Terrance Michael O'Connor II (Mike)

Terrance Michael O'Connor II (Mike) passed away April 4, 2018. A Celebration of Life was held at his home in Kuna, Idaho on April 14th. Half of his ashes will be spread at his father's cabin in Polaris, MT and the other half spread at one of his favorite camping spots in Idaho.

Mike was born May 9, 1967 to Terrence Michael O'Connor (Terry) of Dillon, MT and Marilyn Durrant of Spokane, WA. He was raised in Dillon on the family ranch and enjoyed camping, fishing and hanging with his many close friends. He played football in high school until an unfortunate vehicle accident that broke his back. He definitely had 9 lives. Each was filled with new adventures and crazy shenanigans. He was • loved by many people throughout his journey. Mike graduated from DeVry University with an engineering degree and spent his 29 year career working for Micron Technology. He married Lori Blevins and had his daughter Alli, the love of his life. He later divorced and married Brenda Wardle. He spent 17 wonderful years with Brenda prior to her death in 2009. He then spent 8 loving and fun filled years with Janet Jacobs before becoming ill.

He is preceded in death by his wife Brenda, and mother Marilyn Durrant. Mike is survived by his father Terry O'Connor and step-mother Karen O'Connor of Dillon, MT, step father Tom Durrant of Spokane, WA, daughter Alii O'Connor of Boise, ID, sister Lisa O'Connor Boise, ID, step sisters Missy Fleming and Tina Rath, grandson Jamison Michael DeThorne, Teryn Decker, nephew Travis Weekly, and many other relatives and close friends. He will forever be missed and his memories will be cherished for a lifetime.

SELWAY BRIDGE FAS CLOSED AS CONSTRUCTION PROJECT BEGINS

Montana Fish, Wildlife and Parks has begun development of a new Fishing Access Site on the Beaverhead River adjacent to the Selway Bridge. Work at the site is anticipated to be complete by June 1, 2018.

Montana's Fish and Wildlife Commission recently approved the request to obtain a Recreational Use Permit from the Montana Department of Transportation (MDT) to develop the site which has been used by the public for years to access the river without formal roads or a true boat ramp.

The project is a collaborative effort of the Beaverhead Trails Coalition (BTC), MDT, and FWP with work including re-grading a pioneered loop road, creating formal parking spaces, and reclaiming other pioneered areas of the site.

The BTC is funding the development of most of the site. FWP will be responsible for the gravel boat ramp construction. Also, the BTC will handle day-to-day maintenance of the site with FWP assisting as needed.

More information about the project can be found in the environmental assessment found here: http://fwp.mt.gov/news/publicNotices/environmentalAssessments/developmentImprovementsAndEnhancements/pn_0380.html

MEET AND GREET

Dr. Al Olszewski, Republican candidate for US Senate to Visit Dillon

Dillon area folks! You're invited to interview Dr. Al on May 15th between 5 and 7 pm at the Beaverhead Brewery, to talk about the issues. Light refreshments and non-alcoholic beverages will be provided.

MONTANA WESTERN STUDENTS HEAD TO NASA FOR SUMMER INTERNSHIPS.

Montana Western students Baleigh Doyle (left) and Marcus Payne (right) will be participating in internships at NASA's Goddard Space Flight Center this summer.

Two University of Montana Western students are heading to NASA for the summer, where they will be participating in summer research internships at the Goddard Space Flight Center (GSFC) in Maryland.

Business Administration and Mathematics double major Baleigh Doyle will be returning to Goddard for the second summer in a row, and Business Administration major Marcus Payne will be making the journey to GSFC for the first time.

The highly competitive internships have an acceptance rate of only about 450 out of thousands of applicants.

One of Baleigh Doyle's first tasks at GSFC during her first internship was to assist with data analysis from orientation surveys designed to help people new to working at NASA.

"I learned MATLAB in Professor Eric Wright's Math Software course, and I came to learn to love it," said Doyle. "I was able to take my knowledge gained at Montana Western and apply it to my

internship at NASA. They are now able to process data through MATLAB more quickly and make improvements to the training process with a faster turn-around based on the survey data."

After the conclusion last summer of her first internship at Goddard through the Montana Space Grant Consortium, Doyle then received an internship in Systems Engineering with Alcyon Technical Services, a "joint venture formed between two award-winning NASA contractors" according to the ATS website.

"Because of Experience One and the block system, I was able to keep working on NASA projects for the first two blocks of the fall semester," said Doyle. "The internship with ATS allowed me to complete two internships, one for my Business degree, and one for my Math degree at Montana Western, while gaining real-world experience."

