## AUTHOR AND MONTANA WESTERN PROFESSOR FRANCIS DAVIS TO READ AT DANCES WITH WORDS SERIES

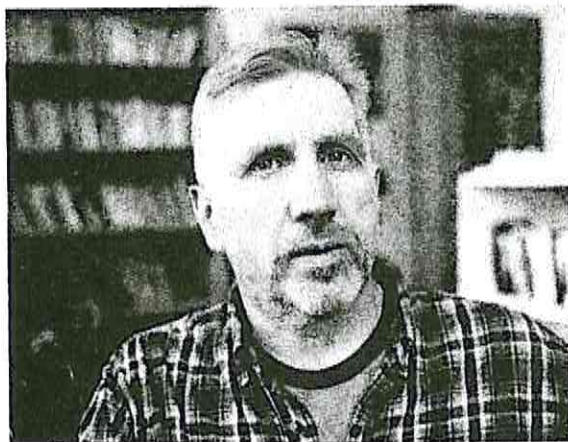

On Feb. 15, 2018, at 7:30 pm, University of Montana Western Assistant English Professor Francis Davis will be reading from his new short-story collection, "West of Love," as a part of the "Dances with Words" series. Each performance in the series takes place at The Cup, Montana Western's coffeehouse located below the library on campus.

"Dances with Words" is produced by English Professor Alan Weltzien. The series, free and open to the public, provides the community with a unique opportunity to listen to writers reading their own works, including Montana Western student writers.

Davis was a finalist for the 2016 Katherine Anne Porter Prize in Short Fiction for "West of Love." He's won writing fellowships from the Ragdale Foundation, The Millay Colony for the Arts, and the Vermont Studio Center.

The official summary for "West of Love," states: "Staring down heartbreak and regret, Stewart Simmons, flees a haunted Philadelphia for the beauty of the West. In a raw, yet lyrical, voice that gives life to the urgency and appetites of youth, "West of Love" takes place in a time before the internet, before cell phones, before technology changed the ways we live and love. And as an older Stewart looks candidly back at his younger self, a picture of the human heart emerges—one that offers a testament to how we heal, how we go on."

Daryl Farmer, author of "Where We Land," said of the collection: "West of Love" is a fierce and moving elegy to young love in a world that's about to change, in essential ways, forever. The narrator of these linked stories tries to plumb his life and attachments in the '90s for clues to the man he is in

*Author and Montana Western Professor Francis Davis will speak at the upcoming "Dances with Words" event at the University of Montana Western on Feb. 15, 2018.*

middle age, and he does so in a pungent and obsessive voice that aches with yearning for the mysterious just-beyond. A memorable debut collection by a writer who knows how to get to the heart of it."

Previous "Dances with Words" guest reader Shann Ray also spoke of the new book with high praise:

"Francis Davis has horses to spare, a thousand of them under a sleek hood, and when you get in the muscle car called "West of Love" it will set a burn in you like none other! The stories in this fast, clean, engine of a book are powerful, all-American in their existential sweep, ironic undertow, and miraculous facility with the crucible called life. Get ready for torque, wonder, desolation, and transcendence. This one is on fire!"

## Letter to the Editor

I would like to know if any of those people who seem to have all the answers could explain to me why we "The United States" is so infatuated with China. Why have we borrowed somewhere around 5 trillion dollars from China? China and Russia are both communist countries, the top governing body is the politburo, usually made up of anywhere from three to five members. Recently the politburo issued a stern lecture, "do not drift too far from our Marxist, Leninist principle. The politburo seems to think D Cho Ping, the present leader, is doing such a good job so there is no need for an election.

The politburo is all powerful so I ask why we are doing all we can to make China her number one goal which is to be the number one military and the number one economy of the world. They have invested a small amount in some of our major oil companies in able to get all the technology they can.

Recently my wife bought an expensive fry pan, on the back it said "designed in the USA, made in China". WHY?

