Burning to Begin on the Madison Ranger District

Fire officials from the Madison Ranger District will soon begin prescribed fire activity which may result in visible smoke intermittently beginning May 1 and continuing through the end of June.

Firefighters will be burning in the Gravelly Mountains, primarily in Standard Creek and West Fork of the Madison.

Fire crews will burn under prescribed conditions and monitor these burns after ignition to ensure they stay within prescribed boundaries.

Travelers and residents along Highway 287 between Cameron and Cliff and Wade Lake may see smoke from these burns, however little impact from the smoke is expected. For more information regarding these prescribed burns, contact the Madison Ranger District at (406) 682-4253.

Park District

By: MJ

Some of the talk on the street and around the council member table is that the City did not explain or inform people about the letters property owners would receive on the establishment of a Park District. At the Parks meeting April 25th Council member O'Rourke suggested that the city had not done enough to explain the letters to the public. She stated she had 7± people

upset over letters the city mailed out because they did not understand what the city was doing. *She did not identify the residents or if they were property owner.* **Question:** Did any of those people attend the many public hearings, committee meetings or council meetings to enlighten themselves?

What more can the city do? It takes months to get anything done when the local government is involved. The reason is; the city must be always transparent, make all information available to public on all transactions, give public notifications via newspaper, radios and posting on bill boards, hold public hearings that allow them to receive public comments... I have found the city employees are helpful and willing to provide information to the public at any time. *People just need to go ask.*

The city council and committees have held numerous meetings and hearings on establishing a Special Park District. Several council and committees have had the parks creation topic on their agendas since February. Several examples:

1. February 27th the Parks and Playground Committee discussed creating a special district for parks and to ask the voters for a tax increase for the general fund.
2. In March the city council voted to move forward with the process of creating a Special Parks District.
3. April 4th Resolution #1289 of intent of the city setting a date for hearing and providing notice for a hearing to create a special Park District was passed.

Civility is lost when members of council/committees make accusations and offensive statements directed at another people and project selfish behavior. When politeness goes south also goes a healthy work environment and productive progress for the community. The mayor has provided detailed information to the council and committees on creating a parks district. City Attorney Dolan has been present at the meetings and provided suggestions and direction.

Diversity is part of the game. Anytime there is an assembly of people working together diversity will be a part of the process. Each person is expected to work in a cooperative manner. A little-known way you can practice respect in the group setting is by respecting others.

Why is it that humans are so good at blaming someone else if they are not getting their way? We have a difficult time holding ourselves accountable. The city made available many opportunities for the public to gather information. People need to participate by talking to their representative, mayor or other city personnel that would have answers to their questions. Did the council person receiving the complaints give clear detail information to the people asking questions about the Park District? As a council member she was informed of the facts and has been present at many of the meetings with Parks District on the agenda.

Teen Pregnancy Month

May is Teen Pregnancy Prevention Month, when we focus on the need to reduce teen pregnancy in our communities. If parents, youth, schools, businesses, faith leaders and health care providers join together to address teen pregnancy, we can make a difference!

Each day in Montana, approximately two teens give birth. Teen childbearing has serious consequences.

Parenthood is the leading reason why teen girls drop out of school. Only 40 percent of teen mothers graduate from high school, and fewer than 2% earn a college degree by age 30.

Young women who become pregnant and give birth often experience serious health effects, as do their children. Compared to older parents, teens are more likely to have late or no prenatal care, babies born too small or too soon, and babies who die within the first year of life.

In addition to social costs, teen childbearing also has significant economic costs. In Montana, the cost to taxpayers associated with teen parenthood is estimated to be \$18 million annually. The daughters of young teen mothers are 3 times more likely to become teen mothers themselves, and the sons of teen mothers are twice as likely to end up in prison.

The good news is that unintended teen pregnancy is 100% preventable. Take action today by promoting open and honest discussions about teen sexuality and pregnancy prevention. Encourage teens to delay sex, and to use contraception if they choose to have sex. Get involved by contacting Beaverhead Family Planning at 406-683-4771.

