Arbor Day Foundation Names Dillon Tree City USA, Growth Award Winner

Dillon, Montana was named a 2017 Tree City USA by the Arbor Day Foundation in honor of its commitment to effective urban forest management.

The community also received a Tree City USA Growth Award for demonstrating environmental improvement and higher level of tree care.

Dillon achieved Tree City USA recognition by meeting the program's four requirements: a tree board or department, a tree-care ordinance, an annual community forestry budget of at least \$2 per capita and an Arbor Day observance and proclamation.

The Tree City USA program is sponsored by the Arbor Day Foundation, in partnership with the U.S. Forest Service and the National Association of State Foresters.

"Tree City USA communities see the impact an urban forest has in a community first hand," said Dan Lambe, President of the Arbor Day Foundation. "Additionally, recognition brings residents together and creates a sense of community pride, whether it's through volunteer engagement or public education."

Trees provide multiple benefits to a community when properly planted and maintained. They help to improve the visual appeal of a neighborhood, increase property values, reduce home cooling costs, remove air pollutants and provide wildlife habitat, among many other benefits.

More information on the program is available at arborday.org/TreeCityUSA

About the Arbor Day Foundation: The Arbor Day Foundation is a million member nonprofit conservation and education organization with the mission to inspire people to plant, nurture, and celebrate trees. More information can be found at arborday.org.

Bible Truth...Results of Eliminating God and His Principles from Society

---We believe the following: (1) the Bible was given by the inspiration of God, 2 Timothy 3:16-17; (2) all statements made in this and any ensuing articles will be based on what the Bible says; (3) the Bible only is the reliable source of spiritual & doctrinal truth; (4) all beliefs in conflict with the Bible are false.

On June 25, 1962, the Supreme Court ruled that prayer in public school violated the First Amendment.

In 1963 the court decided against Bible readings in public schools along the same lines.

In 1980 the Supreme Court ruled it unconstitutional to hang the Ten Commandments on the wall of a school room stating that "if the posted copies of the Ten Commandments are to have any effect at all, it will be to induce the school children to read, meditate upon, perhaps to venerate and obey, the Commandments."

What an intelligent decision...remove what teaches peace & respect for life so children won't learn those principles.

William Jeynes, a professor at California State College in Long Beach, states: "...we need to realize that these actions do have consequences. When we remove that moral fiber -- that moral emphasis -- this is what can result. He then lists five negative developments in the nation's public schools since 1963:

- Academic achievement has plummeted, including SAT scores.
- Increased rate of out-of-wedlock births.
- Increase in illegal drug use.
- Increase in juvenile crime.
- Deterioration of school behavior.

This public school survey was conducted in the mid-1940's and again in the mid-1980's. The survey was taken by the Fullerton, California Police Department in conjunction with the California Department of Education to determine the major disciplinary problems in the schools.

Mid-1940's

- 1) Talking
- 2) Chewing Gum
- 3) Making noise
- 4) Running in the hallways
- 5) Getting out of place in line
- 6) Wearing improper clothing
- 7) Not putting paper in wastebaskets

Mid-1980's

- 1) Drug abuse
- 2) Alcohol abuse
- 3) Pregnancy
- 4) Suicide
- 5) Rape
- 6) Robbery
- 7) Assault

The obvious reason for the deterioration of our nation is seen in God's 'law of the harvest' as recorded in Galatians 6:7, "Be not deceived; God is not mocked: for whatever a man sows, that shall he also reap."
