Closing Laknar Lane

The Beaverhead County Road Department will be closing Laknar Lane between Schuler Lane and Webster Lane beginning Monday, August 27th at 8:00 a.m. until Thursday, August 30th at 5:00 p.m.

The detour will run from Schuler to Freeman to Beaverhead Lane and back onto Laknar Lane.

The Road Department is prepping the road for an asphalt overlay project that will begin later in September.

Where There's Fire, There's Smoke

As wildfires continue to burn across the western United States and Canada, the inevitable by-product—smoke—of those fires continues to clog our blue skies. Smoke is natural consequence of wildland fires, but it can pose a potential risk to health, visibility, safety, and general nuisance problems.

Although smoke mitigation is considered in wildfire management tactics, many of the factors that create the smoky skies are beyond fire managers' control, including topography, fuel accumulations where the fire is burning, and weather conditions. During long duration or high impact smoky wildfires, fire managers may request an Air Resource Advisor to assist in addressing public concerns and help coordinate an interagency effort to reduce public exposure to smoke. Also, fire managers may choose to order air monitoring stations for specific communities near a wildfire, to get real-time updates on air quality levels.

When heavy smoke is present, those who are more vulnerable should take precautions such as staying inside and avoiding prolonged outside activity to minimize direct exposure to the smoke. If neither of those options work, the individual should contact their health care provider for further recommendations. Smoke conditions and air quality levels can change often. It's important that people recognize the potential for smoke to impact their daily activities, and make contingency plans if heavy smoke occurs.

For current and predicted air quality levels, people can visit their county health department, or any of the following websites:

EPA's AirNow: https://www.airnow.gov/
Idaho DEQ-Air Quality: http://airquality.deq.idaho.gov/
Montana DEQ-Air Quality: http://svc.mt.gov/deq/todaysair/
Montana Wildfire Smoke: https://www.montanawildfiresmoke.org/
Centers for Disease Control and Prevention: https://www.cdc.gov/features/wildfires/index.html

Smoke can also reduce visibility on roadways, so drivers should exercise extreme caution when driving in smoky, low visibility conditions.

For updates on wildfires in, or near your community, visit Inciweb at https://inciweb.nwcg.gov/.

Dillon BLM re-opens Axolotl Wilderness Study Area after fire closure

The Bureau of Land Management's Dillon Field Office lifted a fire prevention order Thursday, re-opening the Axolotl Wilderness Study Area in Madison County after it was closed earlier this month due to the Monument and Wigwam fires.

The fires are located south and west of Ennis, Mont., in very rough mountainous terrain, in the 9,000-foot elevation range, within the Gravelly Range Mountains.

Updated information on the Wigwam Fire is available online at https://inciweb.nwcg.gov/incident/6134/ and information about the Monument Fire can be found here: https://inciweb.nwcg.gov/incident/6122/.

DAHA

Advertising and Sponsorship for the Dillon Amateur Hockey Association Ice Rink

DAHA (a local 501(c)(3) non-profit organization) is getting ready for our first year of ice at Chris Kraft Park! This ice facility will provide the Dillon/Beaverhead County communities with a large local ice sheet for enjoying ice skating and playing ice hockey and other ice sports. We currently have the materials and funds to place the ice surface with boards around the entire regulation sized rink, as well as the purchase of skates and other equipment for free community use. We are still in need for funding to build a simple heated garage structure to house our already purchased Zamboni ice resurfacing machine. Being able to use this machine this year will greatly improve the quality of the ice that we maintain. The DAHA membership has developed the following pricing list for rink advertising during the 2018-2019 winter season (we anticipate ice from December through February, but will be relying on Mother Nature). The rink and adjacent facilities will become increasingly modernized and popular over the years, so take advantage of these inaugural prices before they go up in future seasons:

Full Side Board (4' x 8' Space):
$450 per season

Half Side Board (2' x 8' Space or 4' X 4' space):
$325 per season

End Netting Banner (approximately 4' x 8'):
$750 per season

Exclusive Zamboni Sponsorship (available only if garage construction is completed this year):
minimum $5000 (Or Highest Offer) per season

Naming Sponsorship of Equipment Garage (available only if garage construction is completed this year):
$5000 per season

Naming Rights to the Ice Rink:
minimum $10,000 (Or Highest Offer) per season

- *NOTE: SMALLER ZAMBONI ADVERTISEMENTS WILL BE AVAILABLE IF EXCLUSIVE SPONSORSHIP RIGHTS GO UNCLAIMED*
  - *SMALL ZAMBONI AD PRICE SUBJECT TO AVAILABLE SPACE*

Other donations or advertisement opportunities will be accepted.

Payment details, specific advertising questions, and other inquiries regarding sponsorship opportunities can be made at info.dillon.hockey@gmail.com or through our Facebook page. You can also contact Mike Morrow at 683-6648. Contact us for more information and to reserve your sponsorship space! Thank you for your support of this new community resource!

Bible Truth...What will *not* get you to heaven

----We believe the following: (1) the Bible was given by the inspiration of God, 2 Timothy 3:16-17; (2) all statements made in this and any ensuing articles will be based on what the Bible says; (3) the Bible only is the reliable source of spiritual & doctrinal truth; (4) all beliefs in conflict with the Bible are false.

The Apostle Paul had accomplished many things he could have boasted about before he turned his life over to Christ. Philippians 3:4-6 records the following: (1) he had been loyal to his ancestry in continuing to speak his native language, [Hebrew]; (2) he was a member of the strictest sect of Jews...the Pharisees; (3) he had burning zeal for doing what he believed was right; (4) he had adamantly kept the Law of Moses. After meeting Christ on the road to Damascus (Acts 9), he renounced all of those things to follow the teachings of Christ.

Note several things Paul refused as being requirements to get to heaven. These are all things that do ***NOT*** qualify one for gaining entrance into God's presence. The scripture reading for this is Philippians 3:4-14.

First: Paul refused to trust in rituals, such as circumcision, a sign that the Hebrews believed in the coming Christ. Under the New Covenant the rite of baptism is a sign that one has believed in the risen Christ. In Acts 8:36-37 this is seen as Philip told a man from Ethiopia who requested baptism that he was only qualified for baptism if he believed in Jesus Christ. Following the man's profession of belief in Christ Philip baptized him. Neither the Hebrew nor Christian ritual purchased spiritual salvation, but both identified the one undergoing the ritual with Christ.

Second: Paul refused to trust in his genealogy. He could have boasted in being a descendant of Jacob. After becoming a child of God through believing in Jesus Christ, however, the physical genealogy was unimportant. The spiritual lineage was what counted.

Third: He refused to trust in his respectability due to being of the tribe of Benjamin, which was known for its loyalty to God.

Rituals, genealogy, and loyalty have a place in life, but none qualify us for entering heaven when our life on earth ends.
