Deadline for Using Shopko Gift Cards

It was recently announced that the Wisconsin-headquartered department store Shopko will be closing all of its remaining Montana stores and well over 100 stores nationwide after filing for bankruptcy protection in January of this year. The Attorney General's Office of Consumer Protection has been communicating with bankruptcy counsel for Shopko and has been informed that Shopko will be accepting those gift cards up to and until April 20, 2019.

... Pick Up The Poop

Six Reasons People Might Not Pick Up What Their Dogs Leave Behind:

1. They think dog poop is natural. It is not (especially in the quantities that are generated by our pets) and harms the environment and threatens public health
2. They think that picking up dog poop is gross
3. They forgot a bag
4. They don't want to carry it with them
5. It's not a law, or they don't know it is a law (because it is in some places), so they think they don't have to or it's not that important
6. They are completely self-absorbed and think they are the only people on the planet (kidding...kind of. Ha, Ha)

Cowboy Arthritis

By: Bryce Angell

These old hands of mine are warped out of line from too many days as a cow man. There were days that were freezing. My fingers were numb while pulling a calf with no gloves on.

My fingers were broke from breaking those colts. I wonder, is there an easier way to get them from birth to horse with some worth has never changed in my day.

As I notice one finger is crooked, swollen and more painful than the others. But it works quite well for picking your nose 'cuz it gets around those corners.

While sitting in the easy chair with grandson at my side, he gave those fingers a good, hard squeeze. I left that seat to hide. So what happened next I should expect from an innocent little guy. He inspected my grips with his intense little looks and said I think you're going to die.

I gave him a hug, as Grandpas do, and told him his fingers will be that way too. His only reply was a definite sigh and a prominent out loud eeeww!

I remember the day when my Grandma would say how her fingers and hands were so sore. I was ten years old, even then feeling bold, now later a total of four score.

I've had my butt in the saddle all day with fingers gripping the horn. Then tossing my rope with purpose and hope of a catch to that almost new born.

Now some would say that gloves today will keep your hands brand new. You'll tug them on and right back off. I know which one I'll choose.

So, if this life has caused my hands strife, I wouldn't have had it another way. 'Cuz the cowboy in me is the first thing you see. Yes I'm proud of these hands you could say.

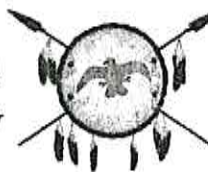

Letter to the Editor

A response to MJ's "Rumor on the Street"

Rumor of the Street, which made its way in the Dillonite Daily 3-27-2019 addition, is just another attempt by MJ to divide our tiny community. This effort by MJ to make it appear as if members of PFLAG Dillon and the LGBTQ & Ally community at large, are a bunch of violent community dividing nut jobs is not only divisive in and of itself, it also does not make that much sense. What is MJ trying to do with this editorial? Is she attempting to start a fight? Does she want to see members of the LGBTQ community

attacked and harmed?

I have a dear friend of nearly 30 years coming to visit me this coming summer and I am concerned for his safety. Back in the 90's, I was the first person he came out to as a gay man. He and I grew up in a small town almost exactly like Dillon. He faced discrimination on a daily basis and denied his true identity because of the 'othering' and outright hatred for his sexual orientation. I saw those same ideologies and overt discrimination play out in Dillon as PFLAG Dillon was attempting to bring a little more inclusivity to our rural community. Sadly, in 2019, I fear my friend feeling unwelcomed and ostracized due to the same outdated ideas about a person's right to be who they are.

I personally witnessed these closed-minded ideologies play out by members of our city council with comments such as those made by Council Member Mr. Kenworthy of Ward 1 when he made absolutely clear he does not understand gender identity with his comment regarding the "plumbing" someone is born with and comparing gender to age, stating that if someone can change their plumbing, he can change his age and therefore collect social security earlier. No, Mr. Kenworthy of Ward 1, who is up for election this year, age and gender are NOT the same thing. You are comparing apples to an aluminum soda can makes you not only look a fool but it also makes clear that you are NOT a safe person for someone in your Ward (1) to come to when they have been harmed because of their LGBTQ status. These are real concerns and had members of City Council read the full and complete packet provided to them by PFLAG Dillon they would have understood that these fears are based in reality backed by evidence.

As a sticker carrying member of PFLAG Dillon, founding member, and PROUD Ally of all sexual and gender minorities I can promise you it is not us who are behaving violently. It is not us who are murdering folks for their sexual orientation and gender identity. The idea that we would be as closed minded as those who do commit such acts of violence, is mind boggling. It is not our community that uses minorities as pawns in this game of maintaining white cis-gender as the only class of people deserving of respect and access to the full rights of citizenship. We are trying to protect the rights of all people. We are the ones who believe in an America where all individuals are equal under the law. We only want what is morally, ethically, and American for all community members.

If you hold dearly this idea of a free and fair society for all Americans and are ready to stand up and fight for what is truly American, please contact the Beaverhead Equality Campaign at beaverheadequality@gmail.com. We are in need of folks to run for City Council this year. Members from Ward 1, 2, & 3 are up for re-election. These are all members who A) did not read

the full packet provided to them about the concerns and needs for a Non-Discrimination City Ordinance (NDCO) and B) voted against the proposed city ordinance. If you do not know what Ward you are in please contact Beaverhead Equality Campaign and we will help you locate your Ward, who your Ward Reps are and how they voted. Additionally, we have the transcripts of the City Council meetings where the NDCO was discussed. There are some horrifying comments made by City Council members and the public at large. I truly believe that the majority of Dillon community members are honest folks who believe in the idea of a truly free society. This is my plea for folks who believe in the idea of equality to step up, make yourself be seen, and take political action. Without you, I am a lone voice surrounded by lone voices. We need to act collectively.

