Local author releases 2nd Novel

R.J. (Rob) Harrison, a 1964 graduate of Beaverhead County High School has released his second novel: *Death of a Polygamist: Another Eavesdropper Story*. He will be signing copies of his new history mystery at The Bookstore on Saturday, July 28th from 4:00-6:00 pm.

Rob was born and raised in Dillon and after high school continued his education graduating from Montana State University in 1969. Armed with a degree in architecture he left behind his notions of a creative writing career. As retirement neared for Rob and his wife Cynthia, his beloved Pioneer Mountains called him home.

In his newest book, Harrison takes the reader down the road with Harry on a quest of discovery. Harry knows some of his families polygamist past but he wants to, needs to know more. As he researches his family history, he is searching for answers hidden far below the surface. With each new revelation there are more questions, questions that make him wonder who he is and what it is that he truly wants to find. Harry, his wife Laura and their friend, Maxine, find themselves caught in a modern world still fraught with unsettled history. They are in a place of uncertainty that is filled with danger, intrigue and betrayal that could leave all of them shattered. Don't miss this great celebration with one of Dillon's own. The telling of stories has always been part of mountain life, so it's natural the stories R.J. writes are imaginative, adventurous, romantic, humorous, mysterious and sometimes magical. We will have copies of his first book "A Shooting in Bannack" available as well. Call 683-6807 if you have any questions or would like to reserve your copy today.

Recommend Revising/Updating Titles 3 & 5 of Dillon's Municipal Code: (Tabled with no recommendations). Councilperson O'Rourke ask what a "business park" was. Examples of a Business Park were given; Erb's Park where the IGA, Dairy Queen, Insurance/Therapy building... **Title #3 deals** with Revenue and Finances & **Title #5** is for Business Licenses. Mayor Klakken provided the committee with hard copy for Title 5.

Discuss/Recommend Transient Business Licenses: (Tabled) Councilman Graham explained that it was not a "business fee" but more like a rental fee. A suggestion of 30 dollars a day was discussed. *There was no facts or figures given on how much money this would generate for Dillon.* There are many different transient vendors ranging from carpenters, retail products, food... **Note:** The city bazaar businesses that set up at the Depot Park during fair time pay a fee to the city of; \$100 for a 12 x 12 station with a 10 percent discount offered if they take up to three spaces. Food vendors setting up on the Carpita Parking lot pay \$200.00 for a spot during fair time. *Once again there were no facts or figures presented on the impact these types of businesses would have on the economy of Dillon.*

Dillon has a movable restaurant on wheels and barbecue businesses that move with the crowds. Often you see these businesses in front of the brewery or at parks where events are being held. What about the Bus? **Questions:** Would these be considered transient businesses?

Tattoo Shop: A citizen of the community spoke before the council about a tattoo business being opened in Dillon. Council members never discussed nor took into consideration the societal changes, what it would offer to the community for revenue and for the citizens, what it would do for downtown area if one of the vacant buildings was filled and there was a different type business to draw people downtown. A council member spoke up and said they did not want "those type people" that would be patronizing a tattoo business. Highly thought of entertainers, CEO's of large companies, wealthy people that would buy or build a house in this area costing up to million ± dollars have tattoos. *Let's not cut off our nose to spite our face.* No facts or figures was presented and

without that data the decisions made will be someone's opinion only.

The infrastructure and economy of Dillon is viewed by many as a problem that demands a common-sense approach to find resolutions. Without real data, working together and common sense the pot holes and many other projects the citizens would like to see transpire will not be completed.

In the past the council caused a local business to lose approx. 1/2 of their business without actual facts and figures presented. Yes, there was state and local laws that needed to be considered. Had there been more knowledge put on council table it might have been possible for the local government to work with the entrepreneur to find a better solution to the problems. **Note:** In the past the council was an active player in causing a business to shut down a part of their business sighting safety issues. That action took away approx. 50% of the owner's business Capitalism is what the U.S. was founded on. "Capitalism" is an economic system characterized by private or corporate ownership of capital goods operating in a free market?

The impending collapse of the economy wasn't a Liberal or Conservative problem, it is an American problem. That said, until it is viewed as a problem that demands a common sense approach to resolution, it will never be fixed because the Democrats and Republicans know only one way to fix things and the longevity of their impracticality has proven to have no lasting effect.

Who picks and chooses who pays fees. What about the street vender that sets up on private property? Can the city change them a fee? Would it be better if the city charged a food/retail vender an inspection fee for safety purposes? Then when the vender leaves the city would inspect the sight to make sure the garbage and no other damage had been done?

Discuss/Recommend Council Rules of Procedure: (Tabled)
Mayor Klakken explained that the City of Dillon has no set policy of procedures. He explained that the council has no By-laws. How does the council sensor their own members, sensor the public members? The mayor suggested that the committee read state law under "Ethetics."

STATEMENT FROM SHERIFF KLUESNER

I am now in my 28th-year of service in law enforcement in Beaverhead County, and I believe that doing the right thing is always the right answer no matter how difficult it might be. Over the last three years and seven months, it has been the highlight of my career and high honor serving as your Sheriff. I look forward to continuing to serve as your Sheriff should you choose to give me a second term.

As a part of the job you've entrusted me with, it is my duty to respond to comments made in the media and rumors circulating in the community about certain personnel matters over the last three months.

The claims being made against me are not in harmony with truth or facts. An honest review of my record will reveal that I do not make knee-jerk decisions or lay down my professionalism on the whims of political expediency. I answer to the people of our County and feel the need to address them directly on these issues.