## Judge Russ Fagg raises \$615,000 for First Fundraising Report

*80% of donations from Montana donors*

Former Montana District Court Judge Russ Fagg announced that he raised \$615,000 in the first FEC report of his U.S. Senate campaign. Notably, 80% of Judge Fagg's contributions came from Montana residents.

"I am incredibly grateful for the generosity of so many Montanans," said Fagg. "This outpouring of local support shows that Republicans are excited about a conservative, 4th generation Montanan who represents their values and can defeat Jon Tester in a general election."

"To merely say I'm humbled by the tremendous support I've received over the past three months wouldn't do justice to Montanans relying on me to bring change to Washington, D.C.," Judge Fagg continued. "I'm the only Republican candidate who can take down Jon Tester, and the level of support from my fellow Montanans proves that momentum is on our side."

In contrast to Judge Fagg's overwhelming financial support from within the state, a recent news report found that more than 81 percent of Jon Tester's donations came from out-of-state donors-- with the lion's share coming from California, New York and Washington, D.C. Far-left special interests will continue to pad Tester's coffers, since he was one of the 18 extremist liberals who voted to put illegal immigrants ahead of funding health insurance for Montana kids and for our military. The makeup of Tester's campaign contributions-- as well as those of other candidates seeking the Republican nomination-- demonstrates a clear difference for voters. Judge Russ Fagg's strong, in-state support proves he has built the broad coalition needed to win.

## Letter to the Editor

### Socialist Republic of America?

Saul Alinsky wrote many books, most notably "Rules for Radicals" which continues to influence today's democratic political environment. Bernie Sanders has been noted as using "Alinskian" tactics on state and national levels for his US Senate campaigns in Vermont and his 2016 Presidential campaign. Hillary Clinton's college thesis was inspired by the Alinsky model of organization, for which she personally interviewed Alinsky. Barack Obama once did work for the Developing Communities Project, which was influenced by Alinsky's work. Some of the key points of socialist control must be achieved in order to attain a "Socialist Republic":

1. Healthcare - Control healthcare and you control the people. In my opinion, the government at any level should never control our healthcare. Good example is the disastrous "Obamacare".

2. Poverty - Increase the poverty level as high as possible. Poor people are easier to control with less resistance if they are provided everything they need to live on to survive.

3. Debt - Increase the debt to an unsustainable level, that way the government can increase taxes, which in turn produces more poverty.

4. Gun Control - Remove the ability to defend the populous from the government. This method would create a police state. Based on the U.S. population of 320 million people, and up to 300 million firearms in the US, this would be a physical impossibility to confiscate all firearms.

5. Welfare - Take control of every aspect of subsistence for life (food, housing, income), again government can control the people with little or no resistance.

6. Education - Take control of what people listen to and read, as well as what children learn in school. Refer to my article "Liberal Indoctrination in our Learning Institutions" - June 2017.

7. Religion - Remove the "belief in God" from school and government institutions.

8. Class Warfare - Divide the wealthy and the poor. This will increase dissension and mistrust.

Mr. Alinsky simplified Vladimir Lenin's original scheme for world domination by communism. During Stalin's rule in Russia, he described his converts as "Useful Idiots". These "Useful Idiots" have destroyed every nation in which they have seized with power and control. Socialism is presently happening at an alarming rate in America. Remember this; socialism is the rest stop on the highway to Communism!

## BACKCOUNTRY FILM FESTIVAL COMES TO TOWN NAME

*Celebrating the Winter Human-Powered Experience*

The 13th Annual Winter Wildlands Alliance Backcountry Film Festival will show in Dillon on Saturday January 27th at The Patagonia Outlet. All proceeds benefit Montana Wilderness Association.

The Backcountry Film Festival is produced by Winter Wildlands Alliance as a celebration of the human-powered experience and a gathering place for the backcountry snowsports community. Winter Wildlands Alliance is a national nonprofit organization that partners with groups like Montana Wilderness Association at the local level to inspire and educate the backcountry community to protect and care for their winter landscapes. Funds raised at each screening stay in the local community to support human-powered recreation and conservation efforts, winter education and avalanche/safety programs and to raise awareness of winter management issues.
