DEATH NOTICE

Raymond Stanley Ford, 76 of Dillon, Montana passed away peacefully at his residence on April 19, 2018. He was born in Spokane, Washington on December 2, 1941 to Robert and Helen (Thurber) Ford. A full obituary will follow. A guestbook is available online at www.brundagefuneralhome.com.

University of Montana New Rodeo Coach

For the first time in 31 years, the University of Montana Western has a new rodeo coach. Following a national search, Director of Athletics Bill Wilson has announced that Kody Lahaye will lead the Bulldog men's and women's rodeo teams.

"We are very excited to have Kody Lahaye return to Montana Western as our new head men's and women's rodeo coach." Said Director of Athletics Bill Wilson, "Kody is well respected within the rodeo community and throughout the hiring process his name kept surfacing as the one to lead our nationally recognized rodeo teams."

Currently Lahaye is the assistant men's and women's rodeo coach at Montana State University in Bozeman. As an assistant at MSU Lahaye coached numerous student-athletes that qualified for the College National Finals Rodeo in Casper, Wyo.

"I am excited to be back in Dillon, and be a part of the program again." Said Lahaye, "The rodeo program is set on a strong foundation, I am excited to build on what is already there and keep it moving forward."

Lahaye attended Montana Western from 2009-2014 where he was a member of the rodeo team competing in tie-down roping, team roping, and steer wrestling.

As a Bulldog Lahaye was a 2014 reserve champion all-around cowboy as well as reserve champion steer wrestler in 2014. He qualified for the College National Finals four consecutive years spanning 2011-2014 and finished fifth in the nation for steer wrestling in 2013 and earned an eighth place finish for steer wrestling in 2014. At the regional level he was a champion team roper in 2011. In 2012 he was a reserve champion tie-down roper.

After graduating with a degree in business administration, he stayed at Montana Western as an assistant coach for two seasons before taking the assistant coaching position at MSU.

"Kody is a Bulldog through and through and I am certain he will make an immediate positive impact on the UMW campus." Said Wilson.

Lahaye will take the reigns as head coach on Aug. 1 as he takes over for longtime coach Lola "Olie" Else who is retiring at the end of the season.

**Fishing regulation changes proposed for Red Rocks
Lake National Wildlife Refuge**

Montana Fish, Wildlife & Parks is seeking public comment on proposed fishing regulation changes for Red Rocks Lake National Wildlife Refuge. Comments will be accepted through Wednesday, May 23 at 5 p.m. The proposed regulation changes are the following:

- change the daily and possession limits for Red Rock Creek to include no harvest of cutthroat trout and use of artificial lures only,
- close Elk Springs Creek to angling from May 15 to June 15 and allow use of artificial lures only, and
- close Widgeon and Culver Ponds from Nov. 30 to April 15 and allow use of artificial lures only.

FWP, the U.S. Fish and Wildlife Service and other partners worked collaboratively to develop an adaptive management plan to understand factors that drive the status of Arctic grayling in Red Rock Creek in the Centennial Valley. In 2013, harvest limits of hybridized Yellowstone cutthroat trout were increased and USFWS used active trapping and removal to suppress the population to determine the effect that the non-native fish were having on Arctic grayling.

After four years of suppression, it became apparent that the non-native cutthroat hybrids were not the primary driver of Arctic grayling abundance. Therefore, in 2017, FWP changed the harvest regulation to five of any size and began to evaluate other factors in the valley that may be influencing the conservation status of Arctic grayling.

USFWS approached FWP and requested to change the harvest regulation for non-native Yellowstone cutthroat trout to catch-and-release and use of artificial lures only. USFWS also requested that the angling season for the adjacent Elk Springs Creek be closed from May 15 to June 15 to prevent trampling of grayling eggs and to be consistent with Red Rock Creek.

USFWS requested that the angling season for Widgeon and Culver ponds be closed to angling from Nov. 30 to April 15 to minimize conflicts with migrating and pre-nesting swans. They also requested that the regulations be changed to allow use of artificial lures only on each of these waterbodies.

 The public comment period will be open for 30 days and comments will be accepted through Wednesday, May 23 at 5pm. The public is invited to comment online at http://fwp.mt.gov/news/publicNotices/fishing/pn_0085.html. Comment letters also may be mailed to: Fisheries Division, Montana Fish, Wildlife & Fisheries, P.O. Box 200701, Helena, MT 59620-0701. For further information about these proposals, please email Eric Roberts at eroberts@mt.gov.

Judiciary Committee April 17, 2018

By: MJ

Present: Councilperson Graham and O'Rourke. Chairman Dan Nye was absent.

Redistricting City Wards: Population adjustments made to following; Ward 1 adjusted by 1,028, Ward 2 adjusted by 1,028, Ward 3 adjusted by 1,068 and Ward 4 adjusted by 1,028. The committee approved the readjusted map. Recommendation was sent to the council for approval.

Business Licenses: Councilman Graham suggested the city having a registration document that would help emergency responders to be able to know who to contact. The document would identify the owner of building and contact information of person to be notified in case of emergency. If the building was a rental for residents or commercial the number of apartments and tenants would be listed. In case of a fire this would give fire department valuable information enabling a quicker response and save lives. Graham was adamant that this was not a business license and only a document to provide information for safety reasons. Graham spoke with Mr. Later about the benefits to fire department. Also discussed was a dollar fine if businesses did not comply and register with the city. Councilwoman O'Rourke stated she had talked to Hamilton and Missoula. She said the committee should get input from the police, fire department...

Smoking in Parks: *This was not a subject on the agenda however Councilwoman O'Rourke brought the subject up during "public comment time."* She commented on smoking in public places. *You can not smoke in a public building at this time however she would like to see an expansion of the smoking code to include the city parks.* She reviewed Missoula's ordinance and she liked it because it is inclusive.

Question: Tobacco is a legal product. Would the city have any enforceability power? Where is the study that shows the facts on why smoking in a city park is an issue the city should confront? Humans tend to want to capitalize and control addictions of others. Would that be so we don't have to look at our own addictions that may also be offensive to people.

Therefore, it is important to being facts and not opinions or emotions to the table before any rules and regulations are initiated. Do we really need more laws to control people, ostracize people and add to the existing workload of the law officers? Is there a way the city can protect sport participants and public from the smoke of wild fires during the fire season? There are laws on the books that you can use to take care of littering with cigarette butts, fast food containers, plastic bottles...
