April Fools' Day

April Fools' Day is here which, along with the onslaught of April showers, can only mean one thing: the most mischievous among us are already planning the tricks we will play on unsuspecting friends and family.

A tradition that's celebrated around the world, April Fools' Day is an opportunity for people to inject some lighthearted fun into an otherwise ordinary day.

But when did the day of trickery begin, who celebrates it? April Fools' Day, or All Fools' Day as it's sometimes known, takes place on 1 April every year.

However, if you want to take part you need to be quick as tradition in the UK states you can only play tricks on people up until midday.

When did April Fools' Day begin?

Although April Fools' Day has been celebrated for centuries, its exact origin remains a mystery.

According to Andrea Livesey, a historian from the University of Bristol, not everyone agrees where the tradition came from."Some have argued that a story by poet Geoffrey Chaucer in the 14th century – where a fox plays a prank on a rooster – is the first reference to pranks taking place on the first of April," Livesey said.

However, the poet doesn't directly refer to 1 April. Instead, Chaucer says 32 days "syn March began", which people have taken to mean "32 days since March began" which would be April 1st.

Some believe the tradition started because of events in the calendar, particularly one called the Renewal Festival which dates back to Roman times.

April Fools' Day, or Dia Da Mentira "Day of Lies" as it's known in Brazil, is celebrated by people around the world but different countries all have their own traditions.

In Belgium, Italy and France, the day is also called "April Fish Day" – Poisson d'Avril in French, or pesce d'aprile in Italian – and sees children taping paper fish onto people's backs.

Meanwhile, "Prima Aprilis, uważaj, bo się pomylisz!" is a phrase you might hear spoken on April 1 in Poland. This translates to: "April Fools' Day, be careful — you can be wrong!"

In Scotland, a foolish person is called a "gowk", so it makes sense that the day is traditionally known as" Hunt the Gowk Day".

In the UK, pranks and jokes are performed until about noon and can include everything from placing a whoopee cushion onto someone's chair to replacing Oreo biscuits' sweet fillings with toothpaste.

THE BEAVERHEAD COUNTY COMMISSIONERS WILL NOT MEET ON MONDAY, APRIL 1, 2019

THE COMMISSIONERS WILL BE IN THE OFFICE IF YOU NEED TO SPEAK WITH THEM

The next Commission Meeting will be held on MONDAY, APRIL 8, 2019 in the Commissioners' Room of the Beaverhead County Courthouse

NATIONAL CHAMPIONSHIP GEAR!!

Our online store is now LIVE. ALL orders will be delivered to campus 2-3 weeks after the store closes.

The store will close: THURSDAY APRIL 4TH.

We will have an on-campus pick-up date to be announced when everything arrives. If you cannot make it to campus to pick up your gear we will ship to you. Here is the link: https://umwbulldogsnationalchamps.itemorder.com

Your Dog Is Cute But ... Pick Up The Poop

The message is very simple "Pick up your dog's poop!"

Seriously, Pick.It.Up. We know that your dog is smart but your dog is physically incapable of picking up his/her own poop. Dogs do not have hands despite how "special" your dog is. From what we know no dog in the City of Dillon has ever been able to master the art of grabbing a little plastic bag and picking up their own waste.

FWP SEEKS PUBLIC COMMENT ON PROPOSED LAND PURCHASE NEAR ANACONDA

Montana Fish, Wildlife & Parks is seeking public comment on a proposal to purchase in fee title a 160-acre parcel of private land adjacent to Mt. Haggin Wildlife Management Area. It is located about 10 miles south of Anaconda along Montana Highway 569, also known as the Mill Creek Highway.

The property is owned by the Edna Schmeller Living Trust. The property has been appraised at $464,000. FWP would pay the appraised value using funds from Habitat Montana and possibly other partners, including a contribution from the Rocky Mountain Elk Foundation.

Upon purchase, this property would be incorporated into and managed as part of the Mt. Haggin WMA. The property is part of the migration pathway for mule deer and elk, and it provides year-round habitat for moose, beaver, black bear, ruffed grouse and a host of other wildlife. The proposed acquisition would also support native fish restoration projects planned in the drainage and would provide additional public access for hunting, angling and other recreational opportunities. The property would be managed to sustain these values.

The property addition would not be incorporated into any existing grazing leases on the WMA. From Dec. 2 to May 15, motorized travel on the parcel would be restricted to snow machines only, consistent with management on the adjacent portion of the WMA.

A public meeting to discuss the project will be held Wednesday, April 3, from 6 p.m. to 7 p.m. at the Butte Area Resource Office, 1820 Meadowlark Lane, in Butte. Public comments will be accepted from March 28 until 5 p.m. on April 27. Comments may be submitted in several ways:

At the April 3 meeting.

Online at fwp.mt.gov. The draft environmental assessment and form for public comments will be available under "News", then "Recent Public Notices" on FWP's website.

Emailed to vboccadori@mt.gov. Please put "EA Comment" in the subject line.

Mailed to FWP's office in Butte, 1820 Meadowlark Lane, Butte, MT 59701, Attn: Mt. Haggin WMA Addition.

If you have questions on the proposed purchase, please contact FWP's Butte Area Wildlife Biologist Vanna Boccadori at 406-494-2082 or vboccadori@mt.gov.

