THE UNIVERSITY OF MONTANA WESTERN ANNOUNCES MODEL FOR NATIVE AMERICAN EDUCATION PRESENTATION BY DR. CRYSTAL REDGRAVE

The University of Montana Western's Multicultural Committee has scheduled a special day of events for students culminating with a public lecture on Tuesday, February 13, 2018 at 6:00 pm in the Lewis and Clark Room for Dr. Crystal Redgrave's visit to the Montana Western campus.

Kmezena, (Dr. Crystal Redgrave), Ph.D. is "Wadopana (Canoe Paddler Natoka) from the Assiniboine and Sioux Tribes" of the Fort Peck Nation. Redgrave has dedicated her life to serving Native American communities in the capacity as an educator. Over the years, she has been both an educator and administrator in various school districts throughout the United States.

Redgrave's model of Native education encompasses the four states of learning (emotional, physical, cognitive, and spiritual). The model is framed around traditional values (love, honesty, bravery, humility, truth, and wisdom) and wrapped in the concepts of respect (respect for family, self, relatives, and all that exists). The model seeks to develop creative, collaborative, communicative, and analytical minds. Most importantly, the model is framed around the concept of family; how we are cared for and how we learn to care for others.

Schedule of events for Feb. 13, 2018:

- 9:00 am - 10:00 am- Morning student lecture in the Lewis and Clark Room
- 11:30 am - 12:30 pm- Meeting and lunch with interested students in the Multicultural Room
- 1:00 pm - 2:00 pm- Afternoon student lecture in the Lewis and Clark Room
- 6:00 pm - 7:30 pm- Public evening lecture in the Lewis and Clark Room

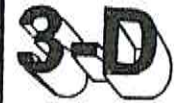

For more information, please contact Professor Michael Francisconi by calling 406-683-7328 or email michael.francisconi@umwestern.edu.

**Jennifer Hughes
January 25, 2018**

To our beloved community of Dillon,

Our beautiful and precious daughter, Jennifer was born to us this past Thursday, January 25, 2018. However, it was our Heavenly Father's will that she be taken to be with Him just prior of her arrival. While our hearts are broken, we are at peace knowing that Jenny's sweet spirit is now and forever with our Heavenly Father and she is now part of our eternal family.

Please know that your thoughts and prayers have and will continue to sustain us during this difficult time. We so appreciate all your love and support for us and our dear baby Jenny.

A Jennifer Hughes Memorial Fund has been created in her memory. Proceeds will be used to purchase a piece of playground equipment in her name for the Jaycee Park Renovation Project which Erin has been involved in organizing.

Donations may be sent to:

Zoning, Jan. 23, 2018

By: MJ

Director of Operations: Mr. Hazelbaker reported that letters will be mailed out to anyone within 200 ft. of the 700 block on Atlantic St. alerting them of a possible zoning change. If you have a pro or con comment contact the Operations Director. Hazelbaker reported the high school has not applied for building permit. It was discussed that the Downtown Park Committee would have to file for building certificates for the pump, bathroom, and amphitheater buildings to be located on Jaycee Park. There is no language (rules or regulations) zoning document that refers to playground equipment or a splash pad.

Certificate # 2511: Skradski's residence building was brought forward again. On Jan 9th the board tabled this permit for lack of information. Last night one (1±) hour was taken by the board to discuss this application. One question the board had to determine was; is the building an "accessory or principle?" Different regulations for setbacks, parking, fire code and more apply depending on type of building. *Picture this; the board members, with a 200± page document in front of them all trying to figure out if this permit can be approved. At the same time people in the audience are continually popping up and down to the microphone expressing points in the document that support their personal reasoning and wants. Continuous interruptions from a couple people in the audience is the norm. Would it be possible for these people to collect all their thoughts together, and make their point with one trip to microphone, sit down and let the board do their work? Seems like it would be more productive for everyone.*

The decisions made by zoning board and forwarded to the council often will have residual effects. There is very little if any discussions about the true facts in Dillon; the economy, the high percentage of poverty level wages, what people can afford, how people can get their first home, loss of valuable government jobs with perks, bringing jobs to Dillon that pay a living wage...

Note: Documents are a guideline, made to be changed with the requirements and needs of the times. They are made to be revisited from time to time. Yes, it is necessary to have rules, regulations and other documentation that provide guidelines for leadership. When the documents are contradictory within their contents, outlines subjects' in different areas with dissimilar wording and over-reaching the need for protection, the direction becomes "confusion."

It appears in Dillon there is a desire by some folks to have a "perfect" town in their eyes, no matter what the cost to the community is. **Note:** "Perfect" is the figment of someone's mind, determined by what they deem important or what they desire.

Thought: People do not need to look in the eyes of others, yet we do need to see each other. It looks as if at some of the city meetings there is a great deal of not seeing the other person. Sometimes the brains "hard wired system" tells people to view others as non-entities, (don't see - don't hear). Information = Objectivity = Creativity = Solutions.

CONGREGATE MEALS

Search and Rescue News Fish Derby

On Saturday January 4, the Beaverhead Search and Rescue sponsored its annual Stan Shafer Memorial Ice Fishing Derby. The contest began at 7:00 am and concluded at 4:00 pm. It was a great day on the ice with 500 to 600+ contestants attempting to snag one of the big payout fish. Neither of the two tagged fish were caught, however, the unit still payed out \$1800.00 in fish prize money and \$620.00 in 50/50 splits.

More good news is that the S&R will pay \$100.00 to anyone who catches either of the derby day tagged fish within the next year.

The Search and Rescue also awarded 340 door prizes to lucky ticket holders. Door prizes range in value from \$15.00 to \$500.00. Anyone not picking your prize up the day of the derby may do so Wednesday night January 31st between 7:00 and 8:00 pm. Members of the unit will also be delivering some of the prizes to individuals they sold tickets to. If you were a lucky winner, you may contact the individual you purchased your ticket from and make arrangements for pick-up.

The Beaverhead Search and Rescue would like to thank all that supported us and this event through the purchase of derby tickets, 50/50 tickets, donations of door prizes, and most of all those individuals that brave the elements and actually participate in the day's activities.

On the next page are the results of the Stan Shafer Memorial Fish Derby:

A Temporary Refuge

For 14 years, Lee Spencer and his dog Sis camped next to a deep pool on a tributary of the North Umpqua River protecting wild summer steelhead from poachers. Join us as he recounts some of their experiences, as told in his new book, A Temporary Refuge. We'll be serving light refreshments and beverages as Lee regales us with stories and detailed observations. Signed copies of A Temporary Refuge will be available for purchase. Select readings will be read by Craig Mathews, a master fly-fisher, and co-founder of 1% for the Planet. Patagonia Outlet doors open at 7pm, Event 7:30PM Wednesday, January 31st
