Edna

Edna, our beloved Mother, Grandmother, daughter, sister, and friend went to be with the Lord November 17, 2018. She was predeceased by her parents Abe Cutler, Wilbur and Lucille Button, brother Dr. Robert E Cutler and granddaughter Carrie (Hildreth) Kinda. She married James A. Osborne May 31, 1953 in Bozeman, MT. They divorced in 1964. She then married Ralph J. Keepers January 31, 1967 in Idaho Falls, ID. This marriage merged

two families with a total of 5 daughters. They divorced 2011.

She is survived by three daughters Linda (Don) Blomquist of Dillon, Mt; Sandra Osborne of St. Anthony, ID; and Trudy Staudahar of Missoula Mt. Edna has seven grandchildren and numerous great-grandchildren. Grandchildren include Yvotte Blomquist; Melanie (Blomquist) Hawk [Ryan Hawk-divorced]; Garrett (Christina) Blomquist; Amanda Blomquist; Quinton (Miranda); Loder; Lee (Jessica) Loder; Brandon (Anita Rebel) Hildreth; and Carrie Hildreth Kinda (deceased).

Edna was born to Aberham and Ethel Lucille Cutler of Bozeman. December 4, 1931. Growing up on a buffalo ranch south of Ennis, she took great pride and developed a love for the outdoors, wildlife, camping, hunting and fishing. She became quite a horsewoman for her time. She worked for Bozeman Bakery on Wilson Street while in high school, a bank in Bozeman, State Highway department office in Bozeman, Beaverhead Forest Service Office accounting department in Dillon and Whalen Tire Supply in Dillon.

Family was her greatest joy! Edna could be found quilting for family and many other; making pillowcases for her children, grandchildren and great-grandchildren; and clothing as she was a gifted seamstress. Edna was a fabulous baker and enjoyed cooking; especially when she knew that family or other company would be gathering for a birthdays or celebrations. Participating annually on camping trips and fishing with her grandchildren was a family tradition which they all really enjoyed. Playing with grandkids was a delight and joy as she participated in their life's. She also enjoyed sharing her love for Jesus Christ and her church.

Edna was a devoted wife, loving Mother and Grandmother while developing true friendships to many. Her memory will be honored and cherished by all who knew her.

The family would like to express their deepest thanks for all the love, support and prayers for Edna throughout her life and at this time.

Please join us in the celebration of Mother's life March 16th, 2019 at 11am at the Church of Jesus Christ of Latter Day Saints in Dillon. Donations may be made to Beaverhead Ambulance or to the church of your choice.

Services will be held at: Church of Jesus Christ of Latter Day Saints located at 93 Hwy 91 South, across from the Barrett Medical Doctors Offices. A brunch will follow at approximately at 11:45 at the church. Assisting the family will be Brundage Funeral Home.

MREA Day March 14, 2019

Thursday, March 14th is Montana Retired Educators Day. Many MREA members will be traveling to Helena to meet with State Legislators to encourage their support for Education and to ask them to give support to teacher retirement by supporting "Defined Benefits" rather than "Defined Contributions" and to support our cost of living allowance which helps to keep retirement income up with inflation. In the past the Legislature has cut our COLA from 3% to 1.5% while at the same time kept their own COLA at 3%. Many states are trying to do away with the COLA, or GABA funding which can cause retired people to be deprived of adequate long-earned retirements. The cost of living allowance keeps retirement money at a more livable level because it helps with inflation in the cost of living. Without the COLA educators received \$500 a month 20 years ago, will still be receiving the same amount of money today which would put them into a poverty situation without the cost of living allowance needed to compensate inflation. The allowance of 1.5% should be raised back up to 3% like all other state employees receive. Why should educators be deprived of this rate?

MREA members are part of the NRTA (National Retired Teachers Association) founded by retired educator Dr. Percy Andrus in 1947. It is the largest national organization representing the interests of educators fifty years of age and older, with membership nearly one million active retired higher-ed and k-12 educators and school personnel. NRTA creates real possibilities to strengthen America's working and retired educator community by protecting its financial security and fostering collaboration and volunteerism. We are the educational affiliate of AARP.

Montana membership is open to any educator, paraprofessional, school personnel involved with Education fifty years of age or older. The cost is \$25 per year to the state. Local units have a fee that varies from \$5 to \$10 for members. Your state membership includes benefits from AMBA such as discounts on; hearing, dental, vision, travel, medical air services, cancer, heart, stroke insurance, hotel, car rental, flowers, computer, and many other discounts nationwide.

Join us by calling 406-683-4329, and help keep our retirement, educational system, and communities strong. Help us to keep Montana a great place to live and raise a family.

Sincerely,
Frances Schisler
MREA State President

Applejack

By: Bryce Angell

Today I'd like to tell you 'bout a horse named Applejack.

An appaloosa gelding that we raised and trained to pack.

