Ford Selected as New Beaverhead-Deerlodge NF Supervisor

The Beaverhead-Deerlodge National Forest welcomes Cheri Ford as their new supervisor. "I am very excited to have Cheri join us in the Northern Region as the new Forest Supervisor on the Beaverhead-Deerlodge National Forest," said Regional Forester Leanne Marten. "Cheri brings with her a deep desire and belief in working collaboratively with community members, Tribes, local and state governments. Her strong resource conservation background makes Cheri a wonderful addition to the Beaverhead-Deerlodge National Forest and the communities in which she will be working and living."

"I have a deeply rooted commitment to working collaboratively and as the new forest supervisor I plan to prioritize hearing from our public's and partners to better understand local interest," commented Ford. "I am very pleased to be working with such a highly motivated and hard working group of employees spread across the Forest."

Cheri was born and raised in Fargo, North Dakota and graduated from the University of Montana with a Bachelor's of Science degree in both wildlife biology and forestry. She later graduated with her Masters of Natural Resource Stewardship with a forestry and environmental policy emphasis from Colorado State University.

Cheri comes to the Beaverhead-Deerlodge NF from the Salmon Challis NF in Idaho where she was the Deputy Forest Supervisor. Previously, she represented the Forest Service in Colorado to coordinate with various state agencies, members and staff of the State Legislature, and the Governor's Office.

Cheri is no stranger to Montana. She has worked for the Bitterroot and Lolo National Forests as well as the Forest Service's Northern Regional Office assisting in the wildlife and soils programs. After leaving Montana, Cheri worked in a variety of assignments including wildlife biologist for the Tongass National Forest in Thorne Bay, Alaska. She has also served as the Wildlife Program Manager for the Forest Service's Eastern Region's Office; and as the Tribal Government Liaison for the Chequamegon-Nicolet, Hiawatha and Ottawa National Forest's in the Lakes States.

Cheri has an interest in most anything that is outdoor-related, especially when it includes; hunting, skiing, kayaking and rafting with family. Ford fills in behind Melany Glossa who was promoted to a Deputy Regional Forester for the Forest Service's Eastern Region in Milwaukee, WI. She has been with the Forest in an acting capacity since Glossa's departure and will transition officially March 17th.

Beaverhead Outdoors Assoc. Special Meeting

The Beaverhead Outdoors Association is having a special meeting at the Search & Rescue Building, Thursday, Feb. 28th @ 7 pm. Annual Banquet Preparations are being planned and members input is needed. Call 660-1588 for questions.

"Sip and Paint"

Recognizing that people want to express themselves and have fun doing so, workshops with names like "Sip and Paint" or "Painting with a Twist" are springing up everywhere. Dillon, Montana, is no exception. February 27th at 6:30 Colleen Howe Cheney will host the second Sip and Paint event at Tendoy Fine Art, 120 N. Montana St. in the ArtSpace room.

Registration for the Sip and Paint event can be done by calling Cheney at 406-925-9434 or the Tendoy Fine Art gallery at 406-660-3007. Cost for the event is \$27.00.

Dillon Rotary's Ice Melt

The Dillon Rotary's Ice Melt contest has been going on. Those that have guessed February may want to get another ticket and guess again.

The Rotary clock was placed on Logan's Lake. The Ice Melt contest is the Dillon Rotary Clubs primary fund raiser. Purchase your tickets for a chance to win cash prizes of \$500, \$250, or \$100. Just guess when the mechanism will fall through the ice, stopping the clock.

Tickets are \$2 each or a book of 6 tickets for \$10. To purchase your tickets please contact a Rotary member, stop in Pioneer Federal Savings and Loan, Stockman Bank, Womack's Printing, KDBM/KBEV or email dbrastrup@gmail.com for more information.

It sure doesn't look like it will melt in February. Be sure to stop and buy another ticket and guess again!

Are you scared an unexpected personal or family health crisis could significantly eat into your savings? Do you fear the costs of healthcare will be more expensive than you anticipate?

How will I pay my bills if I am laid up and can't work?

Help eliminate your anxiety. The small steps you take today can have a huge impact on tomorrow. You shouldn't have to worry about paying for emergency medical bills before you even reach your deductible. I can help you protect the unexpected. This can help you enjoy the moment, not fear the unknown. Let me know if I can help design an affordable solution for you and your family.

A Saddle Too Far

By: Bryce Angell

I've always had to stretch my legs when climbing to the saddle.

And now my age is telling me, "Each time you'll have a battle."

You see I stand at five feet three, a product of my source.

So, tell me why I always seem to ride a danged tall horse.

I've watched my father ride a horse. His choice was tall as well.

He always mounted from the ground, as far as I could tell.

And even though his age has kept him down, but mostly sound, he says, "I'll ride a tall horse till I'm six feet in the ground."

I've used a stump so many times, for sure a rock or two.

And now I wonder should I place extensions on each shoe?

I might as well sport high heels. I'd be the laughing stock.

I guess I'm not clear thinking 'cuz those cowboys sure would talk.

Last week I hung a strap down low with a stirrup at the end.

So I'd have an extra foothold to climb up and then descend.

But the strap and extra stirrup snagged a sagebrush, 'bout midday.

I'd tied it to the back cinch, tore the strap and cinch away.

My wife said, "Try some yoga. You can learn to stretch a limb."

But hanging out with Rodney Gee, the chance is mighty slim.

I've heard that camels kneel to help their riders to the seat.