LEGISLATIVE UPDATE

BY REPRESENTATIVE TOM WELCH

I was fortunate this past week to have Tess Davis, BCHS junior, spend the week working as a Legislative Page in the Montana House of Representatives. In addition to performing a variety of duties, Tess met a number of Legislators, staffers and visitors from throughout Montana. She also was able to see the inner workings of the Legislative process. Thanks to Tess for representing myself and Beaverhead County High School well! Also, congratulations to both Tess and Lindsey Huber who was an earlier Page for me, on their 4.0 GPA's this past quarter!

Last week at the Legislature saw major Legislation moving forward from the House to the Senate. Included in this were major pieces of the Bonding package including HB 652. Prior Montana Legislatures have not passed a major bonding Bill in years and in doing so, have almost allowed the favorable interest rate environment we have experienced to escape us. However, last week the House was able to put together a package which received 68 YES votes to push the Bill over the needed 2/3 threshold that this type of legislation needs to pass this Bill onto the Senate. A number of area projects could gain financial support from this Bill depending on Senate action and priority ranking.

As well, the House Human Services Committee on which I sit, took Executive action on the two Medicaid Expansion Bills which had been heard in a daylong hearing earlier in March. As you may recall, these two Bills were HB 425 by Rep. Mary Caferro and HB 658 by Rep Ed Buttrey. After much discussion and consideration, HB 425 was tabled and HB 658 along with a number of amendments attached, was voted out of Committee for full House consideration. On Friday, the full House deliberated HB 658 on 2nd reading. The debate was long and often contentious. Additionally, over 10 new floor Amendments were offered and all rejected. When all was said and done, HB 658 passed the House with 61 votes on both 2nd and 3rd reading. Prior to and during the Session, I worked hard along with many colleagues, to ensure that any Medicaid expansion Bill we passed protected those being covered as well as the taxpayers of Montana. Although not perfect, I supported the Bill we passed onto the Senate. Joining in my support for

this Bill were both Democrats and Republicans. Work to perfect the Bill will continue in the Senate.

We are now at the point of the Session where most Bills introduced in one body, if they are to stay alive, must have successfully completed the first body's processing and be moving onto the other Legislative body. As a result, days last week featured extended floor sessions and Committee hearings. For example, on Friday, the House began our floor session at 8AM and adjourned for the day at 11PM only to return to the House on Saturday morning for another floor session. It was a grueling week!

Be safe and enjoy our improving weather. Thanks for your continued support!

**Report from Senator Jeff Welborn (R)
 36th District Montana**

As we move toward the last 30 days of the 66th Legislative Assembly in Montana, it's a very busy time at the Capitol. I'll touch on some different proposals, and where they are in the process.

SB 140, which I've sponsored, will create a pathway for graduates of Youth Challenge, to obtain a diploma from their respective high schools, by closing a loop in current law. This was identified by both Challenge Staff, and the Office of Public Instruction, as a roadblock in the past. I'm happy to report this new proposal passed the Senate unanimously, I've since introduced it in the House Education Committee, and Representative Welch will be carrying this proposal on the House Floor for debate soon, and hopefully final passage. More on Youth Challenge, there was a proposal to cut one full time equivalent position from the State's budget in HB2, however Representative Welch, and myself have worked with the committee, and have restored the funding to keep the program's budget intact. I'd like to thank Challenge staff for getting us good information to share with our colleagues, while working to keep things on track.

Aquatic Invasive Species policy, and funding conversations for implementing an eradication plan, continue to happen. I've been asked by Senate Leadership, to lead this discussion in the Senate, on how to best approach, and fund this important, but expensive challenge that we face as a

State. I'll keep you updated as we move ahead. I feel we need to enlist Dept. of Natural Resources, (DNRC) Fish Wildlife & Parks, (FWP), and Local Conservation Districts, to help lead the charge with both human resources and expertise, in seeking effective control. A substantial chunk of Federal Funding has been secured to date, which should take a good deal of pressure off the budget side of this policy discussion. I'm hoping we can use a fair funding mix from recreational interest, down stream hydropower producers, and hotel bed tax to keep this important program whole.

Another priority of our Republican majority in the Senate, is to create more, and better access across private, to public lands, by finding the mechanisms necessary to incentivize private landowners to participate. Private landowners are vital partners, in creating the necessary access piece, to opening up landlocked public parcels, which in turn create additional outdoor opportunities for Montanans. Senator Mark Blasdal and myself have headed up this effort on the Senate side, by bringing respected landowner, sportsmen, and conservation groups, FWP, and DNRC together as stakeholders. Senator Blasdal has introduced SB 341 as the culmination of all these efforts, and it has passed 49-0 from the Senate.

Finally this week, I've introduced SB 337, which would pave the way for renewable power tax credits to be used for small scale hydro power generation. This is in response to a loophole in current law, that also could help bring hydro power generation to Clark Canyon Dam. Under this proposal, power generation will only occur within the normal release and storage regimes as carried out for irrigation, flood control, or other purposes by the East Bench Irrigation District or BOR. Therefore, no change will occur to the reservoir, pool elevations, or existing Dam release schedules, as a result of Clark Canyon's operation of the power generation. This project would create jobs, produce energy to help power our economy, and add an important revenue stream to Beaverhead County.

Once again, thank you for the opportunity to serve, and have a great week.
