MONTANA WESTERN ANNOUNCES 121ST COMMENCEMENT

University of Montana Western Chancellor Beth Weatherby announced that the University's 121st Annual Commencement will take place Saturday, May 5, 2018.

The ceremony will begin at 11 a.m. in the Straugh Gymnasium on the Montana Western campus.

368 Montana Western graduates will be awarded at least 443 degrees by the end of the 2017-18 academic year. Of the 368 students, 60 have completed two or more degrees, and over 50% of the graduates are receiving honors by achieving a GPA of 3.33 or higher.

Weatherby said this year's program will include commencement speaker Steve Davis and will honor Norman Jacobson with the University's Alumni Distinguished Service Award.

"This is a real milestone in the lives of our graduates and their families. It is gratifying to see the culmination of the hard work on the part of our students, faculty and staff," Weatherby said.

Steve Davis is currently President and CEO of PATH, an international nonprofit organization that focuses on saving lives and improving health, especially among women and children. A worldwide expert on the subject of innovation, he combines extensive experience as a technology business leader, global health advocate, and social innovator. Davis is a native of Dillon, Mont.

Norman Jacobson obtained his Elementary Education degree from Montana Western in 1952. He went on to receive two Master's degrees; the first from the University of Montana, and the second from Washington State University. Jacobson taught in Three Forks, Havre, Deer Lodge, and Missoula, Mont., during the course of his 32 year career. In 2016, he established the Norman and Maurine Jacobson Education Scholarship to impact student lives as his was by a scholarship at Montana Western that allowed him to receive his first degree.

Students at Montana Western benefit from an innovative scheduling program, called Experience One, where students take a single course at a time, three hours each day for 18 days, then move on to the next. The University emphasizes immersive learning to prepare students to be successful as they pursue their career choice or move on to acquire advanced degrees.

For more information about Commencement, please contact the Montana Western Registrar's Office by calling 406-683-7371.

MEDA Conference comes to Dillon

There will be a large influx of visitors from across the state this week in the City of Dillon. The Montana Economic Developers Association is having its Bi-Annual Conference in Dillon for the first time. Beaverhead Development Corporation and Headwaters RC&D are hosting this spring conference and couldn't be more proud to bring these attendees from across Montana. MEDA is comprised of members of economic development throughout the state, government officials and representatives and people that are key components in making the cities and counties in Montana prosper and thrive.

This year's conference in Dillon is titled "Rockin' It Rural", Thriving in Small Town Montana. The University of Montana Western will be hosting the two-day event on campus as well as having Chancellor Weatherby as the keynote speaker highlighting Experience One - Impact from Business to Campus.

Thursday afternoon will be a busy time around town. The attendees will be joining a walking tour from campus down to the center of town to take in the spring Art Walk and have their social gathering event at Patagonia Thursday evening. With over 115 attendees registered it will be a great night in Dillon as the groups break out to enjoy our many restaurants and shop locally!

City 3.12.2018

By MJ

Street/Alley: The committee has been meeting and discussing many options and ideas for the streets of Dillon.

Idaho Street: Committee, Mayor Klakken, Director of Operations, and Private Contractors have been discussion maintenance on Idaho St. This street has cement under the asphalt which makes it more difficult and costly to repair. The mayor has presented to the committee research data for their consideration.

Gas Tax Money: It is estimated that in 2018 the city will receive \$32,000±; 2019-\$100,000± and 2022 up to \$190,000± in new gas tax dollars. This money cannot be put into the "General Fund Account." The money must be used only for streets whether it be construction of new or maintenance of old. There is 228± miles of city streets. About 1/3± of the streets are not in need of repair.

Remembering history that continues to cost the community today: Let us not forget that the city is still paying for the Glendale Street repair bond at the cost of \$186,000± every year. This money comes out of the street maintenance account leaving the account less money to fix other streets in the community. There is another 8± years. Note: On May 9, 2011 the Street and Alley committee held a meeting discussing the plans for the reconstruction of Glendale St. Today we have a street that does not shake and rattle your vehicle however do to the cost of that street the rest of the streets in Dillon demand driving skills to avoid the cracks and crevasses. The mayor and city crews are working hard to figure out ways to do long term maintenance on streets with a limited amount of money. Remember; the cost of repairing one block is \$250,00±.

The mayor and street/alley personnel are putting together a maintenance document that identifies each street repair needs. Long term plans with detailed information as well as generic guidance are needed to have success in the future for maintaining streets and updating/repairing water lines.

Talk: Streets and city crews are a topic of discussion around town. I understand people get frustrated and use words that bite, condemn, belittle... I question if this is a productive way to have an amicably working relationship. We all don't have the same educations, the same knowledge, same gifts, however we all have educations, knowledge and gifts that need to be respected. If you are upset or pleased with how repairs are being done today or how the city employees are doing their jobs, then go have a conversation with mayor or your council representative. Your input is important and after all it is your tax dollars paying the bills.

They will be tested once again Thursday, April 26 when they host Livingston and Stevensville along with the Girls Varsity lineup. On Saturday they will be on the road again to compete in the Bitterroot Invitational. Lots of tennis in the next few weeks leading up to Divisional Championships!
