## Charlie Russell Comes to Dillon

During the week before Labor Day and on through the weekend, The Tendoy Fine Art Gallery at 35 S. Idaho St. in Dillon will be presenting a very special Charlie Russell print for Dillonites and visitors to view. What makes this print exceptional is that it is of an original Charlie Russell painting that has not been widely exhibited. Even better, the print has local ties through Montana pioneer Archibald Hayden. The original oil painting is owned by family members in Georgia, and the print was made for Mary Hill of Lima, a great granddaughter of Hayden. To the family's knowledge, the print was not widely circulated.

Hayden and his brother, William, came to Montana in 1875 to join their father, Samuel Hayden. Hayden chose to work as a freighter instead of mining with his father. After several years, he took a cowboy position with several big ranches in Montana, including the Weingard Flying W Ranch out of Silver Star. The Ranch ranged their cows in the Judith Basin in central Montana which is where Hayden became acquainted with Charlie Russell. Hayden, the camp leather worker, traded a painting for making some chaps for Russell. The rider in the center of the picture is Hayden on a horse branded with the Flying W brand. This brand is also on the steer he is roping.

Hayden is also featured in a painting titled, Cowboy camp during the Roundup dated 1887 and on one of the famous pencil sketches that Russell was known for doing. The pencil sketch is on loan to the Montana Historical Society Museum in Helena.

Hayden married Mary Kingerly in 1891 and the couple homesteaded in the Centennial Valley, where Russell would come to visit, sometimes for extended stays. He

## City Hall Committee

By: MJ

**Members Present:** Councilmen Raymond Graham and Cliff Stout.

**Staff Present:** Mayor Klakken and Deputy Clerk Ms. Stacy Roundy.

**Repair of Roof on City Hall:** The roof was last replaced in 1982. Mayor Klakken reported that the roof is developing several leaks, mainly around the vents. Ms. Roundy presented an estimate from the previous year for \$19,860 for the cost of having the roof spray coated. The estimated replacement cost is \$150,000.

Ms. Roundy contacted a company that does membrane roofs for an estimate on repairing the roof. The company asked about asbestos. She then contacted a company for an estimate to do asbestos testing on the roof and the estimated cost was approximately \$975.00. Motion made and passed to have the asbestos testing done. Mayor Klakken said that he would budget for this expense.

Mayor Klakken reported that the lines running from the boiler to feed the radiators in the building are starting to rust through and need to be replaced.

The electrical system was discussed. The mayor stated the electricians have told him the circuits in the building are overloaded so the service to the building needs to be redone. Northwestern Energy quoted \$11,725 to upgrade the service and combine the shop, pump #3 and City Hall onto one meter.

Mayor reported that there is money from USDA Rural Development. These dollars would likely be a loan, so repayment would have to come from the General Fund. Grants will be applied for to try to obtain money for the renovation.

Motion was made and passed that on September 1st and Sept 2nd of Labor Day week-end a dunk tank will be set up at the Bazaar in Depot Park. Elected officials, including City Council members, Commissioners and many others have been invited to participate in the dunking process. All funds after expenses will go toward matching funds for grants to help with roof repairs.
