Harrison Award for her contribution toward the enrichment of campus life, dependability, and an unselfish attitude toward service. In 2013, Bonnie was inducted into the Helena Sports Hall of Fame.

Bonnie's first teaching/coaching stint was in Whitehall, MT. Bonnie earned her Master's Degree from MSU and was hired by Western Montana College to teach in the Health and PE Department. She also coached Women's Track and Field for eleven years. When asked how many students she taught during her tenure, Bonnie smiled and said, "Quite a few and I learned something from all of them."

Bonnie loved to hunt and fish all over Beaverhead County. Her favorite times were at hunting camp in the Centennial Valley with all the guys. Bonnie followed her father's example and trained yellow labs to retrieve her birds.

After retirement, Bonnie lived at The Legacy where she met residents and became fast friends. In July of 2017, Miss Sheriff moved to Eagle River, Alaska. She was the day care provider for two Scottish Terriers. Bonnie liked to tell everyone that she survived the Big Quake in December of last year.

Bonnie's parents and sister preceded her in death. Two great Scotties, Benjamin and Henny Lee plus friend, Kitty Logan, survive her.

A private burial will take place in Helena, Montana. Memorials may be made to the donor's choice. In Bonnie's memory, please listen to the song "Well Done" by The Afters.

Dillon Tree Board Announces Pruning of Community Forest

Scott Makoutz, a certified arborist and owner of Gallatin Tree Care in Bozeman, MT was awarded the City of Dillon tree pruning and removal contract for 2019. The pruning and removal work will take place at 18 different locations along Dillon's boulevards. Sixty- five trees will be pruned, and 15 trees will be cut down and removed due to rot and possible tree failure. All tree stumps on the removed trees will be ground out. Work will begin in late February or early March depending on weather conditions. All work should be completed by the end of April or early May.

The certified arborist will prune trees to remove broken and dead branches, promote good structural branching and improve vigor and aesthetics of the tree. Only certified arborists are permitted to bid on these contracts, and they must follow ANSI 300 standards as set forth by the Tree Care Industry Association. The contract is being administered by the City of Dillon and the Dillon Tree Board.

The boulevards where the pruning and removals will take place include trees along the boulevards on North and South Pacific, South Idaho, South Washington, East Virginia, South Railroad, Argenta, West Sebree, East and West Bannack, South Atlantic, East Normal, North Walnut, North Montana, Thomsen and Swneson Way streets. All adjacent landowners have been contacted. Trees to be pruned are marked with blue ribbons and trees to be cut down with a blue X at the base of the tree.

Crews will be busy and won't always see you when they are working, so please stay at least 60 feet away from all pruning activity. Gallatin Tree Care will be working in conjunction with city employees during the pruning and removal work. Gallatin Tree Care can be contacted at 406-209-1163.

The funding for the project is derived in full or in part from a federal award of the U.S. Forest Service, Department of Agriculture, sub-awarded by the Montana Department of Natural Resources and Conservation (DNRC), Forestry Division. The City matches the grant funding at 100% to accomplish project work. A competitive bid process took place to determine the lowest bidder. Two bids from certified arborists were received.

Since 2008, the Dillon Tree Board has secured over $100,000 in funding to enhance Dillon's urban forest. The mission of the Tree Board is to preserve, enhance, and expand our community forest through educating the public and promoting community involvement and individual dedication.

New trees are available to be planted through the Tree Board's "Cost Share Program." Visit the Dillon City Hall or the Dillon Tree Board website dillontrees.org for more information about the program.

Dominance Hierarchy:

By: MJ

Dominance Hierarchy has been part of our world for half billion± years. The ancient part of your brain specialized for assessing dominance watches how you are treated by other people. This part of the brain is the master control system that modulates our perception, values, emotions, thought and actions. It affects every aspect of our being, both conscious and unconscious. As our environment transforms and changes, the individual's success is also transforming and changing.

Dominance hierarchy is a component of society. We see it in all walks of life from politics, businesses, super markets, jobs, homes, church… **Question:** When money becomes the controlling power does the person in the dominant position become an authoritarian at the expense of the others? Does the lower-status fall into the position of "out of sight, out of mind?"

Physical power is an unstable basis for lasting dominance. A person with staying power is those who form reciprocal coalitions with their so called inferior fellow citizen. They pay special attention to the females, children, wages, ethnicity, who supports their causes… Verify this by listening closely to the candidate's campaign speeches, listen to a company's advertisements… You are made to think that people are forming a mutual relationship with you and they really care about you.

New Age Tech companies are creating new wealth, new billionaires. Are we seeing extremely wealthy people displaying dominance hierarchy by forming alliances with the lower-status fellow citizens through their products? **Example:** Cell phones, computers, offering of free applications, offering to store your personal information in the cloud for your convenience… Storing this information also makes your information available to the companies to use for their benefit.

An animal kills to survive however a human will extend cruelty that will destroy a person's life. Are we watching and participating in the future destruction of a human's name, character, family, reputation…? Are we disregarding our fellow humans and neighbors by having our eyes glued to a technological device? Are we getting our self-worth from those very devices? **Question:** Are we watching in real time the movie of how todays dominance hierarchy works throughout government, from W.D.C

The world changes today make dealing with factual information (local and national), extremely important for citizens serving the public and making decisions for the whole.

Dillon is fortunate to have a group of elected officials and staff dedicated to managing the city government within the parameters of the legal system. We've seen an example of this action with the LGBTQ ordinance that was volatile with strong opinions and emotions.

Pancake Supper Tuesday March 5
Fork it Over for the Wood Bank!

On Tuesday March 5, everyone is invited to a pancake supper from 5:30 to 7 pm in the Saint James Episcopal Church parish hall at 203 East Glendale Street in Dillon. Pancakes, eggs, sausage and ham will be served. There is no charge for the meal, but donations will be accepted to benefit the Wood Bank, a community ministry which provides firewood for heat and cooking fuel to households in need in Beaverhead County. The pancake supper at St. James is an important annual fundraising event for the wood bank. Donations will buy fuel and maintain the wood bank equipment including chainsaws, wood splitters, and a delivery truck.

For more information about the wood bank, you can reach wood bank president Rick Hartz, at 406-683-3768. For information about the St. James pancake supper, call the Reverend Wells Warren at the church office, 683-2735.