Doyle plans to graduate in 2019 and is excited for what the future holds. Already applying for jobs, she feels the small class sizes and one course at a time format that Montana Western offers prepared her for working at NASA.

"Experience One allows you to learn how to work in teams, and how to produce work efficiently and quickly. My team at NASA was impressed by how quickly I could jump in and start contributing right away," said Doyle.

A native of Livingston, Mont., Marcus Payne is a Business Administration major with a focus on marketing who graduated this spring. Working closely with Professor Fred Chilson, Payne applied seven months ago for the exciting opportunity.

"I think the intense and focused environment at Montana Western helped me grow my teamwork skills, and is more conducive to an actual work environment," said Payne.

During the course of Payne's business marketing internship, he will work in the GSFC's Strategic Partnerships Office. He will research and plan strategic partnership opportunities between small and large businesses who may be interested in technology transfer, licensing opportunities, and/or partnership opportunities using NASA Goddard technology.

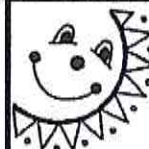

He will also create business plans and assist with Regional Economic Development initiatives and the OPTIMUS PRIME

Spinoff Promotion and Research Challenge (OPSPARC) awards ceremony and workshop.

According to its website, the OPSPARC competition asks students to "use their imagination and creativity to identify NASA Spinoff technology in their everyday world."

Students in grades 3-12 from the United States and Canada display their research in a multimedia poster that is shared with NASA. The OPSPARC winning teams or individuals will receive a stipend to visit Goddard Space Flight Center for two days of hands-on workshops with astronauts and scientists.

"I'm really excited, and I'm sure I will learn so much from this experience," said Payne.

NOTICE OF PUBLIC TEST

In accordance with 13-17-212, M.C.A., the Beaverhead County Election Office will be conducting a public test for the purpose of testing and certifying the AutoMark voting machines for the Federal Primary 2018 Election. HOUSING WANTED IMMEDIATELY:

Clean professional single businessman seeks very clean, unfurnished 2 bedroom, updated, well-maintained single-level home or cabin, (approx. 1000 - 1200 SF), in a country setting near Dillon within about 10 minutes of town, with high-speed internet and Verizon cell service available, dishwasher, W/D hookups, at least a large one-car garage or carport and off-street parking for 1 more vehicle, in a very nice and very quiet neighborhood without much (if any) yard work. Would prefer city water, soft water, ice-maker, firepit, and covered deck. I'm 65, honest, straight, financially secure, responsible, stable, work from home, in the same business for 25 years, no pets, no drugs, not handicapped. I'm very clean and organized, have many references, and have been a homeowner nearly all my life. Will treat your property as if it were my own. Prefer rental or lease option. Please call Jim at 406-535-5050 between 10 AM and 8 PM and leave a message if no answer, or send a detailed description and current photos to: ldahospud52@gmail.com Thank you!

Bible Truth...Four kinds of faith

---We believe the following: (1) the Bible was given by the inspiration of God, 2 Timothy 3:16-17; (2) all statements made in this and any ensuing articles will be based on what the Bible says; (3) the Bible only is the reliable source of spiritual & doctrinal truth; (4) all beliefs in conflict with the Bible are false.

Four kinds of faith referred to in the scriptures are: historical faith, trusting faith, working faith, and system of faith.

Historical faith. With this kind of faith we believe someone or something exists. This is a head belief or mental persuasion. In the natural realm of life men believe certain places exist even though they have never been there or seen them for themselves. In the spiritual realm men believe the Bible is true; they believe that God exists and that Jesus Christ is His only begotten Son. This historical faith leads one to believe in the facts, but is not a faith emanating from the heart. One may have faith in the facts, but this historical faith will not bring about the new birth or salvation that Jesus spoke of in John chapter three. Historical faith is illustrated in James 2:19, "Thou believe that there is one God: thou doest well: the devils also believe, and tremble." We know that no demons are going to heaven, yet they all believe in God. One cannot be saved by just believing there is a God. Having a historical faith that Jesus Christ was the Son of God, believing that He was crucified and rose again will not bring about the spiritual salvation needed to get into heaven.

Trusting faith. Before one can have a trusting faith he must have a historical faith. One wouldn't likely trust something or someone they didn't believe in historically. Trusting faith is the belief from the heart of the individual which moves him to trust (place his faith) in Jesus Christ for salvation. This kind of faith is seen in Romans 10:9-10a, "...if you shall confess with your mouth the Lord Jesus Christ, and shall believe in your heart that God has raised him from the dead, you shall be saved. For with the heart man believes unto righteousness..."

(Next: working faith and system of faith)
