To Our Beloved Community of Dillon,

We would like to address a few misconceptions regarding the recent letter from our City Council regarding the new proposed Parks District #1. The costs generated from this district would be used for maintenance for all city parks. The money would not be used to build any component of the Jaycee Park Renovation Project. The Jaycee Park Renovation Committee is committed to raise all of the funds needed for the renovation including five years funding for operating costs for the splash pad. In addition, we will create a group called "Friends of Jaycee Park." This group of community members will do yearly fundraisers to contribute to maintenance costs.

For many years, Dillon has been in need of an updated park. The existing parks found in Dillon are outdated, unsafe, and in dire need of renovation. We are grateful to our City Council and their desire to improve all Parks in Dillon. The Jaycee Park Renovation Committee is determined to create a space that will benefit the entire community as well as visitors. Our committee is confident that this renovation will boost our economy and beautify our downtown area.

Sincerely,

The Jaycee Park Renovation Committee

Dillon Lions Club Annual Live Lobster Fundraiser

That's right, the Dillon Lions Club is again holding its spring sale of fresh, delicious Atlantic lobster! Please keep in mind that the money generated by this lobster sale is one of the primary sources we use to fund the many local community service projects we engage in. As just one example, the Dillon Lions Club provides vision screening for the students in every school in Beaverhead County, including each class of Youth Challenge Cadets.

If you'd like to order one or more of these live Maine lobsters, please have your order form and payment to us by Monday, May 14 at the very latest. These order forms, with more detailed information including price, are available at Vigilante Electric Cooperative, China Garden, and Stockman Bank.

The lobsters are caught, cold packed, and flown overnight for your delivery in approximately 24 hours. In fact, they're so fresh that it's suggested you keep children, pets, horses, cows, sheep and other ranch critters away from these ornery crustaceans until after they're cooked!

You can pick up your live lobsters on Saturday, May 19 between 1:00 and 3:30 P.M. at the Vigilante Electric Cooperative parking lot across from the Courthouse main entrance. And if you'd like, Lions Club members will even cook them there on the spot for you to take home at no extra charge!

Attorney General Fox Files Brief Supporting Coal Port Expansion

Montana, Wyoming, South Dakota, Utah, Kansas and Nebraska
Jointly File Amicus Brief Supporting Millennium Bulk Terminal
Expansion Project

In a joint amicus brief filed in U.S. Federal Court Tuesday, the states of Montana, Wyoming, South Dakota, Utah, Kansas and Nebraska present legal arguments supporting a proposed coal port expansion in Washington State.

In September 2017, the State of Washington denied environmental permits necessary for the Millennium Bulk Terminals expansion project located in Longview, Washington. The project, proposed by Utah-based Lighthouse Resources Inc., would increase commodity export capacity, allowing increased shipment of Powder River Basin Coal to expanding Asian markets.

"Politicians in Washington State have again demonstrated their willingness to hold coal states hostage," Montana Attorney General Tim Fox said. "Governor Inslee has made his ideological opposition to coal abundantly clear over the years, proving pro-coal projects will never get a fair shake by his administration. Fortunately, the law is on our side. I'm working to ensure hard working Montanans are treated fairly under the law."

Speaking to the case, Wyoming Attorney General Peter Michael said, "Governor Mead and I believe that this case has broad implications for the export of commodities that are important to the economies and people of many states. Our federal system depends on evenhanded access to markets, and we are participating to vindicate Wyoming's right to engage in interstate and international trade."

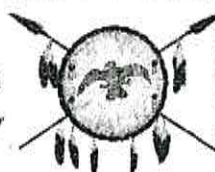

In the brief, the states argue the denial of permits by the Inslee administration have little basis in law, and in fact, violate multiple federal laws as well as the Commerce Clause of the U.S. Constitution. The State of Washington and environmental intervenors moved to block those claims in federal court until state court suits involving the actual permits are completed. Montana, Wyoming and the other states contend that the federal claims are not dependent on the state permitting suits and therefore should move forward.

The federal case is currently in its early stages. If the federal case moves forward, the states will file additional briefs, expounding the legal violations by the State of Washington.

At full build-out, the terminal would be capable of exporting 44 million metric tons of coal. In 2016, Montana mined 32 million metric tons of coal. Montana has an estimated one quarter of the world's recoverable coal reserves.

Quarterback Club

The Bobcat Quarterback Club would like to invite interested and future members to dinner to discuss starting a Quarterback Club chapter in Dillon. The dinner will be Tuesday May 15th at 6:00 pm at Blacktail Station. Admittance will be by reservation only.

Join Coach Choate and Coach Robertson to discuss the MSU Football program, upcoming season, and how impactful the Quarterback Club is to Bobcat Football. Beaverhead County has been a crucial part of Montana State Football with a number of players coming from this area. To become a Quarterback Club member there is an annual fee of \$1000 which directly supports the players and coaches. With the Quarterback Club's help we were able to provide each player with an iPad which can be used for them to watch film on their own time and help them academically. Currently MSU Football has a team GPA of 3.04, which is the highest in program history. Your annual membership will allow you to have weekly film breakdowns with Coach Choate, admittance to the Quarterback Club banquet and the ability to attend practice. The Quarterback Club is the difference for MSU Football. With your membership, you are putting us on track to BEAT THE SKY and OWN THE STATE.

If you are interested in attending please RSVP no later than Friday May 11th to Kim Finch at 406-660-2602 or MSU Coach BJ Robertson at 406-579-3562.

Beaverhead Search and Rescue News

Submitted By: Mel Rice-Public Relations Officer

On April 27, 28, & 29, seven Beaverhead Search and Rescue members and two Sheriff's deputies participated in a WRI swift water rescue course. The course was taught by professional WRI members out of Missoula. The course complies with the National Fire Protection Agency standards 1006 and 1670. The intense 20 hour swift water rescue class had four

hours of classroom instruction followed by two and a half days developing and practicing skills on and in the Big Hole River.

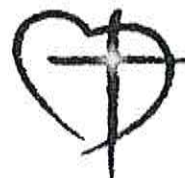

Even though the primary emphasis was on safety and self-rescue, the class offered an in-depth look at reading water, recognizing and avoiding hazards, quick rescue techniques, boat-based rescues, entrapment scenarios, and technical rescue systems (working with knots and ropes etc). The training opportunity was provided because of moneys the unit received from the tax mill the voters passed for the unit a year ago.

Bvhd S&R members participating in the weekend training were Dr. Mike Clarke, Mel Rice, Trent Cottom, Marc Sanders, Dusty Crowe, Casey Crawford, and Lawrence Morrisroe. There were two Sheriff's deputies that also participated. They were Dan Mulkey and Patrick Kruse.

In other SAR news, the Beaverhead Search and Rescue held its annual auction fund raiser on Sunday May 6th. There were approximately 75 enthusiastic bidders and 20 S&R members working the sale. The merchandise being auctioned came from individual and business donations and most of one estate out of Missoula.

The day started with viewing of items and the serving of breakfast at 9:00 am. The auction started promptly at 10:00 am and continued well into the late afternoon. Lunch was also provided by the Unit. There were so many items at the auction this year that bidding was called about 4:45 pm and a multitude of items will be put back in storage until another auction or garage type sale. The Unit would like to thank all individuals and businesses that donated to the cause. Because of your generosity the Unit grossed \$10,233.00 and had a net after advertising and food expenses of \$7450.00.