When you put him in the pack-string, he never jumped or shied.

He could pack a half an elk all day and never break his stride.

He had the best of qualities, I'd say except for one. 'Cuz when

you put a shoe on him that horse would come undone.

Somehow, I always managed to nail the horseshoes on.

But Applejack would not let up while I got beat upon.

So, when it came his time for shoes, I hoped that he'd give in.

But when I looked into his eyes I saw the devil's kin.

I picked up Applejack's right foot. He didn't move an inch.

I wondered if this was the time. Would shoeing be a cinch?

But then he reared up backward. He came down and hit his head.

I swear I heard my brother say. "Let's hope that horse is dead!"

He wasn't dead just plumb knocked out. I thought, "Good time to

shoe." I grabbed a limp and lifeless leg, then Applejack came to.

He struggled, then he stood right up and looked like he was lost.

For sure he was a might confused, 'cuz both his eyes were crossed.

I picked up Applejack's hind leg and nailed a brand-new shoe.

The other three went on so fast, he didn't have a clue.

For three whole hours, old Applejack just stood and stared ahead.

I'm sure he must have felt like his poor head was made of lead.

Now I'm not recommending how to shoe an ornery cuss.

But when a horse tips over, then it might just be a plus.

And if you're wondering did the headache cure old Applejack?

Well, it didn't help a bit 'cuz that old devil came right back.

LEGISLATIVE UPDATE

BY REP TOM WELCH

I want to spend a little time discussing, in general, the State Budget which, when looking at all sources, encompasses over \$10 billion over the next biennium. You will begin to hear more about the State's budget in coming weeks.

The Governor proposes an initial budget. The Legislature is then charged with evaluating and disposing, including both deletions and additions as deemed necessary. The House Appropriations Committee and related subcommittees have spent considerable time since the Session began in reviewing the various sections of the budget. These sections include 1) General Government 2) Health and Human Services 3) Natural Resources and Transportation 4) Judicial Branch, Law Enforcement and Justice, and 5) Education.

The biggest cost driver of Government spending is personnel; thus, Appropriations scrutinizes closely agency personnel requests. The goal is to provide sufficient workforce to provide the services required by Montanans while reducing inefficiencies and limiting mission creep. With over 12,000 State employees, the task is difficult and often contentious. The Department of Public Health and Human Services (DPHHS), with approximately 3000 personnel, represents the largest direct employment section. Among its responsibilities is dealing with Montana's growing elderly population, disabled population, abused and neglected child population, and low-income population. Too few employees or inefficient systems result in failed services to very vulnerable people. Conversely, too large of a work force overly burdens the taxpayer.

Given the efficiency gains from technology, House Appropriations is pursuing some reductions in state workforce this session. The goal is to remove job slots that are vacant, thus decreasing government size through attrition. Not surprisingly, there is disagreement between the Executive and Legislative branches as to what represents the appropriate reductions. Advocates tell their stories, often presenting the most horrific anecdotal examples possible to make their emotional point. Legislators hear about the child mistreated and the elderly persons not served; all horrific examples. The challenge is that correlation is not always casualty, therefore it takes research,

which the Legislature and staff conducts, to find the actual data upon which to base spending decisions.

Our State Constitution requires the Legislature to produce a balanced budget and we will when all is said and done. All Legislators will have ample opportunity to review the budget before voting on it. Some will find the final product too limited and others too large. A Legislative mentor of mine recently shared the following quote with me, "Money is a scarce resource, and should remain such, as more money in government can only be obtained by picking a taxpayer's pocket." I will continue to work hard to ensure that Southwest Montana's priorities are considered, while limiting access to the taxpayer's wallet!

Thank you for allowing me to be your Legislator.

Senator Welborn's Weekly Review
HELENA:

With many Senators, and the most of the House being on transmittal break most of this past week, there aren't a lot of pieces of legislation being debated, nor being introduced, until we ramp back up again this coming week.

One topic I'm getting a lot of mail on is SB 278, or the proposal that would potentially pave the way for Northwestern Energy to be able to buy a bigger share in the Colstrip steam generation station's Unit 4. Please keep in mind, that there is a ton of mis-information being thrown around, and repeated. I simply want to share some facts surrounding SB 278

First, SB 278 is based on any one of the Colstrip 4 unit partners wanting to divest of coal resources, due to policy being set by State Legislatures and market pressures, in both Washington and Oregon. Important to note that, in addition to NWE, there are four west coast utilities that own interest in Colstrip 3 and 4. These four are already accelerating depreciation, and that cost is already included in their rates. Northwestern could potentially purchase one of these partner's interests for as little as \$1. They already own a 222 megawatt capacity from unit 4. They have none of unit 3 generation. NW Energy is also currently about 600 megawatts short of transmission capacity on peak load days, meaning that they must purchase market power to make up the difference. For instance, recently the "Mid-C" price of power, they must purchase to make up for the supply
