National Library Week, April 7th-13th, 2019

National Library Week is an annual celebration highlighting the valuable role libraries play in transforming lives and strengthening our communities.

This year's theme is "Libraries = Strong Communities. " Today's libraries are at the heart of our cities, providing critical resources, programs and expertise. They also provide a public space where all community members, regardless of age, culture or income level, can come together to connect and learn.

Join the celebration! National Library Week is an opportunity for library supporters and libraries of all types to raise awareness of their value and impact in their communities. Show your support of Dillon Public Library by displaying an "I (Heart) DILLON PUBLIC LIBRARY" yard sign during National Library Week, April 7th – April 13th. The signs are available for purchase at the library for $5.00 each.

Beaverhead Recreation Working Group to meet in Dillon

The Beaverhead Recreation Working Group will meet April 10 at 7 p.m. in Dillon. The meeting will be held in the conference room at the Montana Department of Natural Resources and Conservation's Dillon Unit Office, 840 North Montana St.

The Beaverhead Recreation Working Group, which was formed in spring 2018, is made up of ranchers, hunters, recreationists, conservation groups, and state and federal agencies seeking to solve issues surrounding access and recreation management in southwest Montana. The group provides an opportunity for discussion about the status of recreation, hunting and agency actions. In the past, the group has tackled such issues as hunter ethics, resource damage from off-road driving, sportsmen-landowner relations and modifying state and Bureau of Land Management road closures.

Agenda items include:

- Dean Waltee, area biologist for FWP, will give an overview of how he counts elk and thereby sets seasons.
- Update on East Fork of Blacktail Creek Road, including road easements and status of bridges. This will address the specific plans for the traditional May 15 opening of access to the Robb-Ledford Wildlife Management Area for antler hunting.
- Update on DNRC road designations and closures, including Poison Lakes Road, Sheep Creek Road and Badger Pass Road.
- Update on DNRC management of the Buster Brown 40-acre tract.
- Brainstorm ideas for the road and hunter issues occurring on BLM land in the Sage Creek area.
- Continue discussion of exploring better ways to provide information to the public about open routes and roads. This has been a recurrent issue and the group would like to move forward with a plan.

The public is welcome to attend the meeting. Opportunity will be provided for public comment. For more information, please contact FWP land agent Martin Balukas at 406-444-4063.

RMEF Project Now in Public's Hands

An effort to permanently protect 1,453 acres of prime wildlife and riparian habitat in Washington is complete after the Rocky Mountain Elk Foundation recently conveyed the final parcels of land to the Washington Department of Fish and Wildlife.

The Merrill Lake project is now in the public's hands and open for hunters, anglers and others to use and enjoy. To date, RMEF and WDFW completed 16 land protection projects.

"Nearly seven years in the making, this is a win for conservation, wildlife and a big win for public access," said Kyle Weaver, RMEF president and CEO.

"This acquisition is a great example of partnership and collaboration in service of shared conservation values. It received tremendous public support and funding," said Kessina Lee, WDFW southwest Washington regional director. "With its unique combination of listed species, unusual geology, spectacular falls, artesian springs and other features, this is a unique opportunity to address ecological, recreational and educational goals, and provide landscape scale connectivity of forested lands in conservation."

In late 2012, RMEF began work with Merrill Lake Properties LLC and WDFW to initiate the first phase of the project acquiring 297 acres at the foot of Mount St. Helens that also included Merrill Lake's northern shoreline.

In late 2016, RMEF and WDFW completed another phase that came short of acquiring the entire property. With time running short due to a purchase deadline, RMEF stepped up to acquire the additional acreage saving it from the potential of development.

"This is a critically important project because of the diversity of habitat and the species that benefit from it," said Blake Henning, RMEF chief conservation officer. "It includes both old growth tree stands and early seral forest growth that provide winter range and year-round habitat for elk. It also benefits black-tailed deer, black bears, cougars, salmon and steelhead."

Letter to the Editor

Medicaid Expansion, HB 658

There are few things as important as making sure children receive the health care services they need to thrive and grow up in our state. It is also critical our children's parents and caregivers thrive and access healthcare services on a regular and consistent basis. Healthy parents with stable jobs are better able to raise healthy children.

As the former director of the Healthy Montana Kids (HMK) and CHIP Programs in our state, I know how important it is for children to receive routine well-child checkups, complete immunization vaccinations, and receive childhood screenings for chronic diseases. Prior to Montana's Medicaid expansion, healthcare access was too often out of reach for parents and other adults not offered health coverage through employment.

Today, those covered by Medicaid expansion access preventive and routine healthcare, e.g. flu shots, regular physician visits, cancer and high-blood pressure screenings, etc. Adult medical coverage, coupled with preventive healthcare, not only makes good sense it makes good financial sense. When healthcare needs are resolved early, high cost emergency room services aren't needed. Preventive services allow parents and families to maintain stable lives, jobs, and income. This stability is crucial for children to grow into healthy, productive adults.

Let's make sure Montanans get needed individual health care so they're able to get a job, and keep a job unencumbered by chronic health concerns. Let's make sure thousands of workers, e.g. waitresses, motel clerks, ranch hands, hotel workers, nurses' aides, custodians, and seasonal workers, get valuable basic health care. Let's make sure these Montanans have the opportunity to better their lives, support their families, and contribute to our economy.