If Pal would learn to bend a knee, that'd sure enough be sweet.

But Pal ain't gonna kneel on down to help someone get saddled.

There ain't no clear solutions and I've never been this rattled!

So once again I find myself back at the drawing board.

I'd welcome your ideas that I haven't yet explored.

And if you see me leading Pal, well off the beaten track.

I'm not walking for the exercise, just can't climb on his back.

Legislative Update by Rep Tom Welch

One of the House Committees upon which I sit is the Human Services Committee. I also sat on this Committee in the 2017 Legislative session. I want to touch briefly on three of the wide-ranging topics we are dealing with in this Committee.

This Legislative session we have been working to lower the cost of prescription drugs for Montanans. These costs have skyrocketed in recent years impacting families across the State. Most of the issues seem to start with Pharmacy Benefit Managers (PMA). A limited number of PMA companies seem to hold a strong hand on the distribution of prescription drugs. As such and acting as middle men, these PMAs ultimately drive up the cost of your prescription. There have been several Bills aimed at increasing transparency, eliminating bad behavior, and bad actors in the prescription drug supply chain. The goal of these Bills is to lower the cost of prescription drugs in Montana.

I had the opportunity to carry HB 79 this Session in cooperation with the Department of Public Health and Human Services. The short title for this Bill is An Act Revising Laws Related To Assistance To Families With Dependent Children. This Bill aligned the State's Temporary Aid for Needy Families (TANF) program with requirements under Federal guidelines and clarified and cleaned up language within the program itself. I was pleased that this Bill moved through the House with strong votes and passed the Senate process without a negative vote. This Bill is now headed to the Governor for his expected signature. I have three other Bills as well on various topics headed to the Governor for his signature.

On Saturday, March 16th, the House Human Services Committee, will begin our hearings on Bills dealing with the aftermath of Montana's existing Medicaid Expansion Act which sunsets come June 30, 2019. At this time, we are expecting to be dealing with two and perhaps a third Bill on the subject of what Montana should do next. Nearly 100,000 Montanans including many in southwest Montana are currently covered by the existing program. Medicaid expansion is both a complex and a costly program but we must get it right for both the participants and the taxpayers of Montana.

The House was in session for nearly 4 hours on this past Saturday as we addressed nearly 40 Bills in either 2nd or 3rd reading. This week will be more of the same as we expect to see long Floor sessions with Committee meetings lasting well into the evening. By the end of this week, we will be at Day 45, the midpoint of our 90-day Legislative session. I do appreciate hearing from you and can be best reached at tom.welch@mtleg.gov or by phone at 406 444 480

Sen. Welborn's Weekly Review HELENA:

As the first half of the 66th Legislative session winds down, we have been busy hearing and debating general bills, (ones that don't carry any revenue or spending implications) and have to be through their respective chamber, prior to the 45 day mark. I will share some proposals that have had interest from local folks.

SB 140, introduced by Sen. Cary Smith, a Billings Republican, has passed out of the Senate 50-0. I've mentioned this proposal in prior columns, and firmly believe will, be a leap forward for students with dyslexia, and for their K-12 educators, being able to better help these students. This measure will allow the school to offer a structured literacy program, by trained faculty, by either a medical professional, or a dyslexia specialist. This could be done either within the school system, or in a private setting. This proposal also promotes early intervention, increased awareness through timely screening, and provides or teacher preparation to both recognize and serve dyslexic students.

We've also finished our preliminary budget work in the Natural Resource and Transportation subcommittee this past week, before sending it on to the full Appropriations panel. I would like to thank my peers on this bi-partisan committee. I feel that we worked to find reasonable solutions, that work in harmony with good government practices, responsible spending, while being delivered to the people of Montana, in the most impactful way possible.

Our committee makes recommendations, and has oversight on the budgets of the Departments of Livestock, Natural Resources, Environmental Quality, Fish, Wildlife, & Parks, and Transportation. Like all, budget areas, this is only a first draft of the final product, that will guide how and where all State spending is done over the next two years. Again, I feel that our sub-committee has done a thoughtful, as well as fiscally responsible job, of guiding how above mentioned agencies will be funded.

One example is how we re-tooled FWP law enforcement and warden funding, by scaling back the amount of Pittman-Robertson (PR) funding being used to fund law enforcement. This single change, because of federal mandate, tied to

same PR funding, ensured that wardens were forced to spend too much time on conservation work, and not allowing them spend enough time doing law enforcement. This was a concern that we heard from ranchers, sportsman and wardens alike, and that the ratio was out of balance. We have come up with a plan, that will continue to save Montana license dollars, and still put wardens back in the field doing what they do best, more of the time. Stakeholders agree that this is a much better funding model.

Another change we made was within the Natural Resources budget, was to move funding from several areas, that were looking to over spend, and re-directed those dollars to local conservation districts, which will help districts deliver on the ground results, all over Rural Montana, from soil and water conservation work, to 310 permitting, to aquatic invasive species control.

Lastly, we were able to restore funding to the stream gauge program, which was previously cut by the Governor's office. These gauges are vital to watershed and conservation work, drought management, flood control, and fisheries management. I've heard from scores of local irrigation districts, watershed groups, and sportsmen alike on this issue. I'm happy to report that there was buy in from my colleagues, in a bi-partisan manner. Restored stream gauge funding looks to be back on a good track.

Thanks to everyone who continues to stay in touch on the issues important to you. You can teach me at jeff.welborn@mtleg.gov. Have a great week