Until now it has not been appropriate for me to comment in detail while a private, internal process took place regarding a personnel matter. Although I strive to be as transparent as possible, employees have privacy rights that must be respected. On top of those employee privacy rights, the Beaverhead County Commission has ordered the internal investigation be sealed from the public. This has created the perfect storm for coordinated and deliberate misinformation efforts by my political opponents that seek to discredit my ethics, integrity and real accomplishments as your Sheriff. That said, I am able to speak openly about the process and my actions and to respond to conduct by other parties involved which I consider highly inappropriate and misleading to the public.

As has been made public, there has been a dispute over my termination of an employee in the Sheriff's Office. This was not a matter that I took lightly. After the termination there was a grievance process in which the decision was made by the County Commission to reinstate the employee. Though I strongly object to this decision, I have complied fully, and the employee is back on duty. As one might expect, many people in the community are wondering why this action was taken in the first place. While the details of my decision cannot be made public, there are omissions of and misrepresentations of the truth that have lent well to a politically motivated rumor mill.

Prior to making any personnel decision, I follow a very thorough process. This recent issue was no exception. Prior to the termination of the employee, an objective investigation was conducted that revealed issues I simply could not ignore. This investigation was not conducted by me, rather it was assigned to the Undersheriff, who was uninvolved in the matter. This was done to safeguard any appearance of bias and keep objectivity in-tact. In addition to this objective investigation, and prior to the termination of the employee, my decision was reviewed and approved by the county's association legal services department. In the face of this reality, the County Commission still chose to ignore the Sheriff's decision

and the Undersheriff's investigation in this matter, disregarding their combined 55- years of law enforcement experience. Instead, the Commission and County Attorney, who was the hearing officer in this process, chose to bury the real issues under review, converting it into a political smear campaign against the senior leadership of the Sheriff's Office. Unfortunately, this smear campaign went so far as to reveal private details of this process on the front page of a local newspaper. In spite of several identified conflicts of interest and a written plea from the Sheriff to recuse the Commissioners and County Attorney, they chose not to move this matter to the next step in the grievance process where a more independent review could take place. Instead, the Commission and County Attorney disregarded objectivity and the appearance of bias and issued a ruling that I strenuously disagree with and find flawed and not worthy of the public's trust and good faith. Now, the Sheriff's findings in the original matter have been sealed from the public.

It is a part of our constitutional system to have separate branches of government that check and balance each other. What you may not realize about Beaverhead County's form of government is that in extreme situations, the County Commissioner's Office can play the role of the executive, judicial and legislative branches. This is how this situation was handled and why I am deeply concerned about the process and outcome of this matter.

Now that the grievance procedure has run its course and the Deputy, by order of the County Commission, has been reinstated I am moving forward in carrying on the mission of the Sheriff's Office and progressing in the public's best interest. However, I do feel it my obligation, as your elected Sheriff, to inform the residents of Beaverhead County of the disappointing nature on how this matter was handled by the County Commissioners and County Attorney.

As an elected official, I have moral and ethical obligations to ensure that every deputy sheriff conducts themselves in a matter that does not violate the public trust. I take this responsibility seriously. I can assure you that I followed county policy.

I am dedicated on a daily basis to overseeing the public safety needs that are the responsibility of the Sheriff's Office, including the 911 Center, Detention Center, civil, law enforcement and search and rescue functions. I will continue to serve with the level of commitment and integrity expected by the citizens of Beaverhead County.

I will keep striving to move the Sheriff's Office forward in a professional, accountable and positive way. There is great work being done every day by the men and women of the Beaverhead County Sheriff's Office that should not be overshadowed by personal and political exploitation. I will defend the truth no matter how difficult. I look forward to sharing the great work that we've accomplished during my term.

Thank you,
Frank

Bible Truth...Doctrinal changes noted in modern translations

(#89)

---We believe the following: (1) the Bible was given by the inspiration of God, 2 Timothy 3:16-17; (2) all statements made in this and any ensuing articles will be based on what the Bible says; (3) the Bible only is the reliable source of spiritual & doctrinal truth; (4) all beliefs in conflict with the Bible are false.

Contrary to what many seem to think, modern translations of the Bible don't all say the same thing the King James Version says but in easier to understand language. A close analysis reveals a tremendous difference between the KJV and the modern versions. Critical doctrinal truths are changed in most, if not all of the newer versions. The following example reveals a change in the meanings given in the different versions. Note the deceitful change in the Deity of Christ.

In 1 Timothy 3:16 the KJV clearly states that "without controversy...God was manifest in the flesh."

The New American Standard Bible used by many changes that statement to "by common confession...He who was revealed in the flesh."

These two changes alter the meaning of this verse: (1) "Without controversy" means it is without dispute, whereas a "common confession" leaves the door open for debate; (2) By changing "God" to "He", the NAS leaves room for questioning the fact that Jesus is God.

The Living Bible is even worse: (1) "without controversy" is the mystery of godliness" is changed to "quite true"; (2) "mystery" is changed to "not an easy matter"; (3) "God manifest in the flesh" becomes "the answer lies in Christ, who came to earth as a man"; (4) "preached to the Gentiles" is translated as "accepted by men everywhere"; (5) "seen of angels" is completely omitted; (6) "received up into glory" is revised to "received up again to his glory in heaven."

Conclusion: The Deity of Christ may be difficult to comprehend, but the Bible makes it clear that it is a fact. "In the beginning was the Word, and the Word was with God, and the Word was God." "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth." (John 1:1, 14)