For April Fool's Day

Written by LaVon D. Brillhart

DID YOU KNOW?????

25 Million dollars was spent on a study why some buffalo don't roam but just seem to mosey around. This study took two years and the taxpayers got buffaloed.

29 Million dollars was spent on an investigation where Dr. Pepper received his college degree. It was discovered that Dr. Pepper was and is an impostor. Many authorities said he should be put on ice.

13 Million dollars on a study showing people with bad breath is far superior to people with no breath. Scientists said this was an important study but some said the entire study stinks.

45 Million dollars was spent on a study---why, early to bed and early to rise will make you healthy wealthy and wise. This did not find that to be true. 89% of the people had trouble staying awake at work. 96% of the people said they lost money because., and they could not remember why they lost money. And 100%. said the study was stupid and they were not any wiser than before the study.

23 Million dollars was spent on a study. Why is it if you talk to yourself, they say funny things about you and you are just not right. You need to see a Psychiatrist. But if you sing by yourself and to yourself you are a very artistic person and a happy person. Part of the study was done in a shower.

10 Million dollars on a study by the government found that the majority of people who live on dead end streets are still alive. This study will be repeated every three years.

16 Million dollars on a study that found out that poor people don't have as much money as rich people. The study was done by rich people.

14 Million dollars on a study to prove that half of the population is made up by 50% of the people. This study only 1% of the time and was charged to 100% of the taxpayers/

33 Million dollars was spent on a cure for "sea sickness." It was found out that ice cream, candy, chocolate, pie, cake, sweet rolls, will cure sea sickness. So the conclusion was when you see any of these food eat them. Many said the money was well spent and it was a sweet study.

For a copy of the full report please send in an unmarked envelope cash of 20 Dollars to: LaVon D. Brillhart, 228 W. Morse St., Dillon MT 59725 Phone 683-2860 925-3494

Here's the Dillon Middle School news for the week of April 1st through 5th, 2019

The lunch menu for the week is as follows: On Monday, chicken tenders will be served. On Tuesday, we will enjoy corn dogs with baked beans On Wednesday, a local beef hamburger will be served on a school made bun with trimmings. Thursday we will enjoy vegetable beef soup served with school made bread, wow butter, honey and applesauce, and on Friday, tator tot casserole will be served with a dinner roll.

This Friday, April 5th, is picture day! The track team will be having their team and individual pictures taken during practice after school. Picture packets will be sent home this week. Also, 8th graders will have their pictures taken for 8th grade graduation. Each student will receive a picture in their graduation folder. Additional pictures are available for purchase, but purchase is NOT mandatory. Eighth grade graduation pictures will not need to be ordered until after you see them.

Seventh and 8th grade band members traveled to Phillipsburg to join a 200+ group of other band students from 8 different schools. The day was spent rehearsing 5 numbers for the night concert under the direction of Tim Aston, a retired band director from Missoula. The day was very successful and the students were very engaged. An excellent concert finished the night and the band played super. Thank you all parents, parent council, and Friends of Music for supporting our band on this educational adventure.

We have completed the iron-man and iron-woman competition for 2019. The competition uses the Presidential Physical Fitness test events. The students complete the five events and points are given to the top five athletes in each competition. At the end of the completion of all events, points are added up and an iron-man and iron-woman are crowned.

If athletes do well enough, they might make the "all-time top three board" for events. Compare your child to the national standards. As a whole, the Dillon students excel in comparison to the children of the nation.

This year's iron-men and iron-women are as follows:

Sixth grade – Riley McCoy and Chanler Poquette….Seventh grade – Ariel Thomas and Jon Peterson….Eighth grade – Dunae Wiggons and Landon DeBoer.

Students making the "All Time Tope Three Board" are: Ariel Thomas – Flexed arm hang – 1:56:65….Ben Steadman – 35 pull-ups…
Sydney Petersen and Ariel Thomas – 20 pull-ups each…. Olivia Kailey – 13 inch V-sit and Izzy McCrea – 14 inch V-sit….Riley McCoy – flexed arm hang – 1:46.03 AND Katie Johnson with 63 sit-ups.

This week in our cancer fundraising, students will have several fun opportunities. On Tuesday, 8th graders can "Smash Out Cancer" by paying a buck to play dodgeball. On Thursday, 6th graders can win goodies at the "Cake Walk for a Cure." So, come have some fun and support cancer research.

Remember students and parents, most of the month of April, students will participate in smarter balance testing. These tests are all taken on the computer which makes the testing window over a longer period of time. Please try to AVOID taking your students out of school during this important testing time. When this window closes, there is NO more opportunity to make up this testing.

Students, please remember to take good care of yourselves – get plenty of rest, keep yourselves well hydrated, and eat wisely, so that you are able to do your best on these tests. We want your scores to reflect your true ability. If you will need to be gone, and you know ahead of time, please contact Mrs. Williams, our DMS counselor.

This week, Mrs. Miller's 8th grade classes will test during their regularly scheduled language classes. Mrs. Broeder's, Miss Eller's and Mrs. Baver's math classes will be testing during math.

The Beaverhead County ACEs Task Force wants you to know that children who grow up in a household with a family member with mental illness or depression can experience confusion, fear, anxiety, and stress. But one committed, caring adult can help a child build resilience and find success. Be that adult! Healthy families build strong communities.
