Miss helps build self-confidence, communication skills, poise and build life long memories and friendships!! Our Little Miss requires no experience. We are a NATURAL SYSTEM. Great for beginners and you pros. We will host 7 preliminaries this season look for one near you. Our fourth preliminary of the season to be held September 22nd, 2018 in Dillon, Location: at the Beaverhead County Fairgrounds. This is a tri-level system that has been around for 56 years. We teach young ladies how to be the leaders of tomorrow by teaching them life skills such as sportsmanship, leadership, public speaking skills, poise, confidence and how to conduct an interview which is critical in today's society. Check out our Facebook Page, Our Little Miss of Montana. Don't miss out on a wonderful opportunity.

The scholarship competition was founded by Marge Hannaman in 1962 as the "first" international children's beauty and talent competition with the first competition being held in 1963 in New Orleans, Louisiana. Since its inception the competition has been held all over the United States and has welcomed contestants from all over the World. Several of our Grand Finals have been televised and in 1977 CBS 60 Minutes covered a full week of the pageant. There have been many contestants that go on to become Movie Star's, Broadcast Journalists, successful Business Owners, and contestants in other scholarship competitions such as Miss America. There have also been many guests' stars to grace our stage such as Frankie Avalon, Shari Lewis, Joe Diffy, and Brent Anderson.

Over one hundred children, teens and adults from various states and foreign countries will compete for the coveted World titles during the weeklong event. All age divisions will compete in a variety of competitions including Close-up Appraisal, Sportswear, Team OLM/ Playtime with the Judges, Party Dress/Evening Gown and Talent. Two judges' panels will judge the delegates on their poise, stage presence, facial beauty, personality, and ability to answer questions both on stage and in the closed Close-up Appraisal and Back Stage Interview sessions.

The below are the crowned winners were presented with the official Our Little Miss Rhinestone crowns, satin lined banners and trophy during the Universal Beauty Montana State finals last October. Each have the represented their titles throughout the last year at various state and local, events. Upon completion of their reign and fulfillment of their duties, the winners will receive Cash Scholarships. They will be crowning their successor at our State Finals this year in October.

Goldstone Fire, Dillon Ranger District

The lightning caused Goldstone Fire, detected August 2, and is approximately 440 acres. The fire is burning in a high elevation basin near Goldstone Pass. It is 0% contained and is located approximately five miles west of Reservoir Lake in the Park Creek drainage near Goldstone Pass in the Bitterroot Mountains, near the Montana and Idaho state border. The fire is located in steep mountainous terrain and is burning in heavy mixed conifer fuels (sub-alpine fir, Engelman Spruce, lodgepole pine) with very heavy concentrations of standing dead trees (snags).

Yesterday fire activity increased due to hot dry temperatures and winds. The fire has burned up towards the Continental Divide and has crossed the Montana Idaho state line. Approximately 25 acres of the fire is now on the Idaho side of the Divide on the Salmon Challis National Forest. Today there are approximately 40 resources on the fire. The Salmon Challis National Forests is assisting with firefighting efforts by providing a Type 3 helicopter that is dropping water on the Idaho side of the fire.

Due to an increase in fire activity a new Closure Order is in effect which closes a section of the Continental Divide Trail (CDT) starting at Lemhi Pass and continuing north to Jahnke Mine. The Reservoir Lake Campground and the Bloody Dick Rental Cabin are also closed. A temporary re-route of the CDT is in place and hikers are advised to travel east down from Lemhi Pass to the Lewis and Clark Trail/Road and travel North on a series of roads through the Selway and Saginaw drainages connecting back to the CDT at Forest Road 7325 which is the Berry Meadows Road. For more information contact the Dillon District (406) 683-3900. Approximately 40 resources are currently working the fire, including several pieces of heavy equipment. Due to the hot, dry and windy weather that is predicted for the area over the next couple of days, fire behavior is expected to increase.

Additional Information:

Fire Weather Forecast: Hot and dry weather will continue today through Friday. Temperatures in the valleys will be running 10 to 15 degrees above normal, and may flirt with all-time highs for the month of August in some locations. Nightly thermal belts will continue to strengthen as well. Widespread Haines of 5 or 6 will be common throughout western Montana. The ridge breakdown from an approaching dry cold front has slowed a little, and is now expected to move through the region Saturday afternoon and evening, with gusty southwesterly winds. Areas of northwestern Montana may see isolated rain showers and/or thunderstorms Saturday as the front

moves through, though not a lot of rain is expected. Due to all of these factors, the Fire Weather Watch will remain in effect. Conditions will improve overnight Saturday, with near normal temperatures Sunday through the first part of next week. For up to date fire weather forecasts for southwest Montana, go online to <https://www.wr.noaa.gov/fire2/?zone=MTZ110&zonestat=Go&wfo=ms&o&interface=fwzones>.

Preparedness Level: The nation is currently at a Planning Level Five (PL5). PL5 indicates that there is large fire activity occurring in multiple geographic areas and a heavy commitment of crews, aircraft, and equipment to these incidents, along with a forecast for continued hot, dry, windy conditions. During PL5, as fires grow and additional resources are needed, it can take longer for resources to be assigned to a fire due to the limited number available.

Fire restrictions are not in effect on the Beaverhead-Deerlodge National Forest, however, people are encouraged to keep informed of other area restrictions by going online to <https://firerestrictions.us>.

Fire Activity and Smoke: Currently, there are 56 uncontained large fires in the nation, which are filtering smoke into the valleys of Montana. You can find information about these fires on Inciweb at <https://inciweb.nwcg.gov>. Further information on smoke can be found from the MT Department of Environmental Quality's web page at <http://bit.ly/wildfiresmokereport>.

To find out more about the Beaverhead-Deerlodge National Forest go online to: <https://www.fs.usda.gov/bdnf>, and check out News & Events, 'Like Us' on our Facebook page <https://www.facebook.com/US-Forest-Service-Beaverhead-Deerlodge-National-Forest-1540138089548920>, and 'Follow Us' on our Twitter page at <https://twitter.com/BvrhdDrldgeNF> for further information.
