Council February 7, 2108

By: MJ

Minutes: January 17th minutes were approved without corrections.

Presentations: Representative of the Butte National Exchange Club provided packets to the council members and Mayor Klakken. They spoke of the possibility of a Dillon Exchange Club. To create a new club, it would require a minimum of 20 members. This would be a community support group made up of local citizens.

Council Vacancy Filled: Councilman Straugh resigned from the council position. Mr. Raymond Graham filed an application to be seated as a Ward 3 council representative. Council lady O'Rourke questioned Mr. Graham's residency. Mr. Graham has in the past been an active seated council member. The State of Montana investigated his residency and the Attorney General determined he wasn't going to remove him from office. Ms. O'Rourke may or may not of had this information before she questioned Mr. Graham. *Councilman Garry and O"Rourke voted against Mr. Graham being seated.* Council persons Nye, Schwandt, Shafer, Barba and Hand all voted in favor of Mr. Graham and he was seated at the table as a councilman. Mr. Graham resigned his position as chairman of the zoning committee. At the last zoning committee meeting Mr. Tim Stoker was elected chairman.

Police: Nikki Cowperthwait was confirmed as a full-time Police Officer. Chief Guiberson to the council that Ms. Cowperthwait has completed her 1-year probationary period and obtained her certification at the Montana Law Enforcement Academy.

Director of Operations.: Mr. Hazelbaker reported that tattoo shops are not allowed in the downtown district. They are allowed only in a C-2 districts, M-1 and M2 zones. The owner of High Country Glass asked to be on the agenda for Zoning to discuss the zoning of tattoo shops. The Director of Operations reported that he had received calls regarding traffic coming off Sweetwater Road onto Kentucky St. at speeds above the posted speed limit. He is working with Police Chief Guiberson to set the speed trailer in the area.

Meat Raffle to Benefit Beaverhead Outdoors Association

Meat raffles originated in Minnesota and are a form of entertainment to raise funds for worthy causes generally during winter months. Mac's Last Cast will be doing meat raffles on Sundays from 1 - 4PM for the next several weeks, excluding holidays. Typically, a board with 30 squares sells for $1 per square. After the board is filled, a random ticket is drawn representing the number on the square. The winning ticket holder wins...yes...a package of meat such as burger, pork chops, steaks, etc. Depending on the number of participants, the establishment holds 4 - 7 raffles per day. The profits from the raffle go to a charity organization.

Attorneys General Fox and Michael Raise Concerns over Carbon Tax Legislation

Montana and Wyoming send letter to Washington Governor

In a letter sent to Washington Governor Jay Inslee Tuesday, Montana Attorney General Tim Fox and Wyoming Attorney General Peter Michael raise legal concerns over "carbon tax" legislation currently being considered by the Washington Legislature.

In the letter, General Fox and General Michael point to the legislation's intent to regulate emissions generated outside of Washington's borders, stating "Washington State obviously does not have jurisdiction to regulate environmental issues in Montana and Wyoming. Yet the clear intent of SSB 6203 is to force non-Washington power generation facilities into compliance with Washington air quality regulations through the imposition of a tax on carbon dioxide emitted outside Washington."

The attorneys general state in the letter their concerns the legislation likely conflicts with the Federal Clean Air Act, Federal Energy Regulatory Commission rules, and the U.S. Constitution.

"The effect of SSB 6203 goes far beyond environmental concerns in Washington. The United States Constitution forbids states from regulating interstate commerce. Also, Washington's effort to require out-of-state entities to comply with the statute's exemption provisions likely conflicts with the federal Clean Air Act. Finally, the Federal Energy Regulatory Commission has exclusive authority to regulate the transmission and sale of electric energy in interstate commerce, without regard to the source of production."

In its current form, Senate Bill 6203 would impose a per ton tax on carbon dioxide emissions generated in the state of Washington, or emissions tied to electricity sold in Washington but generated in other states. Utilities serving Washington consumers have ownership share in coal-fired power plants in other states, Colstrip being the largest station in Montana.

FRAUD ADVISORY: INSPECTOR GENERAL WARNS PUBLIC ABOUT ONGOING SSA IMPERSONATION SCHEMES

The Acting Inspector General of Social Security, Gale Stallworth Stone, is warning citizens about ongoing Social Security Administration (SSA) employee impersonation schemes. The Federal Trade Commission (FTC), which receives and analyzes public complaints related to identity theft, recently reported to the Office of the Inspector General (OIG) an increase in reports of suspicious phone calls from people claiming to be SSA employees. According to the FTC, the current schemes involve a caller identifying as an SSA employee and claiming an issue exists with the citizen's online account; the caller claims the citizen can resolve the issue either over the phone or through an imposter SSA website.

