Walk a Mile in Her Shoes 2018

The Women's Resource Center would like to invite our beloved community to join us, Wednesday April 18th at 3:30 pm, on the University of Montana Western front lawn for our bi-annual Walk a Mile in Her Shoes Event (WAM). This is our fourth WAM event and we hope that you can find your place among the University of Montana Western students, faculty, and staff as we strut our stuff down Atlantic St. to bring awareness to sexual violence. For any questions, contact Brylee at 406-683-6106.

Walk a Mile in Her Shoes®: The International Men's March to Stop Rape, Sexual Assault & Gender Violence. A Walk a Mile in Her Shoes® Event is a playful opportunity for men to raise awareness in their community about the serious causes, effects and remediation's to men's sexualized violence against women. This year the Women's Resource Center is inviting women to join the walk as Sister Walkers to bring awareness and support to the increasing number of men affected by sexual violence. Statics tell us that 1 in every 6 women will be the victim of an attempted or completed rape at some point in her lifetime and 1 in 33 men have experienced an attempted or completed rape in their lifetime. With numbers like these it is imperative that we start talking about sexual violence in our society.

**Women's Resource Center is hosting
our second annual Denim Day****History of Denim Day**

Wear jeans with a purpose on April 26th for National Denim Day. For the past 18 years, Peace Over Violence has run its Denim Day campaign on a Wednesday in April in honor of Sexual Violence Awareness Month. The campaign was originally triggered by a ruling by the Italian Supreme Court where a rape conviction was overturned because the justices felt that since the victim was wearing tight jeans she must have helped her rapist remove her jeans, thereby implying consent. The following day, the women in the Italian Parliament came to work wearing jeans in solidarity with the victim. Peace Over Violence developed the Denim Day campaign in response to this case and the activism surrounding it. Since then, wearing jeans on Denim Day has become a symbol of protest against erroneous and destructive attitudes about sexual assault. As a part of this rape prevention education campaign we ask community members, elected officials, businesses, and students to make a social statement by wearing jeans on this day as a visible means of protest against the misconceptions that surround sexual assault.

Denim Day event in Dillon

This year's Denim Day is April 25, 2018 and the Women's Resource Center is once again bringing this event to the Dillon Community. Your business or organization can support the effort of the Women's Resource Center by encouraging your employees to wear denim on Wednesday, April 25, 2018 for a small suggested donation of \$5. Additionally, your business can go the extra mile by matching your employee's donation, therefore, doubling your impact. Please contact Valerie for more information at 406-683-6106

FATAL ROLL OVER NORTH OF GLEN

Sheila Sullivan Cutler from Butte died Monday afternoon and her husband and grown son were injured when their pickup truck rolled on Interstate 15 near Glen during heavy snowfall, authorities said.

Trooper Michael O'Connor said he believed the men were "going to be OK."

The husband was driving the four-door Chevy pickup heading north around 2:20 p.m. when it went off the highway and into the median, O'Connor said. The driver over-corrected, taking the pickup back onto the pavement before it rolled across the median and into the southbound lanes.

The woman was trapped inside the vehicle for a while before she was freed and was then transported by ambulance to St. James Healthcare in Butte, but did not survive.

The crash is still under investigation but it was snowing heavily at the time, O'Connor said.

The City of Dillon Mountain View Cemetery Memorial Day Cleanup will begin Tuesday, May 1st, 2018

Please remove all decorations stuck in the ground or laying on gravespaces by Monday, April 30th. This includes lights, wooden crosses, artificial flowers, etc. The City will remove all remaining decorations beginning Tuesday, May 1st.

Flowers and/or decorations may be placed on graves beginning Thursday, May 24th, 2018.

All new shepherd hooks that are not in compliance with cemetery regulations must be removed by Monday, June 4th, 2018.

Letter to the Editor

Stock Market Thinks Trump, Republicans are Bad for Business Simple math:

A company paying taxes at the 2018 21% rate will be more profitable after taxes than at the 2017 rate of 35%. How much more profitable? The answer is 21.5% more profitable. So we should have expected the stock market to go up by 21.5%, because of the corporate tax cut (using the same Price to Earnings ratio or P/E).

The stock market, as measured by the Standard and Poors 500, increased 24.2% from the beginning of November 2016 through March 2018. So subtracting the increase for the tax cut, the S&P 500 is up only 2.7% for expected increases in future pretax earnings. If the S&P had increased at its historical average rate of 7% per year, the market should have been up 31.5%, including 10% for expected future pretax earnings. That means the stock market expects growth in earnings to be well below average going forward under the current administration and its policies. If true, this also means that the Federal Government's deficits will grow faster.

The S&P 500 index was up a stellar 20.7% in the comparable November 2009 - March 2010 time of the Obama administration, with no tax cut. Obama and the Democrat controlled Congress initially did a nice job of improving expected future business earnings. And in fact, the S&P 500 was up 120% over the 8 years following Obama's election, which equates to an average compound annual growth rate of 10.3% per year; well above the market's historical average annual growth of 7%.

Going forward, Trump policies of restricting all types of immigration, and discouraging international trade, will mean fewer customers or slow growth for US businesses. You can see these lowered expectations and uncertainty in the recently stumbling stock market. Businesses are not as likely to invest and create jobs, as US population growth slows, exports slow, and the costs of imported and domestic goods rise.

Let's hope this administration comes to its senses, and works to increase business activity and tax revenue, while holding the line on expenditures to no more than current levels going forward.

Reducing business income taxes does not work.
