LENT, 40 DAYS TO REFLECT AND REFORM

Traditionally the Christian year is divided into seasons beginning with Advent, 25 days preceding Christmas Day. The season of Christmas is 12 days capped by Epiphany, January 6.

Easter Sunday is calculated based upon the stage of the moon. Counting back 40 days from Palm Sunday, the Sunday before Easter, is the first day of Lent, Ash Wednesday.

Many Christians mark the first day of the season of Lent by participating in a worship service of repentance and humility for our breaches of God's will for us. We confess our failures to live a righteous life, state our repentance and mark the day with the mark of the cross on our foreheads in ashes. Often the ashes are derived by burning the palm branches we celebrated with on Palm Sunday last year.

In many cultures the day before Ash Wednesday is known as Shrove Tuesday or Fat Tuesday. A tradition has developed around Shrove Tuesday that cannot be considered very Christian. It is the celebration of "Carnival" or Mardi Gras. Carnival is derived from the word carnal, having to do with unsavory human natures. In an effort to minimize the harm that can come from carnal celebrating, Christians mark Shrove Tuesday with a respectful recognition that the next 40 days of Lent will be a time of reflection, confession, striving to correct our sinful activities, and preparing our spirits for recommitment to living as Jesus Christ displayed and asked us to live.

Other groups clean the dust from their homes and use up all fat. This tradition comes from the making of soap. Soap is made by dredging wood ashes with melted (rendered) fat, another reason to call Shrove Tuesday "Fat" Tuesday. The Hutterite Brethren still save all their fat in a freezer and make soap twice a year. Soap is used for cleansing, an appropriate beginning for Lent.

Pancakes and pastries use fat as shortening. Many church groups celebrate Shrove Tuesday with a pancake supper. In New Orleans, Mardi Gras is marked with the extra rich with shortening Beignets, a square donut covered with powdered sugar. The shortening and the deep fat frying use up fat and most likely add fat to our bodies. A decadent act before the repentance of Lent.

What is a hero? A hero is a person that is admired for their courage, outstanding achievements or noble qualities. In our opinion, Joan Grogan is a hero! She is a woman that has faced many struggles and challenges in her life. Not only is she a small business owner in our "small" town in America, she is also a two-time cancer SURVIVOR!!! Joan is a mother of 2 children and has been blessed with 4 grandchildren. She has always had a place in her heart for community service and things that she believes strongly in.

Since Joan's children were little (and probably before then) she's been volunteering with clubs and organizations too numerous to mention. Some of the most notable are St. Jude's Bike-A-Thon, Youth Bowling Organization, Dillon JC's, Bannack Association and Relay for Life. Those few clubs/organizations are enough to keep anyone busy, but Joan didn't stop there. Joan is currently involved with SWMT Friends of NRA, Beaverhead Sno-Riders, Patriot Guard Riders, VFW Auxiliary, and one thing that is very important to Joan is the pink firetruck with the nationwide organization Pink Heals! She's also there for anyone with anything to do with our American Soldiers and Veterans.

If you need an unbiased opinion or a friendly ear to listen, Joan is always there. You could know her for a lifetime or just run into her in the grocery store, and she is always there with a listening ear and encouraging words. Even when Joan was home "sick" with her cancer treatments, you couldn't keep her down. She was always thinking of someone else and someone or a club that she should be busy with and doing something with or for. Joan

is a very strong woman with broad shoulders and is always there for anyone in any circumstance. She is an amazing role model for our younger generation to look up to and follow in her footsteps. Even though her plate seems to be overflowing, we don't see her stopping anytime soon. Joan, you are very deserving of the White Hat Coalitions "Doer of Good Deeds" Award!!! Thank you for all you do for our small community, your time and generosity hasn't gone unnoticed all these years.

Street and Alley Continued Jan. 31. 2018

By: MJ

New Gas Tax Dollars: Board passed a Resolution to Request the Distribution of new gas tax monies. The city must apply to the State of MT for the monies or the state will not release them and after several years the state would keep the money. Politics (fair or not), at work. Make the cities/counties ask for what is theirs or state keeps.

NOTE: It is estimated that in 2018 the city will receive \$32,000±; 2019-\$100,000± and 2022 up to \$190,000± in new gas tax dollars. This money cannot be put into the "General Fund Account." The money must be used only for streets whether it be construction of new or maintenance of old

Street Signs: The city was able to purchase signs at a reduced price. This will enable the city crews to put up all the street signs as soon as the frost goes out of the ground. Many of the signs are in place now. Thanks to all who had a hand in making this happen and the public for having patience needed when looking for a non-identified street.

