sullivan, Missouri in June 1953. She married Donald F. Kennedy on April 19, 1958 and over the next 59+ years faith fully followed him to 28 (or 29) different mailing addresses in Colorado, Montana, Nevada, Arizona, and Peru, South America. Six children, Mary, Virginia (Ginger), Donald C., Nancy, Barbara, and Dave were produced by this marriage.

She survived by her husband, children, eleven grand children, two great grandchildren, a sister Peggy Heberger and a brother Donald Kidwell. There has never been a more loving and faithful wife, mother, and grandmother. There will be no funeral as Ann has willed her body to medical science. The family will hold a private ceremony at a later date.

Thank You

Thank you to all the staff, doctors, nurses, and CNA's who gave their love and care to my wife Ann over the past year. It was a difficult task and you all did your job well special thanks to doctors Loge, McIntyre and Downey.

btpdillon@qwestoffice.net • (406) 683-9844**FWP will hold a pair of meetings in two Hi-Line towns to explain CWD recently discovered north of Chester**

The meetings are set for 7 p.m., Dec. 21, in Chester and Havre. The Chester meeting will be in the town's high school auditorium, 511 Main St. The Havre meeting will be at the Hill County Electric Coop, 2121 U.S. Highway 2 NW.

At both meetings, FWP officials will present a background on the disease, what is known about the disease along the state's northern border and what the department's CWD draft management plan identifies for actions and management in the future.

A mule deer buck shot by a hunter Nov. 12 about 30 miles north of Chester near the Canadian border has tested positive for chronic wasting disease. The deer was taken in hunting district 401 in Liberty County.

The test results mark the seventh incident of CWD discovered in Montana wild deer this fall. The other deer came from south of Billings, where more than 1,000 samples were taken from deer, elk and moose this fall. Until this year, CWD had not been found in Montana, though the disease exists in wild deer herds in Wyoming, North and South Dakota, Saskatchewan and Alberta.

In anticipation of the disease coming to Montana, FWP recently updated its CWD response plan.

CWD is a progressive, fatal disease affecting the central nervous system of mule deer, white-tailed deer, elk and moose. It is part of a group of diseases called Transmissible Spongiform Encephalopathies (TSEs). TSEs are caused by infectious, mis-folded prion proteins, which cause normal prion proteins throughout a healthy animal's body to mis-fold, resulting in organ damage and eventual death.

Though there is no evidence CWD is transmissible to humans, it is recommended to never ingest meat from animals that appear to be sick or are known to be CWD positive. The federal Centers for Disease Control and Prevention recommends hunters who have harvested a deer, elk, or moose from a known CWD-infected area have the animal tested prior to consuming it. If hunters harvest an animal that appears to be sick, the best thing to do is contact FWP and have the animal inspected.

Some simple precautions should be taken when field dressing deer, elk or moose:

Wear rubber gloves and eye protection when field dressing.
Minimize the handling of brain and spinal tissues.
Wash hands and instruments thoroughly after field dressing is completed.

Avoid consuming brain, spinal cord, eyes, spleen, tonsils and lymph nodes of harvested animals. (Normal field dressing coupled with boning out of a carcass will essentially remove these parts.)
For more information on CWD and FWP's response, please look online at fwp.mt.gov/CWD. You can email CWDresponse@mt.gov.

RED HAT SOCIETY NEWS

On Dec. 15th, 15 Red Hat Belles participated in our annual Christmas gift exchange at the 4 B's Restaurant. Alyce Wassall & Barb Schrader co-hosted this event.

Alyce gave her report on the Dillon Backpack program monies and took up another collection.

The tables were decorated with cleverly made ornaments filled with M & M's at each setting. Only 3 ornaments had a yellow M & M candy in them and they were door prize winners. The winners were Trudy Carlin, Glenda Olsen and Winona Achton. The door prizes were gift certificates. Congratulations.

Linda Shaw brought a Betty Boop Red Hat doll to show everyone. She said that it belonged to a friend and that it was for sale. Very cute.

After lunch, it was time for the gift exchange. Alyce and Barb made it very enjoyable and everyone went home with a nice gift.

Thank you to the staff of the 4 B's for their delicious food and fine service and a special thank you to our co-hostesses Alyce and Barb.

Requirements of Clearing Sidewalks

With winter rapidly approaching and snow in the air The City of Dillon would like to remind all homeowners and businesses about the requirements of clearing sidewalks.

The City of Dillon Ordinance 12.40.040 requires that all sidewalks in the Central Business District be freed from the night's accumulation of snow before 10:00 a.m. of the same day.

All other areas of the city must be kept clean of snow and not be allowed to remain on the sidewalks for a period longer than 12 hours.

Any person convicted of violating the provisions of this title shall be guilty of a misdemeanor and shall pay a fine of not less than twenty-five dollars and not more than one hundred dollars.

If you have any questions please contact Todd Hazelbaker, Director of Operations, at 683-4245.
