Frankly Speaking About Cancer: Clinical Trials

Free Educational Workshop for People Interested Learning About Clinical Trials

Letter to the Editor

Larry Leith's letter in the November 5th Dillonite needs to be called out for what it is: a cheap homophobic attack against those of us working for equal rights for all in Dillon.

Dillon PFLAG, wrote Leith, "arbitrarily decide[d] they [gay people] are entitled to special privileges." This is a familiar lie that has been circulating among right-wingers for years. As the Supreme Court explained in Romer v. Evans, however, there is nothing "special" about laws that prevent people from losing jobs and homes because of who they are. And there is nothing "arbitrary" about PFLAG trying to protect a segment of the population who have experienced a long painful history of abuse including being fired, evicted, and denied access to full participation in their communities.

Leith then asserted, misleadingly, that "employers and landlords have a right to employ, promote, and rent rooms or houses to whomever they please." While he may wish this were always true, the fact is that employers and landlords can't discriminate against a prospective employee or tenant because of his/her race, color, religion, gender, ancestry, national origin, disability, familial or marital status, or ancestry. Unfortunately, and the main reason many of us in Dillon are pursuing a local equal rights ordinance, it remains legal in Montana to discriminate against gay people.

Leith then referred to homosexuals as people "whose sexual propensities differ from the norm." It's true that there are fewer people who identify as homosexual than heterosexual, but neither is the "norm." There are fewer left-handers than right-handers, but right-handedness in not the "norm." There are fewer black people in Montana than white people, but whiteness is not the 'norm."

Throughout his letter, Leith claimed that Dillon PFLAG has somehow been hiding behind anonymity. He complained that those participating in a PFLAG survey were not listed by name. He seems not to realize that surveys and polls, unlike petitions, are nearly always anonymous. Furthermore, there was nothing anonymous about the testimony of PFLAG and other pro-ordinance people in the recent public hearing of Judicial Committee. We all proudly identified ourselves by name and address.

Finally, Leith attacked PFLAG for trying to make Dillon "inclusive and amiable for all people." "All people," he concluded (releasing his full venom) "would obviously include convicted rapists, pederasts, child molesters, flashers, murderers, thieves, kleptomaniacs, etc." His cheap insinuation that gay people should "obviously" be lumped together with this list of deviants and criminals was especially shameful.

Does anyone actually believe this B.S?

Pile Burning Begins Southeast and North of Butte

Fire officials from the Butte Ranger District began prescribed fire activities this week which may result in intermittent visible smoke continuing through the end of November.

Firefighters will be burning slash piles in the in the Lime Kiln area south of Butte and Highway 2. They will burn piles under prescribed conditions and monitor the burned piles after ignition to ensure they stay within prescribed boundaries.

Travelers and residents along Roosevelt Drive (Forest Road 84), Blacktail Creek and in the Lime Kiln area may see smoke from these burns, however little impact from the smoke is expected.

In the future pile burning will also occur in the Lowlands area north of Butte and west of Elk Park. For more information regarding these prescribed burns, contact the Butte Ranger District at (406) 494-2147.