Road Evaluation Methodology: The board accepted the engineer's method. The engineer and mayor will provide continued information to the board.

Historic Lighting and Bulbs Sidewalks on Montana and Glendale Intersection: This was tabled for additional information from an engineer.

Public Comment: Councilman Garry asked the question; "what we are going to do for streets in Dillon." He went on to note the cities purchase of excavator and large dump truck but questioned the time it would take to fix all the streets in Dillon. He suggested maybe part of the streets be gravel. Other towns deal with the same problems of not having enough revenue to keep the streets in tip-top shape and they have went to using gravel. Mayor noted that there is 440± blocks in Dillon & the street engineer's methodology study will give the board more information and direction to work with.

The University Of Montana Western Ranked Among The Best Colleges For Environmental Science Degree Programs

The University of Montana Western was recently ranked nationally among the top five "Best Colleges for Environmental Science Degree Programs 2017-18" by Schools.com, an online education resource. The ranking is based on factors including affordability, flexibility and student success. The other schools in the top five include SUNY College of Environmental Science and Forestry, Humboldt State University, University of Vermont, and the University of California, Berkeley.

"It is gratifying, but not surprising, to see that our Environmental Sciences program has been recognized as one of the very top in the United States," said Chancellor Beth Weatherby. "Our students, guided by excellent faculty, undertake research projects that make an impact on our community and our environment. The great outdoors is their classroom. We are proud to offer such high quality educational experiences in one of the most affordable public universities in the nation."

Montana Western's Environmental Science degrees apply the University's unique experiential learning model, called Experience One, where students take one course at a time for 18 days and then move on to the next course. Students at Montana Western enjoy a tight-knit community atmosphere and small class sizes where they work closely with peers and professors alike.

The University offers multiple degree options for the education of the next generation of environmental scientists, educators, and leaders. Majors include Environmental Sciences and Environmental Interpretation with options in geology, environmental interpretation, wetlands management, and sustainable natural resource management.

U.S. News & World Report has also bestowed The University of Montana Western, a public institution founded in 1893, with several impressive rankings in the Western region. The rankings include #8 in Best Regional Colleges, #4 in Top Public Schools, #5 in Best Value Schools, and #6 in Best Colleges for Veterans. Montana Western's commitment to engagement and support offer an incredible experience for students while maintaining a high standard of academic excellence and low tuition costs.

For more information about Experience One and the University of Montana Western, or to schedule a visit, go to www.umwestern.edu or call 877-683-7331.

Are you a WIC client or have been in the past?

Did you breastfeed your children and loved it?

Do you think it would be helpful if there was a support system for new breastfeeding moms?

When you're a new mom, it helps to talk to other moms who know what you're going through. That's the idea behind the WIC Peer Breastfeeding Counselor program. Peer counselors are mothers who can share their own experiences and provide help and advice based on current research and knowledge from experts. And it works! Talking to a peer counselor during pregnancy helps women develop the confidence and skill to breastfeed successfully. Peer counselors reinforce breastfeeding recommendations in a socially and culturally appropriate context, and promote breastfeeding as an important element in the healthy development of the mother and baby.

If this sounds like something you would LOVE to do.....Beaverhead County WIC (Women, Infant, Child Supplemental Nutrition Program) is looking for a Peer Counselor to provide breastfeeding support to Beaverhead and Madison County WIC participants. Contact Sue Hansen for more information at 683-4771 or visit us at 41 Barrett Street. The position will close March 1st. Position start by March 19th. Previous applicants may apply.

Hours: Up to 4 hours/week

Wage: \$10/hour (up to 16 hours/month) No benefits

Qualifications

Must be enthusiastic for breastfeeding!

Must have basic communication skills.

Must have successfully (or is currently) breastfeeding.

Must have been (or is currently) a WIC participant and is in the WIC age cohort.

Is not a health professional (RD, RN, LPN, or IBL/CLC).

Some of the Responsibilities Include

Available to consult with WIC participants outside clinic hours and outside the clinic environment.

Make telephone contacts from home and/or the clinic.

Conduct home and hospital visits per consult with the supervisor.

Attend statewide WIC Breastfeeding Peer Counselor calls.

Notification

If you have active insurance coverage & your household earns 200% or less of the published federal poverty level you are eligible to apply for assistance with your Barrett Hospital & HealthCare bills. For details see below and contact Barrett Hospital & HealthCare.

BHH's financial assistance program is administered in conjunction with the Federal Poverty Guidelines that are used nationwide and that pertain to medical services provided at Barrett Hospital and Healthcare only. These guidelines incorporate rationale for age, number and ages of dependents and provide definitions of family and net income.
