Change of Plea and Plea Agreement

Crystal Mae Thompson changed her plea to guilty and waived her right to an appeal in the case against her for Felony theft from the City of Dillon while she was the City Judge.

The Plea Agreement reads in part as follows:

THE PARTIES AGREE to the following:

1. The Defendant will plead guilty and admit to the facts of the following counts: Count 1: THEFT, a felony, committed in violation of Mont. Code Ann. § 45-6-301(2) (a), in that the Defendant did as part of a common plan or scheme, purposely or knowingly obtain by deception control over property, cash, of the owner, City of Dillon, and had the purpose of depriving the owner of the property, the value of said property being in excess of \$1,500.

2. After sentencing, the State of Montana will move to dismiss Count II of the Information (Tampering with Public Records or Information, a felony).

3. The State of Montana will recommend that the Defendant be sentenced to a 5-year Department of Corrections commitment, all suspended for a period of five years, on various conditions, including that she pay restitution for the money unaccounted for (\$6,346.50) as well as for the audit (\$27,807.95). All the customary terms of probation and DOC supervision will apply as set forth in the anticipated presentence investigation. As a further condition of probation, State will recommend that Defendant be ordered to serve 15 days in jail. The State will agree that the jail term may be served in increments to avoid jeopardizing her current employment. Defendant may serve any jail sentence in a different facility than Beaverhead County (at her expense). All of the usual fees, surcharges and costs would apply.

4. Defendant specifically agrees that she is willing and able to pay the monetary obligations and restitution under this agreement over the period of probation, and agrees that payment of restitution is a condition necessary for rehabilitation of the victims under Mont. Code Ann. § 46-18-201(4)(n). All of the methods for collection of restitution provided under §§ 46-18-241 through 46-18-249 shall apply, including garnishment of wages and interception of tax refunds.

5. Should Defendant be incarcerated in a state institution, Defendant shall forfeit one-third of all prison earnings for payment of restitution per Mont Code Ann. § 46-18-244. Pursuant to Mont. Code Ann. § 46-18-244(6)(b), Defendant shall sign a statement allowing any employer to garnish up to 25% of her wages, if required by her probation/parole officer. Defendant shall continue to make monthly restitution payments until she has paid full restitution, even after incarceration or supervision has ended.

6. Because this is a nonbinding agreement, Counsel for the Defendant is free to make whatever recommendation he feels is appropriate.

7. The Defendant further agrees that the facts contained in the Affidavit in Support of Motion for Leave to File Information may be relied upon by the Court in establishing a factual basis for the plea.

8. The foregoing sentencing recommendation by the State is contingent upon the Defendant not committing any additional crimes prior to sentencing. If probable cause exists that defendant has committed a further crime prior to sentencing (other than minor traffic infractions), then the State is free to make a harsher sentencing recommendation and may elect not to dismiss Count II of the Information.

1994 and 1995. For his outstanding play in 1995, Armstrong was named first team All-American. His fondest memories of Montana Western were beating Glenville State in 1994 and "lots and lots of bus trips."

Armstrong began his coaching career serving as an assistant coach for the Bulldogs from 1996-1997. Armstrong went on to become a high school football coach in Florida where he was named Tampa Tribune Coach of the Year, Lakeland Ledger Coach of the Year, and Polk County Coach of the Year. Armstrong served as the head coach at Rocky Mountain College for seven seasons. He was named Frontier Coach of the Year in 2010 and 2013. He currently ranks second on the Rocky Mountain College all-time wins list. Armstrong is currently the Offensive Coordinator/Tight Ends Coach for the Montana State University Bobcats. He and his wife, Julie, have two children, Michael (14) and Alissa (11).

Julie Shoen Huston is a 1998 graduate of the University of Montana Western where she earned a Bachelor of Science degree in Business Communications. Huston was a member of the volleyball team from 1995-1998, winning a Frontier Conference championship in 1998. During her sophomore season, Huston set the school record for single season solo and assisted blocks. She was named All-Frontier Conference honorable mention for both her sophomore and junior seasons. During her senior season she broke her assisted blocks record, was named Frontier Conference Player of the Week and was named to the All-Frontier Conference 1st team as well as the All-Academic team. Her senior season was capped off with a Frontier Conference championship and selection to the All-Pacific Northwest Region 2nd team.

Julie's fondest memory as a student-athlete was the championship match against Carroll College that was held in the Straugh gymnasium. Huston remembers the entire town filling the gym, making it "seem like an Olympic event." After winning all three games and the Frontier Conference title, Huston felt as though the volleyball team were treated like legends around Dillon.

Huston is currently a regional sales director with Paychex Inc., managing the Mid-Atlantic region of the Retirement Plan Sales Division in Pennsylvania. She was the first female director and helped spearhead the company's "Women in Leadership" council, which has provided professional development opportunities and helped to promote many women across the organization. 3D Mammography detects threats like no other

When it comes to breast cancer, early detection is essential. In fact, early detection saves lives.