In Beaverhead County, 60 % of our businesses employ at least one person enrolled in Medicaid expansion. Workers with health care coverage are more likely to work consistently and stay on the job longer. That's good business and makes good sense. Let's make sure we continue to support small businesses' success.

HB 658 is a practical and pragmatic bill to continue Medicaid expansion in Montana. The bill passed the state House of Representatives and now needs the Senate's support. HB 658 is a bi-partisan compromise to protect people's health care. If it fails, Montana's Medicaid expansion ends June 30, 2019. That doesn't make good sense since healthcare coverage is an important link supporting stable Montana families.

Please ask your state Senators to support good financial decisions, healthy families, and a strong workforce for our state. Urge them to vote "YES" on HB 658. It just makes good sense.

Katherine Buckley-Patton

Dog Poop Dangers

Dog poop smells bad and no one likes stepping in it, but it is more than an Inconvenience, it is a legitimate danger, and its dangers come in several forms.

- It poisons grass and lawns.
- It carries hookworms, ringworms, tapeworms, and more.
- It transmits human diseases, too!
- It pollutes waterways and is in the same EPA category as oil and mine runoff

Please Pick Up After Yourself

The next time you take your dog to the park or on a walk, please take the time to clean up. Even if your dog only poops in your yard, letting it remain unattended is an invitation for illness and endangers others in your community. We know it isn't fun or glamorous, but picking up dog poop is a necessary part of dog ownership. Just like getting your furry friend an annual rabies shot is an important preventative health measure, picking up his poop is an easy way to prevent disease and keep your community's waterways healthy.

Picking up your pet's waste and disposing of it is required by City of Dillon Ordinance 6.04.240. Owners who violate this ordinance shall be deemed guilty of a misdemeanor. The maximum fine cannot exceed two hundred fifty dollars ($250.00).

Please be courteous to our community members by cleaning up after your pets.

If your dog poops ... pick it up!

Bible Truth...Jesus Christ died, was buried, and arose from the Grave

[Statement of belief: the Bible only is the source of truth and all beliefs in conflict with the Bible are false.]

The resurrection of Jesus Christ is the reason we can believe in the Bible and in the God of the Bible. True Christianity is the only religion that has a proven, resurrected Savior.

Jesus told the Jews to "Destroy this temple, and in three days I will raise it up," in John 2:19, stating in John 2:21 that "...He spoke of the temple of His body."

On the night He was betrayed Jesus said to His disciples in Matthew 26:31-32, "It is written, I will smite the shepherd, and the sheep of the flock shall be scattered abroad. But after I am *risen again*, I will go before them into Galilee." Matthews record in 28:16-17 states, "Then the eleven disciples went away to Galilee, into a mountain, where Jesus had appointed them. And when they saw him, they worshipped him: but some doubted."

The Biblical record reveals that Christ was seen by hundreds after He arose. Historical accounts of the resurrection are given in Matthew 28:7-10; Mark 16:1-14; Luke 24:13-52; John 20:1-29; Acts 1:4-9; 1 Corinthians 15:3-8.

The theme of the great Apostle Peter's message in Acts 2 was the resurrection of the crucified Christ. He states in Acts 2:32, "This same Jesus has God raised up, whereof we are all witnesses." Acts 2:36 that "...God has made that same Jesus, whom you crucified, both Lord and Christ."

The primary message of the apostles was of the resurrection of the Lord Jesus Christ. Acts 4:33 states, "And with great power the apostles gave witness *of the resurrection of the Lord Jesus*: and great grace was upon them all."

Jesus instituted baptism as an ongoing testimony of His resurrection. Romans 6:4 states, "...we are *buried* with him by baptism into death: that *like as Christ was raised up from the dead by the glory of the Father*, even so we also should walk in newness of life." It's important to understand that since baptism is likened to the death, burial & resurrection it must be administered by immersion in order to be a valid witness of those events.

The **Certified Medical Assistant** performs a variety of administrative and clinical tasks under the direction of the Clinic leadership and medical provider. The Certified Medical Assistant works in tandem with the Clinic team for management of patient flow; assisting physicians with assigned procedures and taking, screening and initiating necessary telephone calls to patients. The Certified Medical Assistant is responsible for maintaining exam rooms, supplies and instruments necessary for use by physicians and ensuring cleanliness, sterility and equipment availability. The Certified Medical Assistant administers medications and injections, as ordered by physician. The Certified Medical Assistant performs all clerical duties required for maintaining complete and accurate electronic medical records. Successful candidates will have a passion for customer service excellence, team work and enjoy working with the public.

Minimum Qualifications: High School Diploma, GED or equivalent required. Graduate from an accredited Medical Assistant program and Certification in Medical Assisting required. Three to five years related healthcare experience and/or training, or equivalent combination of education and experience may be considered. Basic Life Support (BLS) required.

This position is Full Time and is eligible for the full benefit package.

To apply, please go to www.barretthospital.org and complete an online application. For more information, please email careers@barretthospital.org. Barrett Hospital & HealthCare is proud to be an Equal Opportunity Employer.
