Jaycee Graciously Donate

The Jaycee Park Renovation Committee is excited to announce a donation from the Dillon Jaycees of \$20,000.

Jaycee President Jason Schumacher had this to say about their donation, "we were approached in January about a possible donation to the park. We tabled the vote until after the kickoff concert to see where we were financially. With all of the positive progress we felt we needed to commit to a donation sooner rather than later. The Dillon Jaycee's mission is to give back to the community and we fully believe the park renovation does that and is necessary for today's youth. We will also be donating all of the proceeds from the Dart to the Park 5K and Kid's Fun Run over the kickoff concert weekend and our hope is it will become an annual event with the weekend. The park renovation project was heavy on our hearts and we are more than ecstatic to see the community come together and accomplish it."

WALKING MAN

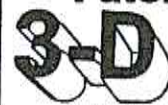

The Beaverhead County ACE's Task Force and Be The Change 406 Coalition will present the documentary "Walking Man" on Monday, May 7th, at 7 p.m. at the Beaverhead County High School Auditorium in Dillon. Doors will be open at 6:30. The event is free to the public.

The film features a Missouri family, Mark, Lisa and their son Eric, who are faced with the hard truths about mental illness. In the film, father and son embark on a 200-mile walk to raise suicide awareness after three students in one Missouri high school take their own lives.

Norwine will be at BCHS and Dillon middle school earlier that day to talk to students about mental illness, bullying and the importance of kindness.

Zoning

By: MJ

It appeared at last weeks zoning meeting, that the committee was not asking what they can do to help you, instead saying what can we do to stop you.

Last week Dillon was the host to many visitors that were staying in motels, eating at restaurants, buying gas, giving an employee an extra day of work... Supporting the "Standard of Living" was the dollars they left in the community. *Note: Yes, there was also a group that caused the police some problems and money to keep the peace.*

Question: Would it be productive for the zoning committee to work to boost the economics, build on existing assets capitalizing and improving the "Standard of Living" in the community? *Remembering that Dillon has its own unique characteristics - is not Bozeman or Missoula. Yes, the city does have to put in place programs that give constructive direction.* Let logic prevail and leave your personal baggage (opinions, emotions) at home, do the research needed and come to meetings with a clear open mind and facts.

A council/committee member stated that he felt property to be developed should be annexed and zoned before hooking up to the city's infrastructure. It has been proven that it could take a year± to get annexation and zoning completed. **Question:** Is it fair to tell someone that

they can't build a house on their private property without first being zoned and annexed? There are existing laws stating if your property line is within 150± feet of the city you must hook up to water and sewer. When you hook up to the city infrastructure that opens the doors for the city to force you into annexation and zoning. **Note:** Before we tell people, they must be annexed and be zoned *let's make sure the same regulations are applied to everyone, not just choose who will comply.*

Tulley Springs Sub-Division (Craig Cornell): Many problems Cornell and the city are having today are "unintended consequences." **Fact:** Tulley is a platted sub-division and was accepted by state of Montana in 1979. Cornell did not purchase vacant land, he purchased a sub-division and is now trying to work out all the prior "unintended consequences" and move forward with a business development. When a building is built in the sub-division the parties building must comply with the regulations in place today like set-backs, fire code.

Chairperson: Chairman Stoker respects all participants. He listens closely to everyone's input on subjects, whether it be committee member or the public members. The meetings are structured to let the committee have an uninterrupted conversation about an issue as well as the public having their nonstop say before the committee takes a vote if required.

Proceeds benefit the students and departments of Montana Western by raising funds that are utilized to support various programs and projects on campus and aren't limited to a specific department. These "unrestricted funds" can be used to purchase research equipment, support art and literary series and events, support student projects, and much more.

"We cannot adequately express our gratitude to this community for the years of support they have provided our university. We are grateful to those who helped establish and maintain this campus for 125 years. I can only imagine what the next 125 years of innovation and transformation will look like at the University of Montana Western," said Foundation Director Roxanne Engellant.

In addition to receiving a souvenir glass and enjoying wine and craft beer tastings paired with sweet and savory hors d'oeuvres, guests will enjoy art and music by local artists. The featured artists are oil-painter Charlotte Quist, potter Cody Mitchell, multimedia artist Cory Birkenbuel, artist and craftsman James Wigen, and watercolorist Jessica Glenn. Musical entertainment for the evening will be provided by Montana Western professor and classical guitarist Brent Poe McCabe, and UMW staff member Bill Dwyer, who is also a professional musician and has played with artists including Dwight Yokam and Lucinda Williams. The festivities of the evening will culminate with a 125th Birthday Bash fireworks show held following the festival, with assistance from the Dillon Jaycees.

For additional information or to purchase tickets, please visit www.umwfoundation.org or call 406-683-7306. Tickets are \$40 for individuals and \$70 for couples.

Did you know childhood experiences, both positive and negative, have a tremendous impact on lifelong health and opportunity? The Beaverhead ACEs Task Force works to prevent childhood trauma in southwest Montana. Join us as we work to build strong families in our community.

\$50 REWARD FOR MISSING WHEELBARROW

33 yr old Mothers day gift is missing. My wheelbarrow is heavy duty, solid, and still partially blue with many years ahead of it. It's not a deep construction type to mix mortar but this one has been used for it. The right handle has been chewed on. I can still see my then little girls trying to push it to me on mothers day 1985 so it is sentimental. It has been used to haul kids and tons of garden supplies etc. It was last seen 3 houses behind the High School. Come on People!!! Please call 683-2498 with any info. A reward is offered, no questions asked.