Scoop Your Poop!

Raise your hand if you own a dog. Now raise your hand if you know someone else who owns a dog.

As we should know, with dog ownership comes responsibility and this responsibility includes "Scoop Your Poop" when you take your dog beyond your property.

For those of us who live on the West side and frequent the YMCA walking paths from the north-end of the fishing pond to the south-end of the master willow bridge, we pack multiple plastic bags on our dog-walking adventures.

Today, one of my neighbors who is a college student was walking his dog. When the dog pooped near the YMCA path, he just kept walking. I politely hollered "Scoop Your Poop" and ran up to him and handed him a plastic bag saying: "Scoop Your Poop!" I reminded him politely that it costs only 1 cent (yes, 1 cent) per plastic bag. Then I asked: "What time do you want me to bring my dog and the other neighborhood dogs to poop on your yard?"

Social norms are important. We can develop these social norms for how people should and can behave. One way is to remind our fellow dog-walkers to "Scoop Your Poop!" and then offer them a bag for pickup.

So, please fellow dog-lovers and dog-walkers: Scoop Your Poop!

MONTANA WESTERN HOSTS MONTANA ECONOMIC DEVELOPERS ASSOCIATION

The University of Montana Western hosted the spring Montana Economic Developers Association Conference in Dillon, Mont., on April 26-27, 2018.

According to MEDA's website, the organization conducts research to stimulate the interchange of ideas and experiences between individuals with mutual goals and interests. The association also develops network and communications systems to disseminate information and acts as a clearinghouse and contact point within Montana for other state, regional, national and international economic development organizations and agencies.

The association also sponsors educational seminars, workshops and conferences to advance the economic development profession. MEDA is also a coordinator for the statewide economic development workshops that provide intense training for economic developers interested in obtaining certification.

The "Rockin' it Rural: Thriving in Small Town Montana" Spring Conference, hosted by the Beaverhead Development Corporation and Headwaters RC&D, featured presentations by business owners and entrepreneurs, local and state government officials, and allowed members the opportunity to explore and enjoy the wide range of local Dillon businesses.

Chancellor Beth Weatherby presented a keynote on the first day of the conference featuring the success of Montana Western's students, who are gaining real-world experience with internships and employment with local businesses, school districts across the state, and government agencies including NASA, the US Forest Service, and the Bureau of Land Management.

"We are honored to host economic developers from across the state at the University of Montana Western as they work to create additional opportunities for students, businesses, and employees to be successful," said Chancellor Weatherby.

Introducing the "Beaver Blend"! BCHS students

sell coffee to raise funds for Peru trip in 2020

Students in the BCHS Peru Travelers club are raising funds for their service learning and language immersion trip to Peru in 2020 by selling sustainably harvested certified organic coffee beans roasted in Bozeman from Ghost Town Coffee Roasters.

Available blends are "Dillon Decaf", "Dillon Beavers Beaver Blend", "DB Pride Breakfast Blend", and "Peru: Chirinos", a single-origin coffee sourced directly from Peru. Go to <http://www.ghosttowncoffee.com/product-category/coffee/bchs-peru-travelers-club/> and follow the directions on the site to order! Coffee is available during the month of May and delivery options are: 1) Local pick-up in Bozeman, 2) Local delivery in Dillon at the end of the sale, or 3) Direct Mail anywhere in the US (\$7 flat-rate shipping cost). Coffee bag sizes come in 12 oz, 2 lb, or 5 lb. Note a traveler's name in your order notes and all proceeds will go to their trip, or if no student is noted funds will be split evenly among students. Please support the Peru Travelers and order coffee today! Ask a traveler or Ms. Edgington if you have any questions about coffee or our trip. Gracias!

THANK YOU THANK YOU THANK YOU all of Dillon who kept their eyes open for my missing ring. It has been FOUND in an empty box in my house! Thanx again for your thoughts 'n prayers!!!!