The FTC information follows several public alerts from the OIG in 2017 about government impersonation schemes. The OIG previously warned citizens about an OIG employee impersonation scheme and a version of the ongoing SSA employee impersonation scheme. In each case, the caller reportedly uses a fake name and government affiliation and tries to obtain a citizen's personal information or money.

SSA employees occasionally contact citizens by telephone for customer-service purposes. In only a few limited special situations, usually already known to the citizen, an SSA employee may request the citizen confirm personal information over the phone. If a person receives a suspicious call from someone alleging to be from SSA, citizens may report that information to the OIG at 1-800-269-0271 or online via https://oig.ssa.gov/report.

Acting Inspector General Stone continues to warn citizens to be cautious, and to avoid providing information such as your SSN or bank account numbers to unknown persons over the phone or internet unless you are certain of who is receiving it. "You must be very confident that the source is the correct business party, and your information will be secure after you release it," Stone said.

If a person has questions about any communication—email, letter, text or phone call—that claims to be from SSA or the OIG, please contact your local Social Security office, or call Social Security's toll-free customer service number at 1-800-772-

This is pretty important to get to people with Medicare, their families and friends or adult kids who help parents with Medicare

Have just gotten word about the newest Medicare scam from an organization I educate for, Texas Senior Medicare Patrol, a division within the Better Business Bureau

Here's what you need to know to protect yourself, family and friends throughout the US.

Starting 4/1/18 Medicare will start a year long project to replace all current Medicare cards for beneficiaries to convert to alphanumeric ID numbers. Currently the ID number is your social security number. This is starting to hit the media.

Scammers are opportunistic. First of all the new Medicare card will come to you in the mail. You don't need to request it or do anything. It will show up.

WHAT'S THE SCAM?

Somebody from "MEDICARE " will call to tell you you are getting a new Medicare card. But until it comes you will need a temporary card. Fee for the card is between $5-50 dollars. They want personal information, bank account or credit card so they can process your temporary card.

THINGS TO REMEMBER

Medicare will never call you unless you ask them to. Medicare does all communications by mail unless you ask them to call. Ditto for anybody saying they "work with Medicare to make sure you get everything you are entitled to" . Scammer alert

HOW TO PROTECT YOURSELF FROM THIS ONE?

First of all spread the word. Feel free to share these notes. Use your answering machine to screen calls or just don't even answer a number you don't recognize. If it has happened to you or your friends or loved ones and personal info had been given out (happens considerably more often than you think so don't feel bad or stupid) immediately take action to protect yourself against identity theft.

Bible Truth...How the Bible was written (Part 1) (#71)

----*We believe the following: (1) the Bible was given by the inspiration of God, 2 Timothy 3:16-17; (2) all statements made in this and any ensuing articles will be based on what the Bible says; (3) the Bible only is the reliable source of spiritual & doctrinal truth; (4) all beliefs in conflict with the Bible are false.*

The waitress in a coffee shop where I frequently ate breakfast once asked me how we could know that the Bible was true. My response to her was to relate the fact that the scriptures were written by about 40 men over a period of 1500 years.

Any document written in such a manner without divine guidance would have many errors, yet everything written from Genesis through Revelation is in harmony. There are no errors, contradictions, or discrepancies within the pages of the Holy Scriptures. Anything considered contradictory are the results of misunderstanding on the part of the one reading God's word.

The following references describe "The Inspiration of the Scriptures".

"All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect (complete), thoroughly furnished unto all good works," 1 Timothy 3:16."

"Knowing this first, that no prophecy of the scripture is of any private interpretation. For the prophecy came not in old time by the will of man: but holy men of God spoke as they were moved by the Holy Ghost," 2 Peter 1:20-21.

The phrases "inspiration of God" and "moved by the Holy Ghost" reveal that the Bible has one divine author who used many human instruments.

Prophecy is a prediction or a message of truth revealing God's will.

Dr. Fred Creel states that "By observation and intuition, human beings of normal intellect know there is a God. Reason dictates that this God will communicate with His creatures." Dr. Creel then offers Hebrews 1:1-2 as an illustration of how God has communicated with man. This reference states that God spoke by the prophets in time past at different times and in different ways, and has in these last (recent) days spoken to us by His Son.

The Bible doesn't *contain* God's word, it *IS* God's word.