That's why we are so passionate about our 3D mammography capabilities at Barrett. And while it might be tempting to choose thermography instead of a mammogram, the FDA warns that thermography should be used only as an adjunct to mammography. The American Cancer Society has stated that thermography is not an effective screening tool for finding breast cancer early.

3D mammography has been proven to detect breast cancer sooner and better. With 3D mammography, callbacks are reduced by 40% and detection is improved up to 50%. Trust the experts at Barrett Hospital & HealthCare. We are here for you and your health.

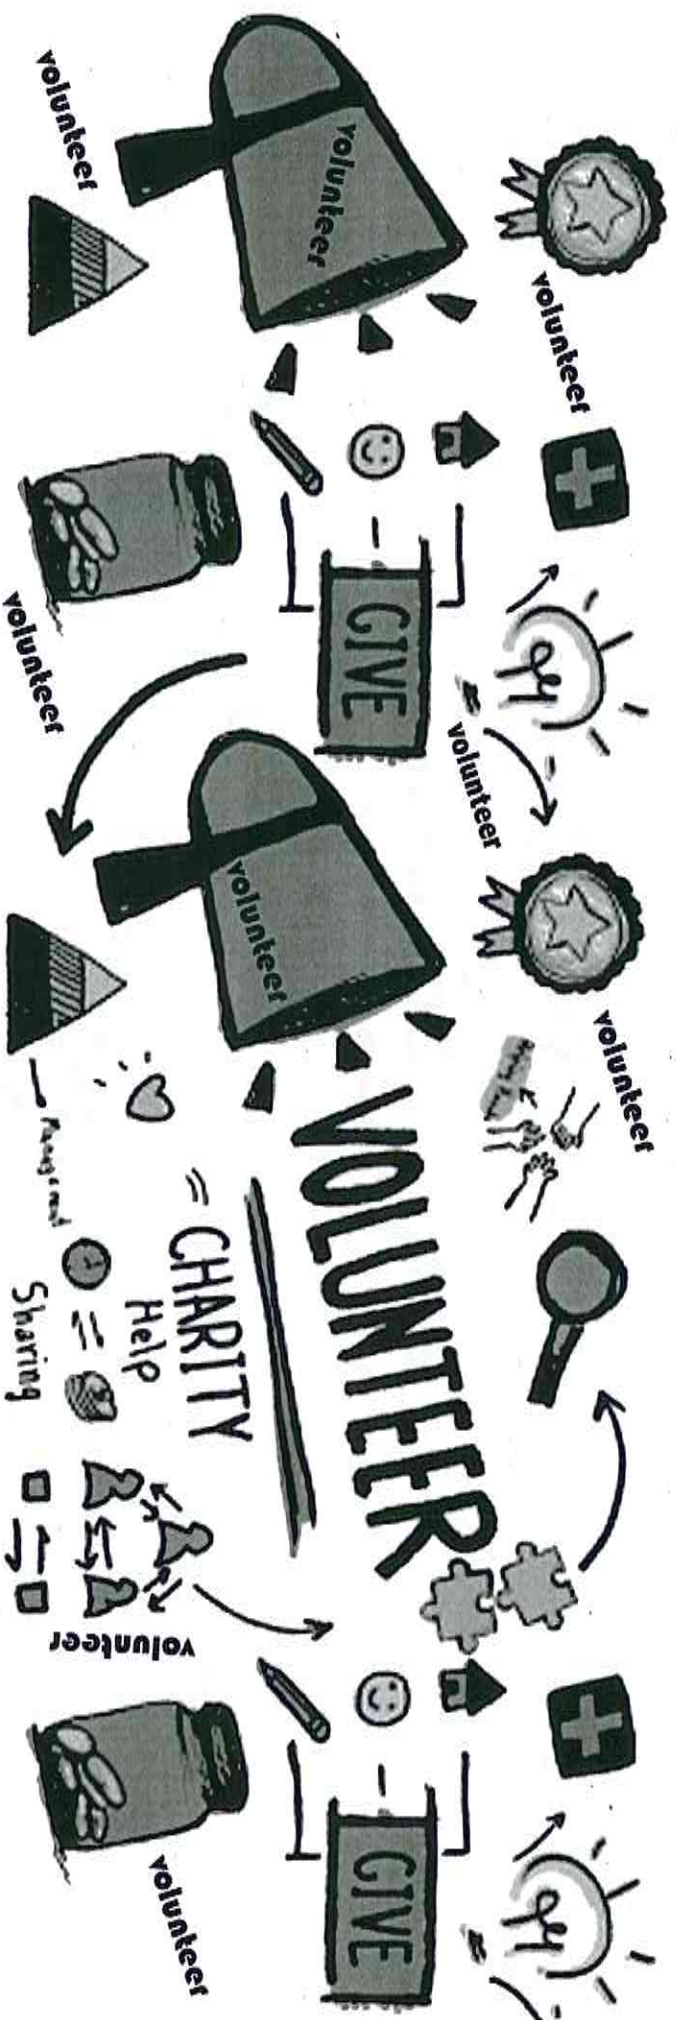

Talk to your provider about scheduling your mammogram at Barrett Hospital & HealthCare, call **406-683-1188**.
