Montana Seniors Can Submit College Applications this Week without Paying Fee

Seniors at 150 Montana high schools can send an application to any Montana campus of their choosing without paying a fee this week from October 1-5.

This is the 6th year of Montana's College Application Week initiative, which is part of a national effort to remove barriers for high school seniors considering higher education. The goal is to help students navigate the college admissions process by providing an opportunity to complete at least one application with support from school staff and other volunteers. High schools host events, set aside time for students to apply, and celebrate a college-going culture to increase college-awareness and expectations in schools and communities.

"College Application Week helps me save money and get a better idea of where I want to attend college. I realize all the things I have done throughout my high school years, my accomplishments, and am ready to further my education. I feel confident about my future," said Eve The Boy, a senior at Box Elder High School.

The state-wide initiative is coordinated by Montana GEAR UP and the Office of the Commissioner of Higher Education. "College Application Week provides Montana high school seniors with a great opportunity to save money and to start planning," Commissioner of Higher Education Clayton Christian said. "This is a very exciting time for students and for our colleges and universities that look forward to welcoming and serving them."

OCHE and GEAR UP work with K12 and post-secondary access partners including Montana's Office of Public Instruction on the initiative. "College Application Week provides all Montana students with a pathway for college opportunities," State Superintendent Elsie Arntzen said. "This is an exciting collaboration between Montana's K-12 and higher education systems for the benefit of our students."

In 2013, 84 Montana high schools participated and agreed to provide structured time for application completion during the week. "Students of all socioeconomic backgrounds struggle to prioritize completion of college applications while balancing schoolwork, extracurricular activities, jobs, and their social lives," said Zach Hawkins, director of GEAR UP. "College Application Week helps by giving them time and support."

The initial number of participating high schools has grown steadily along with the number of applications submitted. In 2017, 3,561 applications were submitted by seniors from 142 high schools. All Montana postsecondary institutions have agreed to waive or defer the application fee for students from participating high schools since 2014.

Zoning Sept 25, 2018

By: MJ

Present: Chairman Mr. Stoker, Mr. Franks, Schwandt, Ms. Erfle.

Minutes: August 7th and September 11th minutes were approved as written.

Zoning Compliance Certificates: #2536 Daniel & Paulan Smith @ 536 E Glendale St. When they submitted their application, they checked boxes, "home occupation, shed, and deck/porch" to identify what the building would be used for. On the application Smith stated there would be a bedroom and bathroom in the building but did not mention a kitchen. The board discussed whether this was a shed or a residence. The building is not on a foundation. **Note:** It appears that the discussion of whether it's a shed

was immaterial because the document does not define shed. Ms. O'Rourke expressed her opinion on what a shed was without facts (a place for garden tools...) **Questions:** 1) Another box checked on application form was "home occupation." Is a home occupation a place of a business & job, is it a residence or is it both?" The zoning document does not clearly define "home occupation" or "shed" nor does it define penalties and directions that must be followed if people are breaking laws.

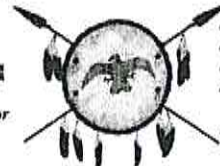

The zoning board took the better part of a year trying to figure out how to remove the trailers from public streets. There are many reasons why the trailers are still on the streets. The City Ordinance for unattended vehicles does give police officers the power to write a ticket for any abandoned vehicle that has been on the street and not moved for a period of 5 days. However, it is not just as easy as writing a ticket. They must documentation that the vehicle has not been moved for 5 days, identify owner and give a give written notice, determine if the vehicle has violated any section found in DMC Title 10... **Note:** A trailer is defined as an abandoned vehicle.

Question: Is trailers parked on the street more important then a budget that must beg, borrow and steal from others budgets just to balance the General Fund? The city is teetering on financial insolvency. Should the boards and committees ask themselves if the rules and regulations they are imposing on the community helps to build the tax base and support the budget thus supporting the infrastructure and community as a whole? Is it time the people start bringing facts and figures to the meetings instead of their own desires and opinions? Is it time we take a good look at the 276± page document that governs the city and ask ourselves if it fits the community as it exists today? Is it time the people are asked to pay more?

Question: Is it fair to ask good people on boards and committees to listen hour after hour, meeting after meeting, to people express their personal opinions and personal desires without facts, figures or proof to back them up. Sometimes it appears the boards and or committees are sounding boards for people to complain. Respect the people serving and bring facts and figures to allow for improved decisions. Identify, understand and present the statutes that will govern your requests.

BCHS Choral Ensembles and Jazz Band Annual Fall Concert, October 23rd

Beaverhead County High School's Treble Chorus, Men's Chorus, Mixed Ensemble, Teen Tones, and Jazz Band will present their Fall Concert in the BCHS Auditorium on Tuesday, October 23, 2018 at 7:30pm. The concert is free to the public.

The Jazz Band, conducted by Mrs. Katie Raffety, will perform several selections. Jazz Band offers students of high level musicianship the opportunity to collaborate on music within the jazz genre and often features soloists.

The Choirs conducted by Mrs. Carolyn Van Slyke, will perform music that exemplifies the concert theme, "Peace and Patriotism," featuring several Patriotic and hopeful tunes. Singing in choir offers students the opportunity for vocal training, aural training, musical literacy, and personal growth. Singers learn to collaborate to bring music to life and have fun in the process.

Several BCHS students will participate in All-State Band and Choir in conjunction with Montana Music Educator Convention in Bozeman, October 18-19. Students are selected from hundreds of other Montana high school musicians who auditioned last spring. Those participating in the choir are Katie Van Slyke, Jovany Guillen, Colter Stanchfield, and Tyler Steadman. The band members include Cassie Wharton, and Ti'el Lochridge. They will work with outstanding directors from across the United States. We wish them the best of experiences at All State!

The band and choir students will start fundraising this month. Students use the funds they raise for music related costs: reeds, instrument repair, uniform costs, music activities and meals during travel. Ask them about what is available. Thank you for supporting and encouraging the music at Beaverhead County High School! We appreciate your support of the arts in Beaverhead County.

Come join us for a night of great music!

Chamber of Commerce Meeting

The Beaverhead Chamber of Commerce and Agricultural Board of Directors will meet on Thursday October 11, 2018 at Noon in the City Council Chamber. This meeting is open to the public and everyone is encouraged to attend. The agenda will include a report from executive director, upcoming events and more!

Attendance to these meetings is critical for all members of the Chamber. Please come on in and share your opinions!

Letter to the Editor

Welcome to UM Western Professor Michael Francisconi's world of hatred!

From his privileged position of power, UM Western Professor Michael Francisconi, the self-described socialist, once again displays his hatred of Conservatives, especially Conservative Trump Supporters.

As a political independent and Hillary Clinton supporter, I was appalled when Clinton referred to Trump Supporters as "Deplorables." Now I am offended greatly that we have Francisconi suggesting and saying that people who voted for Trump are Fascists.

Setting aside momentarily Francisconi's personal attacks on the majority of Beaverhead residents and voters, let us look at Francisconi's imprecise use of language and his rejection of logic.

First, Francisconi confuses the different types of Fascism.

As Roger Griffin reminds us in the Oxford Reader on Fascism, Fascism is the ideology of sacrificing the individual to the "state." Fascism occurs when governments eliminate or abolish private property. Fascism occurs when governments abolish market-oriented, consumer-centric capitalism. Fascism occurs when governments abolish religion.

There are two types of fascist governments: (1) National Socialism (Nazis) and (2) International Socialism (Communists). Fascist National Socialists (Nazis) sacrifice the individual by creating Race-Based Governments such as Hitler's Germany. Fascist International Socialists (Communists) sacrifice the individual by creating Economic Class-Based Governments such as Stalin's USSR.

In the 1980s, socialist public intellectual Susan Sontag reminded us that "Communism (International Socialism) is Fascism with a Human Face."

Second, Francisconi adopts McCarthy-like smear tactics of guilt by association (GBA). Francisconi thrives on GBA by mentioning Conservatives, Republicans, and Trump Supporters in the same article as Fascism.

Third, Francisconi cheapens the totalitarian term Fascism by frequently (and imprecisely) using it. Whenever and wherever

Francisconi sees a Conservative Trump Supporter, he sees an American Fascist.

Fourth, Francisconi lives on contradictions. He calls Trump Supporters "losers" who are lazy moralists because they do not share Francisconi's so-called "moral outrage." After insulting Conservative Trump Supporters, Francisconi compounds his contradictions by making a plea for us to work together while not being civil.

Prof. Francisconi's ideas have created deep misery for multiple millions. Prof. Francisconi's latest "I Hate Trump Supporters" is both silly and sad for the reasons noted.

Prof. Francisconi's ongoing hatred of Trump Supporters only drives the many political independents like me away from supporting the Democratic Party and toward supporting the Republican Party.

Our Community deserves much better than the ongoing hatred that Prof. Francisconi promotes in his articles.

No on taxes!

I encourage all voters to vote no on all 2018 proposed tax increases. We need to work with the new taxes already passed and reevaluate in 2019.

On another note – THANK YOU to all those who helped clean Idaho Street for the celebration on Tuesday. WOW – what a difference! Great job and I appreciate all you did.

Montana Law Enforcement Academy Hosts Silent Witness Exhibit

October is Domestic Violence Awareness Month

In observance of Domestic Violence Awareness Month, the Montana Law Enforcement Academy (MLEA) is host to the Montana Silent Witness exhibit October 1 – 5. The public is invited to MLEA, located at 2260 Sierra Road East in Helena, to see the exhibit.

The Silent Witness display is comprised of more than 100 red wooden silhouettes of female victims. Attached to each silhouette is a gold shield memorializing a woman killed during a domestic violence incident in Montana. Children who died with their mothers are also represented on the shields.

"We should never forget the lives represented by these silhouettes, and their tragic, preventable endings," Attorney General Tim Fox said. "We will continue to encourage Montanans to report suspected intimate partner violence to law enforcement, and to hold perpetrators accountable through tougher laws."

During the last legislative session, SB 153 was drafted by the Montana Department of Justice in concert with the Yellowstone County Attorney's Office and carried by Senator Margie MacDonald-D, Billings. The new law gives law enforcement and prosecutors the tools they need to address serial domestic violence in the state, establishing a felony offense of strangulation. Montana's old law did not distinguish strangulation from other crimes of assault.

"One in four women will experience domestic violence in their lifetime," said Natale Adorni, MLEA's Domestic Violence Program Manager. "As you walk by these figures and read their individual stories, you can't help but be deeply moved. We invite everyone to visit our campus this week and experience this unforgettable exhibit personally."

According to the most recent Montana Domestic Violence Fatality Review Commission's report, there have been 169 intimate partner homicides in the state due to intimate partner violence since 2000.

The Montana Silent Witness Initiative, established in 1999, aims to promote successful community-based domestic violence reduction efforts in order to reach zero domestic murders by 2020.
